Official Politically Incorrect Handbook:

The Official Politically Incorrect Handbook Mike Lepine, Mark Leigh, 1996 Sick to death of being told to save the world protect the ozone layer stop smoking start exercising care for the elderly use pooperscoopers reassess your materialistic values and insulate the loft Then this is the book for you the perfect antidote to the wave of political correctness that has swept the country

The Politically Incorrect Guide to Economics Thomas J. DiLorenzo, 2022-08-16 Another entry in the best selling irreverent hard hitting Politically Incorrect Guide series Economics from a rational conservative viewpoint that is a refreshing look at how money actually works from an author who knows the score and how the law of economics are frequently broken and derailed by pernicious leftists and virtue signalling progressives

Politically Incorrect Guide to Immigration John Zmirak, Al Perrotta, 2018-05-21 America's immigration crisis is out of control Unregulated immigration has led to an increase in crime a loss of working class jobs an inflated welfare state and an elevated amount of terror threats on our home territory The clash of differing emotions facts and opinions reveal that this issue is not simply a nationwide disagreement it is an American crisis In The Politically Incorrect Guide to Immigration authors John Zmirak and Al Perrotta debunk the Left's most deceptive myths on this complex policy issue and reveal the huge implications that lie ahead for our nation's future Zmirak and Perrotta set the record straight on the history of American immigration uncover the principles with which our forefathers migrated to America affirm the respect with which migrants should treat our country if they wish to live here and assert real solutions to the immigration crisis America faces The Politically Incorrect Guide to Immigration equips readers with real life statistics and information and is packed with targeted arguments to help convince even the staunchest advocates for open borders that America needs to build The Wall You may think you know all about immigration but in The Politically Incorrect Guide to Immigration you'll learn Building The Wall would cost less than half of what we spend to educate illegal immigrants every year Illegal immigration costs American taxpayers 116 billion a year 62% of naturalized immigrants are for the Democrats only 25% are for the Republicans Competition from immigrants costs American worker 450 billion a year The Founders wanted to admit only immigrants who would make a net contribution and assimilate Millions of nineteenth century immigrants who couldn't make it in America went back home The percent of foreign born in the United States today is the highest since World War I and this time we're not doing Americanization After Reagan's 1986 Amnesty the illegal population went from 3.2 million to 11 million Over 700,000 foreign visitors to the United States in 2016 overstayed their visas Eighty percent of Central American women and girls who enter the United States illegally are raped along the way Non citizens are only 9 percent of our population but 27 percent of federal prisoners One hundred forty seven million more people from around the world would like to move to the United States

Politically Incorrect Guide to the Constitution Kevin Gutzman, 2007-06-11 The Constitution of the United States created a representative republic marked by federalism and the separation of powers Yet numerous federal judges led by the Supreme Court have used the Constitution

as a blank check to substitute their own views on hot button issues such as abortion capital punishment and same sex marriage for perfectly constitutional laws enacted by We the People through our elected representatives Now The Politically Incorrect Guide to the Constitution shows that there is very little relationship between the Constitution as ratified by the thirteen original states more than two centuries ago and the constitutional law imposed upon us since then Instead of the system of state level decision makers and elected officials the Constitution was intended to create judges have given us a highly centralized system in which bureaucrats and appointed not elected officials make most of the important policies In The Politically Incorrect Guide to the Constitution Professor Kevin Gutzman explains how the Constitution Was understood by the founders who wrote it and the people who ratified it Follows the Supreme Court as it uses the fig leaf of the Constitution to cover its naked usurpation of the rights and powers the Constitution explicitly reserves to the states and to the people Slid from the Constitution s republican federal government with its very limited powers to an unrepugnant judgeocracy with limitless powers How the Fourteenth Amendment has been twisted to use the Bill of Rights as a check on state power instead of on federal power as originally intended The radical inconsistency between constitutional law and the rule of law Contends that the judges who receive the most attention in history books are celebrated for acting against the Constitution rather than for it As Professor Gutzman shows constitutional law is supposed to apply the Constitution s plain meaning to prevent judges presidents and congresses from overstepping their authority If we want to return to the founding fathers vision of the Republic if we want the Constitution enforced in the way it was explained to the people at the time of its ratification then we have to overcome the received wisdom about what constitutional law is The Politically Incorrect Guide to the Constitution is an important step in that direction

