Beware the Evil Eye Volume 2 John H. Elliott, 2016-01-22. In the present volume Elliott addresses the most extensive sources of Evil Eye belief in antiquity: the cultures of Greece and Rome. In this period features of the belief found in Mesopotamian and Egyptian sources are expanded to the point where an Evil Eye belief complex becomes apparent. This complex of features associated with the Evil Eye: human eye as key organ of information; eye as active not passive; eye as channel of emotion and dispositions; especially envy arising in the heart; possessors' victims' defensive strategies and amulets is essential to an understanding of the literary references to the Evil Eye. This volume, along with chapter 2 of volume 1, sets and illuminates the context for examining Evil Eye belief and practice in the Bible and the biblical communities. The focus of volume 3.

Concept and Form, Volume 2 Peter Hallward, Knox Peden, 2012-12-12. Edited by a small group of students including Alain Badiou, Jacques Alain Miller and François Regnault at the École normale supérieure in Paris, the *Cahiers pour l'Analyse* appeared in ten volumes between 1966 to 1969. The journal was conceived as a contribution to a philosophy based on the primacy of concepts and the rigor of logic and formalization as opposed to lived experience or the interpretation of meaning. The *Cahiers* published landmark texts by the most influential thinkers of the day, including Derrida, Foucault, Irigaray,

and Lacan and were soon recognized as one of the most significant and innovative philosophical projects of the time The two volumes of Concept and Form offer the first systematic presentation and assessment of the Cahiers legacy in any language The second volume is a collection of newly commissioned essays on the journal and substantial interviews with members of the editorial board
