This erudite book presents the evidence for an early document extending from 1 Sam 1 1 to 2 Kgs 10 28 and deriving from northern prophetic circles toward the end of the ninth century B C and identifies the text of this document without appeal to emendation or dislocation of the present OT text This book also considers its significance and some of the consequences which derive from it

**I & II Kings (2007)** Marvin A. Joshua to Chronicles Antony F. Campbell,2004-01-01 Joshua to Chroniclessurveys the rich literature of the Old Testament books Joshua Judges Ruth I and II Samuel I and II Kings and I and II Chronicles Campbell argues that while these books may appear historical they are more theological better understood as Israel s efforts to interpret their people s experience The book is helpfully structured with overview and review sections

**The Transjordanian Palimpsest** Jeremy M. Hutton,2009-06-02 This study analyzes several passages in the Former Prophets 2 Sam 19 12 44 2 Kgs 2 1 18 Judg 8 4 28 from a literary perspective and argues that the text presents Transjordan as liminal in Israel s history a place from which Israel s leaders return with inaugurated or renewed authority It then traces the redactional development of Samuel Kings that led to this literary symbolism and proposes a hypothesis of continual updating and combination of texts beginning early in Israel s monarchy and continuing until the final formation of the Deuteronomistic History Several source documents may be isolated including three narratives of Saul s rise two distinct histories of David s rise and a court history that was subsequently revised with pro Solomonic additions These texts had been combined already in a Prophetic Record during the 9th c B C E with A F Campbell which was received as an integrated unit by the Deuteronomistic Historian The symbolic geography of the Jordan River and Transjordan which even extends into the New Testament was therefore not the product of a deliberate theological formulation but rather the accidental by product of the contingency of textual redaction that had as its main goal the historical presentation of Israel s life in the land

**From Nomadism to Monarchy?** Ido Koch,Oded Lipschits,Omer Sergi,2023-11-07 Archaeological exploration in the Central Highlands of the Southern Levant

conducted during the 1970s and 1980s dramatically transformed the scholarly understanding of the early Iron Age and led to the publication of *From Nomadism to Monarchy Archaeological and Historical Aspects of Early Israel* by Israel Finkelstein and Nadav Na'aman. This volume explores and reassesses the legacy of that foundational text. Using current theoretical frameworks and taking into account new excavation data and methodologies from the natural sciences, the seventeen essays in this volume examine the archaeology of the Southern Levant during the early Iron Age and the ways in which the period may be reflected in biblical accounts. The variety of methodologies employed and the historical narratives presented within these contributions illuminate the multifaceted nature of contemporary research on this formative period. Building upon Finkelstein and Na'aman's seminal study, this work provides an essential update. It will be welcomed by ancient historians, scholars of early Israel and the early Iron Age Southern Levant, and biblical scholars. In addition to the editors, the contributors to this volume are Eran Arie Erez, Ben Yosef Cynthia Edenburg, Israel Finkelstein, Yuval Gadot, Assaf Kleiman, Gunnar Lehmann, Defna Langgut, Aren M. Maeir, Nadav Na'aman, Thomas Römer, Lidar Sapir, Hen Katja Soennecken, Dieter Vieweger, Ido Wachtel, and Naama Yahalom Mack. Reconsidering Israel and Judah, Gary N. Knoppers, J. Gordon

McConville, 2000. **Resurrection in Mark's Literary-Historical Perspective**, Paul Fullmer, 2007-06-19. Through a careful reading of several ancient texts such as Chariton's *Callirhoe*, Fullmer identifies an ancient storytelling convention with roots in the Homeric tradition in which narratives of death and revival accentuate significant points in a story. In Mark's Gospel, resurrection narratives accentuate the power of Jesus' ministry (Mark 5:21-43) as well as the ironic disloyalty of Jesus' disciples as their failure is first assured (Mark 9:14-29) and later realized (Mark 16:1-18). The reader of this study will come to appreciate how the irony of the Gospel, a literary feature that is prominent in novelistic literature, is furthered by a novelistic application of the resurrection theme. These observations affirm an identification of the genre of the Gospel as novelistic literature. The study also examines themes of death and revival in texts of the Hebrew Bible, revealing a recurrent constellation of motifs. In these texts, Fullmer convincingly traces a prophetic resurrection topos with characteristics that are compared to an Epic resurrection topos identified in the Homeric tradition. He then demonstrates how the two topos merge in later novelistic texts of Hellenistic Judaism, such as the Gospel of Mark, witnessing to a widespread amalgamation of cultures that characterizes the Hellenistic period. This study supports a growing appreciation of the ethnic hybridity of the context that produced Mark's Gospel, contributing to the work of scholars who question an often overdrawn dichotomy between Jewish and Greek culture in the Hellenistic period. Moreover, the significant influence of epic non-biblical traditions upon the Gospel becomes manifest without an assertion of direct dependence upon Homeric epic. Overall, the study provides a model for the examination of specific themes of the Gospel in light of related ancient literature, which enhances modern understanding and appreciation of Mark's story. **Israel Constructs its History**, Albert de Pury, Jean-Daniel Macchi, Thomas Römer, 2000-11-01. The thesis that the books of Deuteronomy to 2 Kings have undergone a redaction that made them into a Deuteronomistic History has

become since Martin Noth 1943 a widely accepted idea in Old Testament scholarship But there is no consensus when this history was edited under Josiah 622 BCE during the exile c 560 BCE or even later And what was the intention of its redactors Can we rely on the so called Deuteronomistic History for the reconstruction of Israelite history Or should we give up the thesis of a Deuteronomic redaction of the Former Prophets This volume explores these and many other questions about this key topic in Old Testament scholarship It results from a research seminar organized by the Swiss universities of Fribourg Geneva Neuchâtel and Lausanne It contains contributions by the following scholars R Albertz J Briand M Detienne W Dietrich J J Glassner S Japhet E A Knauf A D H Mayes S L McKenzie S Pisano M Rose A Schenker F Smyth A de Pury and T Rimer Articles in French were translated by J Edward Crowley

