## **Of Two Minds Ecstasy And Inspired Interpretation In The New Testament World:**

*Of Two Minds* John R. Levison, 1999 How does the spirit work through prophets Early Jewish writers were themselves of two minds on this question Levison shows that not only are both of these concepts biblically based they are but two expressions of a biblical concept of a spirit which is unbounded by nature or geography and which has no limits on the way it can work

*The Blackwell Companion to The New Testament* David E. Aune, 2010-01-22 The Blackwell Companion to the New Testament is a detailed introduction to the New Testament written by more than 40 scholars from a variety of Christian denominations Treats the 27 books and letters of the New Testament systematically beginning with a review of current issues and concluding with an annotated bibliography Considers the historical social and cultural contexts in which the New Testament was produced exploring relevant linguistic and textual issues An international contributor list of over 40 scholars represent wide field expertise and a variety of Christian denominations Distinctive features include a unified treatment of Luke through Acts articles on the canonical Gospels and a discussion of the apocryphal New Testament

**Philo of Alexandria** D.T. Runia, 2011-10-28 This volume prepared with the collaboration of the International Philo Bibliography Project is the third in a series of annotated bibliographies on the Jewish exegete and philosopher Philo of Alexandria It contains a listing of all scholarly writings on Philo for the period 1997 to 2006

**The Christ Is Jesus** Pamela E. Kinlaw, 2005 This book examines the divine human union of Jesus Christ in the Gospel and the Epistles of John in light of ancient Mediterranean models of how gods were believed to appear on earth The book argues that the possession model provides the basis for the Johannine contribution to incarnation

Acute Religious Experiences Richard Saville-Smith, 2023-02-09 This book engages the problem of how in the 21st century we are to speak about experiences of the extraordinary anomalous extreme which occur on a transhistorical and transcultural basis Critical re readings of seminal texts show how 20th century theoreticians in the humanities sought to erase madness from their irrational subjects This propensity to sanitize madness in the study of religions was mirrored by the instinct of psychiatrists to degrade religious experiences by reducing mad consciousness to psychosis or dissociation Richard Saville Smith introduces explanatory pluralism as a way of recognizing these disciplinary biases and mad studies as a way of negotiating this understanding The disproportionate significance of madness in shaping the fabric of the human story can then be recovered from both erasure and dismissal to be given the recognition previously denied as acute religious experiences

*Acute Religious Experiences* divides into three sections beginning with re readings of William James's pathological programme Rudolf Otto's numinous T K Oesterreich's possession Mircea Eliade's shamanism Walter Stace's mysticism Walter Pahnke's psychedelic experience and Abraham Maslow's peak experiences These ideas are shown to constitute the beginnings of a fractured discourse on the irrational In part two contemporary psychiatry's Diagnostic and Statistical Manual DSM and Foucault's *History of Madness* are re read to reposition madness as not necessarily pathological This opens the way for the identification of acute religious

