Party System Change Approaches And Interpretations:

Party System Change Peter Mair, 1997-03-27 This unique and important new book looks at how we interpret the evidence of change and stability in modern parties and party systems Focusing primarily on processes of political adaptation and control it also concerns how parties and party systems generate their own momentum and freeze themselves into place Amidst the widespread contemporary discussion of the challenge to modern democracy and the crisis of traditional forms of political representation it offers a welcome emphasis on how party systems survive and on how change when it does occur may be analysed and understood The first part of the book deals with questions of persistence and change and with the vulnerability and endurance of traditional parties In the second part attention shifts to the question of party organization and to the ways in which the established parties are increasingly coming to invade the state finding there a new source of privilege and a new means of ensuring their own survival The third part of the book focuses on structures of competition in Western party systems as well as on the problems associated with the consolidation of the new party systems in post communist Europe This is the first book to be entirely devoted to the question of party and party system change and offers an essential guide to the understanding of this crucial theme

Party System Change in Legislatures Worldwide

Carol Mershon, Olga Shvetsova, 2013-10-07 How much autonomy do elected politicians have to shape and reshape the party system on their own without the direct involvement of voters in elections

Party Strategies in Western Europe

Gemma Loomes, 2013-06-17 This book examines political party system change from a party centric perspective and assesses how and to what extent established political parties in western Europe can maintain their dominant positions Parties are increasingly competing in a changeable environment and this book assesses the ways in which political parties have tried to adapt to these changes by undertaking a study of the strategies employed by established parties since 1950 It features analysis of seventeen western European countries with eight case studies explored in greater depth including France Germany Portugal Greece Denmark Ireland Switzerland and Luxembourg The book assesses two groups of strategies institutional strategies by which parties aim for success through control of rules regulations and laws and strategies oriented towards the electorate through which parties seek success by proving themselves responsive to voters Offering a detailed empirical assessment of the frequency with which these strategies have been employed this book assesses the impact on established political parties and argues that parties can shape their own fate by strategic choices *Party Strategies in Western Europe* will be of interest to students and scholars of European politics Government and party politics

Party Systems in Latin America

Scott Mainwaring, 2018-02-08 Based on contributions from leading scholars this study generates a wealth of new empirical information about Latin American party systems It also contributes richly to major theoretical and comparative debates about the effects of party systems on democratic politics and about why some party systems are much more stable and predictable than others *Party Systems in Latin America* builds on challenges and updates Mainwaring and Timothy Scully's seminal

Building Democratic Institutions Party Systems in Latin America 1995 which re oriented the study of democratic party systems in the developing world It is essential reading for scholars and students of comparative party systems democracy and Latin American politics It shows that a stable and predictable party system facilitates important democratic processes and outcomes but that building and maintaining such a party system has been the exception rather than the norm in contemporary Latin America Party Systems in Young Democracies Edalina Rodrigues Sanches,2018-01-03

Institutionalization has become a paramount concept to compare party systems in regions spanned by the third wave of democratization Based on raw electoral data from 30 sub Saharan African countries observed between 1966 and 2016 this text explores the causes and mechanisms of Party System Institutionalization PSI and its relationship with the processes of mobilization and democratization Posing key theoretical and empirical questions in cross regional comparison it examines and reveals the defining properties of PSI how they should be measured and under what conditions it varies In doing so it contributes with a new explanatory framework of party system development that gives primacy to modes of transition political institutions and party citizen linkages to further cross regional comparisons among third wave party systems This text will be of key interest to scholars and students of democratization elections and African politics and more broadly to comparative politics

Social Democracy Hans Keman,2017-06-14 5 4 Office and policy seeking performance of Social Democracy 5 5 The use of public powers through government by Social Democracy 6 The use of public powers Social Democratic policy formation and policy performance 6 1 Introduction 6 2 The interdependence between state and society intervention and care 6 3 The Dual Welfare State as a policy profile of Social Democracy 6 4 Does Social Democratic policy formation matter 6 5 Towards a Social Democratic society 7 Searching for a new direction Third Ways Europe and globalisation 7 1 Introduction 7 2 Globalisation European integration and national welfare 7 3 A new Social Democratic model From Dual Welfare State to social investment state 7 4 Social Democratic programmatic change from Left to Right 7 5 Maintaining power resources of Social Democracy votes or office 7 6 The policy performance of the new Social Democracy 7 7 Global change and flexible adjustments Social Democracy in flux 8 Varieties of Social Democracy pathways to power and mission performance 8 1 Epitome Social Democracy unity and diversity and development 8 2 Democratisation and the development of Social Democratic power resources 8 3 Ideological change and its ramifications for the Social Democratic project and model 8 4 Gaining political powers and party control to develop the Dual Welfare State 8 5 From diversity to mainstreaming Social Democracy moving into the 21st century Appendix Index

