Unwanted Warriors Nic Clarke, 2015-10-01 Unwanted Warriors uncovers the history of Canada's first casualties of the Great War men who tried to enlist but were deemed unfit for service by medical examiners Condemned as shirkers for not being in uniform rejected volunteers faced severe ostracism Nagging guilt coupled with self doubt about their social and physical worth led many of these men to divorce themselves from society or worse Nic Clarke draws on the service files of 3 400 rejected volunteers to examine the deleterious effects that socially constructed norms of health and fitness had on individual men and Canadian society He considers the mechanics of the military medical examination the psychical and

psychological characteristics that the authorities believed made a fighting man and how evaluations changed as the war dragged on He also brings to light the experiences of those who deliberately claimed disability to avoid service a minority within the large population of rejected volunteers who felt denigrated if not emasculated by their exclusion from duty

Manpower and the Armies of the British Empire in the Two World Wars Andrew L. Brown, Douglas E.

Delaney, Mark Frost, 2021-06-15 In the first and only examination of how the British Empire and Commonwealth sustained its soldiers before during and after both world wars a cast of leading military historians explores how the empire mobilized manpower to recruit workers care for veterans and transform factory workers and farmers into riflemen Raising armies is more than counting people putting them in uniform and assigning them to formations It demands efficient measures for recruitment registration and assignment It requires processes for transforming common people into soldiers and then producing officers staffs and commanders to lead them It necessitates balancing the needs of the armed services with industry and agriculture And often overlooked but illuminated incisively here raising armies relies on medical services for mending wounded soldiers and programs and pensions to look after them when demobilized Manpower and the Armies of the British Empire in the Two World Wars is a transnational look at how the empire did not always get these things right But through trial error analysis and introspection it levied the large armies needed to prosecute both wars Contributors Paul R Bartrop Charles Booth Jean Bou Daniel Byers Kent Fedorowich Jonathan Fennell Meghan Fitzpatrick Richard S Grayson Ian McGibbon Jessica Meyer Emma Newlands Kaushik Roy Roger Sarty Gary Sheffield Ian van der Waag Military Operations, France and Belgium, 1917 Sir James Edward Edmonds, 1940 **The Germans in Flanders, 1915-1916** David

Bilton, 2012-10-24 The book covers the actions of the German Army in the Low Countries during 1915 and 1916 In its broad compass it looks at the battles with the French Belgians and British concentrating mostly on the latter Both 1915 and 1916 were very active years for the Central Powers and the Allies After a quiet start with minor fighting April 1915 saw gas attacks against Hill 60 followed by 2nd Ypres and intermittent attacks throughout the remainder of the year There was also considerable naval and air activity through the year 1916 was arguably the most dramatic year of the War not least for the Allied Somme offensive This work which follows on from the authors German Army in Flanders 1914 in the same series includes notes on the divisions that fought there and a chronological order of events as they unfolded Where relevant material from the German home front is included Each phase and aspect of the period is detailed from the German point of view using primary and secondary sources from both Germany and Britain The illustrations provide a pictorial background in both a specific and general form highlighting life in the front line as well as rear areas and show how the War affected the towns and villages of the region Our Friend the Enemy David W. Cameron, 2014-10-01 Our Friend the Enemy is the first detailed history of the Gallipoli campaign at Anzac since Charles Bean's Official History Viewed from both sides of the wire and described in first hand accounts Australian Captain Herbert Layh recounted that as they approached the beach on 25

April that once we were behind cover the Turks turned their fire on us and gave us a lively 10 minutes A poor chap next to me was hit three times He begged me to shoot him but luckily for him a fourth bullet got him and put him out of his pain Later that day Sergeant Charles Saunders a New Zealand engineer described his first taste of battle The Turks were entrenched some 50 100 yards from the edge of the face of the gully and their machine guns swept the edges Line after line of our men went up some lines didn't take two paces over the crest when down they went to a man and on came another line Gunner Recep Trudal of the Turkish 27th Regiment wrote of the fierce Turkish counter attack on 19 May designed to push the Anzac's back into the sea It started at morning prayer call time and then it went on and on never stopped You know there was no break for eating or anything Attack was our command That was what the Pasha said Once he says Attack you attack and you either die or you survive **Journal of the United States Artillery**, 1932 **Lloyd George and the Generals** David R. Woodward, 2004-11-23 The frustrating stalemate on the western front with its unprecedented casualties provoked a furious debate in London between the civil and military authorities over the best way to defeat Germany The passions aroused continued to the present day The mercurial and dynamic David Lloyd George stood at the centre of this controversy throughout the war His intervention in military questions and determination to redirect strategy put him at odds with the leading soldiers and admirals of his day Professor Woodward a student of the Great War for some four decades explores the at times Byzantine atmosphere at Whitehall by exhaustive archival research in official and private papers The focus is on Lloyd George and his adversaries such as Lord Kitchener General Sir William Robertson and Field Marshall Sir Douglas Haig The result is a fresh compelling and detailed account of the interaction between civil and military authorities in total war

The British Empire and the First World War Ashley Jackson, 2017-06-26 The British Empire played a crucial part in the First World War supplying hundreds of thousands of soldiers and labourers as well as a range of essential resources from foodstuffs to minerals mules and munitions In turn many imperial territories were deeply affected by wartime phenomena such as inflation food shortages combat and the presence of large numbers of foreign troops This collection offers a comprehensive selection of essays illuminating the extent of the Empire's war contribution and experience and the richness of scholarly research on the subject Whether supporting British military operations aiding the British imperial economy or experiencing significant wartime effects on the home fronts of the Empire the war had a profound impact on the colonies and their people The chapters in this volume were originally published in Australian Historical Studies The Journal of Imperial and Commonwealth History First World War Studies or The Round Table The Commonwealth Journal of International Affairs

It Can't Last Forever David Campbell, 2017-10-12 The 19th Battalion was an infantry unit that fought in many of the deadliest battles of the First World War Hailing from Hamilton Toronto and other communities in southern Ontario and beyond its members were ordinary men facing extraordinary challenges at the Somme Vimy Ridge Passchendaele Amiens and other battlefields on Europe's Western Front Through his examination of official records and personal accounts the

author presents vivid descriptions and assessments of the rigours of training the strains of trench warfare the horrors of battle and the camaraderie of life behind the front lines From mobilization in 1914 to the return home in 1919 Campbell reveals the unique experiences of the battalion s officers and men and situates their service within the broader context of the battalion s parent formations the 4th Infantry Brigade and the 2nd Division of the Canadian Corps Readers will gain a fuller appreciation of the internal dynamics of an infantry battalion and how it functioned within the larger picture of Canadian operations

The Halifax Explosion and the Royal Canadian Navy John Griffith Armstrong,2011-11-01 The Halifax Explosion of 1917 is a defining event in the Canadian consciousness yet it has never been the subject of a sustained analytical history Astonishingly until now no one has consulted the large federal government archives that contain first hand accounts of the disaster and the response of national authorities Canada s recently established navy was at the epicentre of the crisis Armstrong reveals the navy s compelling and little known story by carefully retracing the events preceding the disaster and the role of the military in its aftermath He catches the pulse of disaster response in official Ottawa and provides a compelling analysis of the legal manoeuvres rhetoric blunders public controversy and crisis management that ensued His disturbing conclusion is that federal officials knew of potential dangers in the harbour before the explosion took no corrective action and kept the information from the public As a result a Halifax naval officer was made a scapegoat and the navy received lasting and mostly undeserved vilification This is a provocative read not only for military and naval devotees but for anyone who wants to understand one of the events that shaped Canada in the twentieth century