**God and Gods in the Deuteronomistic History** Corrine Carvalho, John McLaughlin, 2024-10-31 Like other constructs in biblical studies the Deuteronomistic History has come under scrutiny in the 21st century The books beginning with Joshua and concluding with 2 Kings were thought to be at their core a unified explication of Israel's demise in Deuteronomistic terms of sin and its consequences Current scholarship views these books as more disparate and influenced by a number of different texts not limited to Deuteronomy God and Gods in Deuteronomistic History exemplifies the latest research on these Hebrew Scriptures Each study focuses on the question of how God is disclosed in Israel's history Contributors look at the topic in a single book to bring forth the richness and variety of the Deity's descriptions The results show an array of understandings about the divine figure Yhwh whose titles also include El El the Living and Yhwh God in heaven to name but a few A strength of this volume is the meticulous analysis of Mesopotamian and West Semitic sources expressed both textually and in material culture The biblical writers adopted and adapted these ancient Near Eastern sources to create various pictures of God in the Deuteronomistic History at times mirroring the deities of the so called idolatrous religions This book brings forth portrayals of Israel's God as well as other regional deities in their continuity and complexity across the Deuteronomistic History

**The Story Within a Story in Biblical Hebrew Narrative** David A. Bosworth, 2023-09-28 This book is a revision of a dissertation that studies three texts Genesis 38 1 Samuel 25 and 1 Kings 13 11 32 Kings 12 15 20 in which the author finds examples of the literary device *mise en abyme* placement of the abyss

The Biblical Saga of King David John Van Seters, 2009-06-30 The biblical story of King David has been interpreted in many different ways arising from the variety of methods used in and the intended objectives of the studies Does the narrative contain insight into and information about the early history of the Judean monarchy or is it merely a legendary tale about a distant past Can we identify the story's literary genre its sociohistorical setting and the intention of its author's Is an appreciation for the wonderful literary qualities of the story compatible with a literary critical investigation of the narrative's compositional and text critical history Van Seters reviews past scholarship on the David story and in the course of doing so unravels the history of these questions and then presents an extended appraisal of the debate about the social and historical context of the biblical story From this critical foundation Van Seters proceeds to offering a

detailed literary analysis of the story of David from his rise to power under Saul to his ultimate succession by Solomon

**The Reconstructed Chronology of the Divided Kingdom** M. Christine Tetley, 2005 The common response to any attempt to read the chronological notations associated with the kings of Israel and Judah in the time of the divided monarchy is perhaps a shrug of the shoulders or a statement to the effect that the problem is insoluble Not only are the apparently contradictory or confusing notations of the MT a consideration but the evidence of the other major versions seriously complicates any such undertaking In the twentieth century Edwin R Thiele attempted to reconcile and wrangle all of the numbers into a semblance of order with results that were far from convincing to his readers Now Christine Tetley has attacked this knottiest of problems with fresh vigor and assayed a new solution There is no doubt that this book will be controversial nevertheless it will be required reading for anyone who wishes to pin archaeological and historical data within the framework of an absolute chronology

**Away from the Father's House** Carolyn S. Leeb, 2000-02-01 Building on the biblical narrative and on social world analysis Leeb argues that the terms NA AR and NA ARAH refer to persons displaced from the father's house BET AB usually as a result of debt slavery Hence rather than working his father's land and becoming in turn the head of his own household the NA AR as a domestic or military servant helps build the household of another Less frequently the weakness or absence of the father leads to the same or a similar predicament Any woman venturing from her own household is also likely to acquire the status of a NA ARAH This is a novel and challenging study in ancient Israelite social structure

*The Authors*

*of the Deuteronomistic History* Brian Neil Peterson, 2014-09-01 Peterson engages the identities and provenances of the authors of the various editions of the Deuteronomistic History Peterson asks where we might locate a figure with both motive and opportunity to draw up a proto narrative including elements of Joshua Judges Samuel and the first part of 1 Kings Peterson identifies a particular candidate in the time of David qualified to write the first edition He then identifies the particular circle of custodians of the Deuteronomistic narrative and supplies successive redactions down to the time of Jeremiah

**For Us, but Not to Us** Adam E. Miglio, Caryn A. Reeder, Joshua T. Walton, Kenneth C. Way, 2020-10-02 John H Walton is a significant voice in Old Testament studies who has influenced many scholars in this field as well as others This volume is an acknowledgment from his students of Walton's role as a teacher scholar and mentor Each essay is offered by scholars and former students working in a range of fields from Old and New Testament studies to archaeology and theology They are offered as a testimony and tribute to Walton's prolific career

**The Reform of King Josiah and the Composition of the Deuteronomistic History** Eynikel, 2021-11-15 The Reform of King Josiah and the Composition of the Deuteronomistic History defends the thesis that 1 and 2 Kings arose in three redactional phases The first author described the history of Judah and Israel from Solomon to Hezekiah 1 Kgs 3 2 Kgs 20 A second redactor inspired by Deuteronomy completed the history up to King Josiah and altered the work of his predecessor The work of these two redactors was limited to Kings A third redactor also inspired by Deuteronomy completed the history up to the exile Unlike the preceding authors he reworked the whole of the deuteronomistic history The first part of this study subjects the regnal formulae to a critical analysis The second part studies 2 Kgs 23 1 30 as a text case in detecting the redactional structure of Kings