The Routledge Handbook of Political Parties Neil Carter,Daniel Keith,Gyda M. Sindre,Sofia Vasilopoulou,2023-04-25 The Routledge Handbook of Political Parties provides a systematic and comprehensive overview of the study of political parties provided by leading experts in the field In an era of widespread political disillusionment political parties are often the main targets of citizen dissatisfaction yet they are the key institutions that make democracy work Analysing political parties in unrivalled depth and breath with comparative

thematic chapters throughout as well as a dedicated section on political parties and party politics in specific country and regional settings this handbook examines and illuminates the key questions around how parties organise how their ideologies have evolved over time their relationship with society how they differentiate themselves and how they respond to new social economic and political developments The Routledge Handbook of Political Parties is essential reading and an authoritative reference for scholars students researchers and practitioners involved in and actively concerned about research in the study of political parties party systems and party politics

The Nature of Party Government Jean Blondel, 2000-11-08 The Nature of Party Government examines relationships between governments and supporting parties on a comparative European basis The book does so at the level of principles there is a major conflict between governments which should govern and parties which being representative wish to shape the way governments operate The book studies relationships empirically as well it shows that they occur on three planes appointments policy making and patronage and assesses the extent of two way influence from parties to governments and from governments to parties

Party People Allan Sikk, Philipp Köker, 2023-10-15 Political parties are nothing without their people and candidates are essential to parties core functions contesting elections filling political offices and shaping policy Candidates are the literal face of parties yet they are not wedded to them permanently candidates can enter or leave politics switch parties move along or stay behind when parties split or merge Even in parties that look stable candidate change happens below the surface ultimately altering what the parties stand for Inspired by evolutionary theories Party People Candidates and Party Evolution conceptualizes candidates as party genes and develops a candidate based approach to party evolution Tracking candidates between elections and parties opens up new perspectives on party development in complex and dynamic settings in Central and Eastern Europe CEE and beyond Based on a new database of 200 000 electoral candidates from over 60 elections across nine CEE democracies this book presents a groundbreaking study of party evolution using candidate change as an indicator of party change Allan Sikk and Philipp Köker offer a series of methodological and conceptual advances for the measurement of candidate turnover party fission and fusion programmatic change and party leadership change the resulting analyses make a significant contribution to the study of CEE party politics as well as to the general scholarship on elections parties and political change Comparative Politics is a series for researchers teachers and students of political science that deals with contemporary government and politics Global in scope books in the series are characterized by a stress on comparative analysis and strong methodological rigour The series is published in association with the European Consortium for Political Research For more information visit www.ecprnet.eu The series is edited by Nicole Bolleyer Chair of Comparative Political Science Geschwister Scholl Institut LMU Munich and Jonathan Slapin Professor of Political Institutions and European Politics Department of Political Science University of Zurich

The New Party Challenge Tim Haughton, Kevin Deegan-Krause, 2020-12-15 Why do some parties live fast and die young but other endure And why are some party systems more stable than others Based on a blend of data

derived from both qualitative and quantitative sources The New Party Challenge develops new tools for mapping and measuring party systems and develops conceptual frameworks to analyse the dynamics of party politics particularly the birth and death of parties In addition to highlighting the importance of agency and choice in explaining the fate of parties the book underlines the salience of the clean versus corrupt dimension of politics charts the flow of voters in the new party subsystem and emphasizes the dimension of time and its role in shaping developments The New Party Challenge not only provides the first systematic book length study of political parties across Central Europe in the three decades since the 1989 revolutions charting and explaining the patterns of politics in that region it also highlights that similar processes are at play on a far wider geographical canvas The book concludes by reflecting on what the dynamics of party politics especially the emergence of so many new parties means for the health and quality of democracy and what could and should be done

Party Politics in European Microstates Fernando Casal Bértoa, Patrick Dumont, 2022-11-30 This book represents the first comprehensive study of the evolution of parties and party systems in all nine democratic European states with less than one million inhabitants As small political units have for long been considered to be most conducive to stable democracy this volume analyses the actual role of political parties and partisan competition in the operation of modern democracy in those European microstates Drawing on the crucial contribution of leading country experts in the field it provides rich systematic contextualized knowledge on these lesser known cases It further contributes to the mainstreaming of small state research in social science studies by comparing the experience of party politics in European microstates with that of larger countries in the same region of the world This volume will be of key interest to scholars and students of party systems and political parties elections and democracy small states European politics and more broadly of comparative politics

Handbook of Party Politics Richard S Katz, William J Crotty, 2006-01-05 This thoughtful and wide ranging review of parties and party research contains contributions from many of the foremost party scholars and is a must for all library shelves Richard Luther Keele University The study of political parties has never been livelier and this genuinely international Handbook theoretically rich comparatively informed and focused on important questions defines the field This volume is both an indispensable summary of what we know and the starting point for future research R K Carty University of British Columbia Political parties are ubiquitous but their forms and functions vary greatly from regime to regime from continent to continent and from era to era The Handbook of Party Politics captures this variation and richness in impressive ways The editors have assembled an excellent team and the scope of the volume is vast and intriguing Kaare Strom University of California San Diego Political parties are indispensable to democracy and a central subject of research and study in political science around the world This major new handbook is the first to comprehensively map the state of the art in contemporary party politics scholarship The Handbook is designed to provide an invaluable survey of the major theories and approaches in this dynamic area of study and research give students and researchers a concise road map to the core literatures in all the sub fields of party related

theorizing and research identify the theories approaches and topics that define the current cutting edge of the field The Handbook is comparative in overall approach but also addresses some topics to be addressed in nationally or regionally specific ways The resulting collaboration has brought together the world s leading party theorists to provide an unrivalled resource on the role of parties in the pressing contemporary problems of institutional design and democratic governance today