Politically Incorrect Guide to the Sixties Jonathan Leaf, 2009-08-11 Get ready to break on through to the other side as critically acclaimed playwright and journalist Jonathan Leaf reveals the politically incorrect truth about one of the most controversial decades in history the 1960s

Politically Incorrect Guide to Climate Change Marc Morano, 2018-02-26 Updated to include new section on the Green New Deal The climate scare ends with this book SEAN HANNITY This book arms every citizen with a comprehensive dossier on just how science economics and politics have been distorted and corrupted in the name of saving the planet MARK LEVIN Less freedom More regulation Higher costs Make no mistake those are the surefire consequences of the modern global warming campaign waged by political and cultural elites who have long ago abandoned fact based science for dramatic fear mongering in order to push increased central planning The Politically Incorrect Guide to Climate Change gives a voice backed by statistics real life stories and incontrovertible evidence to the millions of deplorable Americans skeptical

about the multibillion dollar climate change complex whose claims have time and time again been proven wrong

Politically Incorrect Guide to the Vietnam War Phillip Jennings,2010-02-02 The Vietnam War was a tragic and dismal failure at least that is what the mainstream media and history books would have you believe Yet Phillip Jennings sets the record straight in The Politically Incorrect Guide to the Vietnam War In this latest P I G Jennings shatters culturally accepted myths and busts politically incorrect lies that liberal pundits and leftist professors have been telling you for years The Vietnam War was the most important and successful campaign to defeat Communism Without the sacrifices made and the courage displayed by our military the world might be a different place The Politically Incorrect Guide to the Vietnam War reveals the truth about the battles players and policies of one of the most controversial wars in U S history

Politically Incorrect Guide to the Presidents Steven F. Hayward,2012-02-13 Larry Schweikart a retired history professor is ready to set the record straight on the American presidents He goes through each of the first 26 presidents from Washington to Taft and debunks myths lies and fake news made fact by the uninformed Discover why George Washington favored American isolationism James Madison supported states rights what Lincoln promised to Southerners about fugitive slaves and why nineteenth century presidents were the last to understand the true role of government So what made these presidents so much better than the ones America has now Schweikart argues that recent commanders in chief have welcomed crises to advance their own partisan agenda defied the separation of powers the Founders carefully constructed to preserve the Republic and given us every reason to doubt they take the country s interests to heart

The Politically Incorrect Guide to English And American Literature Elizabeth Kantor,2006-10-01 Citing declining coverage of classic English and American literature in today s schools a politically incorrect primer challenges popular misconceptions while introducing the works of such core masters as Shakespeare Faulkner and Austen in a volume that is complemented by a syllabus and a self study guide Original

The Politically Incorrect Guide to Socialism Kevin Williamson,2011-01-10 Argues that the same impulse for control that governed the Soviet Union is present in the American health care and educational systems and that socialism can never work because of human nature

Politically Incorrect Guide to Western Civilization Anthony Esolen,2008-05-27 Everything you should know but PC professors won t teach about Western heritage Western civilization is the envy of the globe It has given to the world universally accepted understandings of human rights rooted in Judeo Christian principles created standards for art music and literature that have never been equaled and originated political and social systems that have spread all across the planet Political correctness now obscures these and other truths about Western civilization Leftists and Islamic jihadists find common cause in assailing Western colonialism imperialism and racism as its defining characteristics Guilt ridden Western leaders and public figures speak of their cultural patrimony in disparaging terms they would never dare to use about a non Western culture And in universities multicultural minded professors flatter students into believing they have nothing really to learn from Sophocles or Shakespeare But now Professor Anthony Esolen one of the team

teachers of Providence College's esteemed Development of Western Civilization Core Curriculum has risen to the West's defense. The Politically Incorrect Guide™ to Western Civilization takes on the prevailing liberal assumptions that make Western civilization the universal whipping boy for today's global problems and introduces you to the significant events, individuals, nations, ideas, and artistic achievements that make Western civilization the greatest the world has ever known. Today, defending the West has become an urgent imperative if we don't value what we have and what we have inherited, we will surely lose it. The Politically Incorrect Guide™ to Western Civilization is an essential sourcebook for that defense.