experiences as a new holistic and post colonial approach through which religious data can be organized and addressed on a comparative basis In part three The Gospel of Mark is re read as a case study to demonstrate the novel insights which flow from the identification of acute religious experiences Richard Saville Smith draws on his own experiences of madness and his PhD from the School of Divinity at The University of Edinburgh to elucidate his research *Experiencing the Shepherd of Hermas* Angela Kim Harkins, Harry O. Maier, 2022-06-06 The Shepherd of Hermas is one of the oldest and most well attested Christian works Its popularity arguably exceeded that of the canonical Gospels Many early Christian thinkers regarded the Shepherd as authoritative and cited it in their own writings even though its status as Scripture was controversial The far reaching influence of the Shepherd during the first few centuries is attested in part by the many languages in which it was copied Latin Ethiopic Coptic Middle Persian and Georgian The early dating and wide dissemination of the Shepherd of Hermas offers us access to a period when canonical boundaries were elastic This volume treats religious experience in the Shepherd a topic that has received little scholarly attention It complements a growing body of literature that explores the text from social historical perspectives Leading scholars approach it from a variety of interdisciplinary perspectives including critical literary theory anthropology cognitive science affect theory gender studies intersectionality and text reception In doing so they pose fresh questions to one of the most widely read texts in the early church offering new insights to scholars and students alike *The Eerdmans Dictionary of Early Judaism* John J. Collins, Daniel C. Harlow, 2010-11-11 The Dictionary of Early Judaism is the first reference work devoted exclusively to Second Temple Judaism fourth century b c e through second century c e The first section of this substantive and incredible work contains thirteen major essays that attempt to synthesize major aspects of Judaism in the period between Alexander and Hadrian The second and significantly longer section offers 520 entries arranged alphabetically Many of these entries have cross references and all have select bibliographies Equal attention is given to literary and nonliterary i e archaeological and epigraphic evidence and New Testament writings are included as evidence for Judaism in the first century c e Several entries also give pertinent information on the Hebrew Bible The Dictionary of Early Judaism is intended to not only meet the needs of scholars and students at which it succeeds admirably but also to provide accessible information for the general reader It is ecumenical and international in character bringing together nearly 270 authors from as many as twenty countries and including Jews Christians and scholars of no religious affiliation **Prayer as Divine Experience in 4 Ezra and John's Apocalypse** David Seal, 2017-06-13 Do humans have a special capacity designed to foster experiences of God What role do specific bodily actions or emotions play in the cultivation of a divine experience Prayer as Divine Experience in 4 Ezra and John's Apocalypse Emotion Empathy and Engagement with God explores these questions in a systematic study of the emotions in two apocalyptic texts The book of 4 Ezra an ancient Jewish apocalypse and the book of Revelation an ancient Christian Apocalypse written by John are examined with a focus on the emotional language of the prayers and prayer preludes

contained in this literature Both texts were composed in the first century of the Common Era a time when most people exposed to literature heard the content as it was recited The emotive language in these writings could potentially arouse similar emotions in the readers or hearers of these texts allowing the person to have access to the divine experiences which are described by the seer in 4 Ezra and are expressed by the angelic choir in John s Apocalypse Prior to examining the prayers Prayer as Divine Experience will describe the neurological processes that cause a person to mirror the emotions expressed by another individual thereby prompting an imitation of the experience that is perceived

**The Spirit and the 'Other'** Aaron Kuecker,2011-09-08 In this title Kuecker uses social identity theory to examine the interface between the Holy Spirit and ethnicity in Luke Acts Kuecker uses an artillery of social identity theory to demonstrate that in Luke s narrative the Spirit is the central figure in the formation of a new social identity In his argumenation Kuecker provides extended exegetical treatments of Luke 1 4 and Acts 1 15 He shows that Luke 1 4 establishes a foundation for Luke s understanding of the relationship between human identity the Spirit and the other especially as it relates to the distribution of in group benefits beyond group boundaries With regard to Acts 1 15 Kuecker shows that the Spirit acts whenever human identity is in question in order to transform communities and individuals via the formation of a new social identity Kuecker argues that Luke depicts this Spirit formed social identity as a different way of being human in community relative to the normative identity processes of other groups in his narrative This transformed identity produces profound expressions of interethnic reconciliation in Luke Acts expressed through reformed economic practice impressive intergroup hospitality and a reoriented use of ethnic language Formerly the Journal for the Study of the New Testament Supplement this is a book series that explores the many aspects of New Testament study including historical perspectives social scientific and literary theory and theological cultural and contextual approaches The Early Christianity in Context series a part of JSNTS examines the birth and development of early Christianity up to the end of the third century CE The series places Christianity in its social cultural political and economic context European Seminar on Christian Origins and Journal for the Study of the Historical Jesus Supplement are also part of JSNTS

*Discovering Revelation* David A. deSilva,2021-04-29 The book of Revelation has been received over the past several centuries with both fascination and aversion but one thing is certain it has profoundly shaped Christian history and culture And the way it has shaped history and culture has been determined in large part by how the book has been variously and sometimes irresponsibly interpreted David A deSilva addresses the interpretation and reception history of Revelation in this compact up to date and student friendly introduction to the book of Revelation focusing on its structure content theological concerns key interpretive debates and historical reception *Discovering Revelation* draws on a range of methodological approaches author text and reader centered as complementary rather than mutually exclusive ways of interpreting the text DeSilva pays special attention to defining features of Revelation such as its use of sequences of seven as a major structuring device its nonlinear plotline and its deployment of contrast and parody As deSilva writes A text as rich

and multidimensional as Revelation calls for its readers to adopt a rich and multidimensional approach that draws upon a variety of interpretative angles and skills
