Office Of The Dead:

The Office of the Dead Catholic Church, 1790 **The Responsories and Versicles of the Latin Office of the Dead** Knud Ottosen, 2008-01-25 It may seem astonishing to some that there is a need for reprinting a 14 year old dissertation but the fact is that the book is exactly as relevant to scholars today as it was in 1993 It still represents the world's largest database to compare the responsories of the Office of the Dead in more than 2 000 sources Since the order of these responsories differed from church to church this order can be used to localize medieval and Renaissance liturgical books The book is therefore an absolute necessity for everyone who conducts research on the area it covers Put differently the book reveals the geography of the concept of death in Europe from the 9th 16th centuries from a theological liturgical ecclesiastical musical and political perspective seen from one particular liturgical office *The Office of the Dead The Office for the Dead, from the Roman Breviary, Missal and Ritual* Catholic Church. Office for the Dead, 1860 *Prayers for the Dead, Including the Office of the Dead in English* Church of England, 1868 **Medieval Death** Paul Binski, 1996 In this richly illustrated volume Paul Binski provides an absorbing account of the social theological and cultural issues involved in death and dying in Europe from the end of the Roman Empire to the early sixteenth century He draws on textual archaeological and art historical sources to examine pagan and Christian attitudes toward the dead the aesthetics of death and the body burial ritual and mortuary practice Illustrated throughout with fascinating and sometimes disturbing images Binski's account weaves together close readings of a variety of medieval thinkers He discusses the impact of the Black Death on late medieval art and examines the development of the medieval tomb showing the changing attitudes toward the commemoration of the dead between late antiquity and the late Middle Ages In one chapter Binski analyzes macabre themes in art and literature including the Dance of Death which reflect the medieval obsession with notions of humility penitence and the dangers of bodily corruption In another he studies the progress of the soul after death through the powerful descriptions of Heaven Hell and Purgatory in Dante and other writers and through portrayals of the Last Judgment and the Apocalypse in sculpture and large scale painting *The Office for the Dead: According to the Roman Breviary, Missal and Ritual.
