Whitney, 2018-04-05 Reproduction of the original Gospel Themes by Elder Orson F Whitney **The Holy Scriptures** , 1903 **The Pearl of Greatest Price** Terryl Givens, Brian Hauglid, 2019-09-04 The Pearl of Greatest Price narrates the history of Mormonism s fourth volume of scripture canonized in 1880 The authors track its predecessors describe its several components and assess their theological significance within the Church of Jesus Christ of Latter day Saints Four principal sections are discussed along with attendant controversies associated with each The Book of Moses purports to be a Mosaic narrative missing from the biblical version of Genesis Too little treated in the scholarship on Mormonism these chapters produced only months after the Book of Mormon was published actually contain the theological nucleus of Latter day Saint doctrines as well as a virtual template for the Restoration Joseph Smith was to effect In The Pearl of Greatest Price the author covers three principal parts that are the focus of many of the controversies engulfing Mormonism today These parts are The Book of Abraham The Book of Moses and The Joseph Smith History Most controversial of all is the Book of Abraham a production that arose out of a group of papyri Smith acquired along with four mummies in 1835 Most of the papyri disappeared in the great Chicago Fire but surviving fragments have been identified as Egyptian funerary documents This has created one of the most serious challenges to Smith s prophetic claims the LDS church has faced LDS scholars however have developed several frameworks for vindicating the inspiration of the resulting narrative and Smith s calling as a prophet The author attempts to make sense of Smith s several at times divergent accounts of his First Vision one of which is canonized as scripture He also assesses the creedal nature of

Smith's Articles of Faith in the context of his professed anti-creedalism. In sum, this study chronicles the volume's historical legacy and theological indispensability to the Latter-day Saint tradition as well as the reasons for its resilience and future prospects in the face of daunting challenges.

Gospel Themes: A Treatise on Salient Features of "Mormonism" Orson F. Whitney, 2021-05-19

In *Gospel Themes: A Treatise on Salient Features of Mormonism*, Orson F. Whitney presents a profound exploration of the core tenets of Latter-day Saint theology. Through a combination of eloquent prose and incisive reasoning, Whitney deftly examines themes such as the nature of God, the role of Jesus Christ, and the enduring significance of revelation. Written in the early 20th century, the work reflects the intersection of the religious fervor of the time and the intellectual currents of the period, engaging with contemporary societal and theological issues while remaining firmly rooted in Mormon doctrine.

Orson F. Whitney, a significant figure in early Mormon intellectualism, served in various capacities within the church, including as an apostle and a historian. His deep personal faith and scholarly pursuits drove him to articulate the principles of his religion in a manner accessible to both believers and seekers alike. Whitney's background, marked by a commitment to education and dialogue, informed his approach to discussing the fundamental aspects of Mormonism, making them relevant to both his contemporaries and future generations.

This book is highly recommended for anyone wishing to gain a deeper understanding of the unique doctrinal positions of the Latter-day Saints. Whitney's ability to articulate complex ideas in an engaging manner invites readers, whether scholars, students, or casual readers, to explore the rich tapestry of Mormon beliefs and their implications for broader theological discussions.

The Young Woman's Journal, 1918 **Dialogue**, 1979

A journal of Mormon thought **The Complete Restoration Edition Scriptures: Volumes 1-3**, 2019-10-01

This eBook contains the complete Restoration Edition Scriptures: Volume 1, The Old Covenants, comprised of Joseph Smith's Translation of The Old Testament; Volume 2, The New Covenants, comprised of Joseph Smith's Translation of The New Testament and the Book of Mormon; Volume 3, Teachings and Commandments, and A Glossary of Gospel Terms.

As one of his most important works, Joseph Smith Jr. spent years making inspired clarifications to the Bible text. Here, for the first time, every known emendation that he wrote or taught has been assembled into the most complete version of Joseph Smith's New Translation of the Bible.

In October 1831, Joseph Smith said: "except the church receive the fullness of the scriptures that they would yet fall." From that time until his death in 1844, Joseph Smith worked diligently to prepare an edition of the Bible that could be received by the church. However, he was murdered before completing the work, and with the scattering of his notes following his death, it was never published in its entirety until now.

The Book of Mormon is a sacred text to millions worldwide. Joseph Smith was led to the buried records in 1823. Thereafter, he sought and received the ability to translate the records by the gift and power of God. He published the resulting work as the Book of Mormon in 1830. Since then, many churches have claimed the book as scripture, but it is not the property of any particular church or denomination. Rather, it is a gift to the world, inviting all to come unto Christ and teaching the path back to His presence.

This Restoration Edition of the Book of Mormon is

the most accurate version ever printed and is remarkable among Christian books both for what it is and what it is not Like the Bible it makes the case for Christ as the long awaited Messiah Savior and Redeemer of the world Unlike other scripture that descended through thousands of years of scribal copying alterations and error the Book of Mormon was translated only once directly from the original written manuscripts recorded between 600 BC and 400 AD Teachings and Commandments boldly declares that the heavens are open again and that the prophesied days of revelation and warning are already upon us This volume contains the most true and accurate compilation of the history and revelations of Joseph Smith the first modern American prophet Each of the revelations has been diligently compared with the originals in an effort to retain only the authentic text of each and to discard all changes subsequently made by others The volume also includes Lectures on Faith which was originally published in 1835 as the first part of Doctrine and Covenants and teaches more about the character attributes and perfections of God than any other modern work and the Book of Abraham as originally restored by revelation to Joseph Smith This volume also contains the revelations of Denver Snuffer another witness of the resurrected Lord who has walked and talked with Him and the Testimony of St John as restored by revelation Taken together the various works included in Teachings and Commandments speak to us through hundreds of revelations containing thousands of words from God all pertaining to us in our day and time A Glossary of Gospel Terms provides inspired and thought provoking insights into many of the most interesting terms and puzzling concepts found in scripture A wealth of information this intriguing book should be the companion of everyone searching for a deeper understanding of the things of God Covering hundreds of scriptural topics A Glossary of Gospel Terms adds depth to seemingly well understood topics and provides new and delicious insights into those areas of spirituality that have been shrouded in mystery until now Its objective is to uncover truth and inspire readers to pursue a relationship with Christ
