Off Santiago With Sampson:

Off Santiago with Sampson James Otis, 2013 Off Santiago with Sampson The boy gazed into the uninviting looking place as if fascinated only glancing up now and then at the signs which mutely forbade his entrance and as if unconscious of his movements stole slowly nearer and nearer the gateway until he stood directly on the line that separated the yard from the sidewalk If I wanted to go in it s more n a couple of signs that could keep me out he muttered threateningly and then with one backward glance to assure himself that no unfriendly policeman was watching from the distance the boy darted forward taking refuge behind the nearest heap of coal lest an enemy should be lurking near at hand Save for the hum of labour everywhere around he heard nothing No guardian of the smutty premises appeared to forbid his entrance and after waiting a full minute to make certain it was safe to advance yet farther he left one place of partial concealment for the next in his proposed line of march So far as he could see there was no other guardian of the yard save the two signs at the entrance and the only purpose they served was to challenge him Grown bolder as the moments passed without bringing to light an enemy the lad advanced more rapidly until he stood partially concealed by one of the pens where it was possible to have a full view of all that was being done in this place to which the public were not supposed to be admitted If the intruder had braved the unknown dangers of the yard simply in order to gratify his curiosity then had he paid a higher price than the view warranted The building which from the street appeared to mark the end of the enclosure was a structure wherein puffing engines grimy men long lengths of moving chains and enormous iron cars or boxes were sheltered from the sun or rain In front of it a wooden wall extended down into the water a pier perhaps it might be called and at this pier held fast by hemp and iron cables lay a gigantic steamer built of iron The intruder gave no heed to the busy men and machinery within the building The vessel so powerful but lying there apparently helpless enchained his attention until he had made mental note of every spar or Off Santiago with Sampson James Otis, 2021-08-25 Off santiago with sampson boat or cable within his range of vision Off Santiago With Sampson (Classic Reprint) James Otis, 2015-08-04 Excerpt from Off Santiago With From James Otis Sampson It was a small but by no means feeble looking boy who stood in front of a driveway disclosed by the opening of huge gates which until they had swung inward appeared to have been a portion of the high fence of boards There was seemingly no inducement for a boy to linger in this vicinity unless indeed it might have been the sign posted either side the gate on which was painted in letters rendered conspicuous because of the vivid colouring the forbidding words Keep Out I ll not keep out less I m minded to an him as can hold me this side the fence needs to be spry on his feet the small boy said half to himself and with a gesture of defiance which told he had not been accustomed to obeying commands that might be evaded About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www forgottenbooks com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an