Politically Incorrect Guide to the Founding Fathers Brion McClanahan, 2009-06-30 The truth revealed and PC myths shattered about the Founding Fathers. Tom Brokaw labeled the World War II generation the Greatest Generation, but he was wrong. That honor belongs to the Founders, the men who pledged their lives, fortunes, and sacred honor for the cause of liberty and independence and who established the United States. This was a generation without equal, and it deserves to be rescued from the politically correct textbooks, teachers, and professors who want to dismiss the Founders as a cadre of dead white, sexist, slave-holding males. Now a clear-sighted conservative historian, Dr. Brion McClanahan does just that. In *The Politically Incorrect Guide to the Founding Fathers*, he profiles Washington, Adams, Jefferson, Madison, Franklin, and other important Founders, traces the key issues of the day, and shows how they dealt with them, and in the process details the Founders' deep faith, commitment to the cause of independence, impeccable character, and visionary political ideals. Even better, *The Politically Incorrect Guide to the Founding Fathers* proves that the Founders had a better understanding of the problems we face today than do our own members of Congress. McClanahan shows that if you want real and relevant insights into the issues of banking, war, powers, executive authority, freedom of the press, freedom of speech, freedom of religion, states' rights, gun control, judicial activism, trade, and taxes, you'd be better served reading the Founders than you would be watching congressional debates on C-SPAN or reading the *New York Times*. *The Politically Incorrect Guide to the Founding Fathers* is a vital guide to restoring a sane, sober, Constitutional sense of responsibility to today's public debates. Politically Incorrect Guide to the Supreme Court John Yoo, Robert J. Delahunty, 2023-06-27 Justice in the Balance. Alexander Hamilton famously predicted that the judiciary would be the least dangerous branch of government. How's that working out? The Supreme Court stands as arbiter over a country increasingly unable to govern itself. Americans can't agree on the meaning of the Constitution or even the rule of law. Are the nine high priests enthroned in their marble temple the saviors of the Republic or the pallbearers of democracy? Are they defenders of the Constitution as written or super-legislators who make

law from the bench What did the Founders envision when they vested the judicial Power in one supreme Court John Yoo a professor of law at UC Berkeley and Robert J Delahunty a fellow at the Claremont Institute Center for the American Way of Life provide the answers with an incisive reading of the law and constitutional history The Politically Incorrect Guide to the Supreme Court explains The turbulent history of the court s early years and the eventual triumph of judicial supremacy The Bill of Rights how the Court has defined free speech freedom of religion and the right to bear arms The Court s notorious rulings and how they were overturned from Dred Scottto Roe v Wade Why court packing is a constant temptation for Democratic presidents The Supreme Court s best and worst justices and what qualities distinguished them The future of the Supreme Court Will it be the rubber stamp of corrupt administrations or the ultimate watchdog protecting our nation s liberties The Politically Incorrect Guide to the Supreme Court offers a penetrating and irreverent account of the justices ideologues and cowards geniuses and mediocrities all of them thoroughly human and a fascinating analysis of a Court that has swung like a pendulum from preserving the Republic to undermining government by the people and back to defending the Constitution Sprightly informative and powerfully argued this book is guaranteed to give the reader a deeper understanding of America s most powerful judicial body [Politically Incorrect Guide to the Presidents, Part 1](#) Larry Schweikart,2017-01-09 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country [Politically Incorrect Guide to the Civil War](#) H.