Cross-Party Politics in Britain, 1945-2019 Alan Wager,2024 From Winston Churchill to Nick Clegg Tony Blair to Nigel Farage elite British politicians have privately and publicly toyed with the concept of co operating with their competitors Cross Party Politics in Britain 1945 2019 takes a historical comparative look at seven such cases from the last 80 years

Political Parties Richard Gunther,José Ramón Montero,Juan Linz,2002-03-07 This book with contributions from leading scholars in the field presents a critical overview of much of the recent literature on political parties It systematically assesses the capacity of existing concepts typologies and methodological approaches to deal with contemporary parties It critically analyses the decline of parties literature both from a conceptual perspective and with regard to antiparty attitudes among citizens on the basis of empirical analyses of survey data It systematically re examines the underpinnings of rational choice analyses of electoral competition as well as the misapplication of standard party models as the catch all party Several chapters reexamine existing models of parties and party typologies particularly with regard to the capacity of commonly used concepts to capture the wide variation among parties that exist in old and new democracies today and with regard to their ability to deal adequately with the new challenges that parties are facing in rapidly changing political social and technological environments In particular two detailed case studies demonstrate how party models are significant not only as frameworks for scholarly research but also insofar as they can affect party performance Other chapters also examine in detail how corruption and party patronage have contributed to party decline as well as the public attitudes towards parties in several countries In the aggregate the various contributions to this volume reject the notion that a decline of party has progressed to such an extent as to threaten the survival of parties as the crucial intermediary actors in modern democracies The contributing authors argue however that parties are facing a new set of sometimes demanding challenges Not only have parties differed significantly in their ability to successfully meet these challenges but the core concepts typologies party chdels and methodological approaches that have guided research in this area over the past 40 years have met with only mixed success in adequately capturing these recent developments and serving as fruitful frameworks for analysis This book is intended to remedy some of these shortcomings

Oxford Handbook of Political Behavior Russell J. Dalton,Hans-Dieter Klingemann,2007 Assembles the world s leading scholars on public opinion and political behaviour to describe the state of the art research on the beliefs values and behaviours of contemporary politics

[The Oxford Handbook of Comparative Politics](#) Carles Boix,Susan Carol Stokes,2007 The Oxford Handbooks of Political Science is a ten volume set of reference books offering authoritative and engaging critical overviews of the state of political science Each volume focuses

on a particular part of the discipline with volumes on Public Policy Political Theory Political Economy Contextual Political Analysis Comparative Politics International Relations Law and Politics Political Behavior Political Institutions and Political Methodology The project as a whole is under the General Editorship of Robert E Goodin with each volume being edited by a distinguished international group of specialists in their respective fields The books set out not just to report on the discipline but to shape it The series will be an indispensable point of reference for anyone working in political science and adjacent disciplines The Oxford Handbook of Comparative Politics offers a critical survey of the field of empirical political science through the collection of a set of chapters written by 47 top scholars in the discipline of comparative politics Part I includes chapters surveying the key research methodologies employed in comparative politics the comparative method the use of history the practice and status of case study research the contributions of field research and assessing the possibility of constructing a science of comparative politics Parts II to IV examine the foundations of political order the origins of states and the extent to which they relate to war and to economic development the sources of compliance or political obligation among citizens democratic transitions the role of civic culture authoritarianism revolutions civil wars and contentious politics Parts V and VI explore the mobilization representation and coordination of political demands Part V considers why parties emerge the forms they take and the ways in which voters choose parties It then includes chapters on collective action social movements and political participation Part VI opens up with essays on the mechanisms through which political demands are aggregated and coordinated This sets the agenda to the systematic exploration of the workings and effects of particular institutions electoral systems federalism legislative executive relationships the judiciary and bureaucracy Finally Part VII is organized around the burgeoning literature on macropolitical economy of the last two decades

Votes, Party Systems and Democracy in Asia Jungug Choi, 2012-04-27 This book looks at the link between voters and political party systems in Asian democracies focusing on India Indonesia Korea and the Philippines It discusses this link in terms of three distinct elements the formation of voters preferences the translation of preferences into votes and the translation of votes into seats The book goes on to discuss how far the general rules of political party systems and their underlying causal mechanisms such as strategic voting are apparent in these Asian democracies In particular it explores the extent to which electoral rules and social structural variables affect the process of transforming preferences into a political party system within the context of Asian politics The extensive areas covered by the book overcome the traditional sub regional division of Asia namely East Southeast and South Asia

The Exceptional Case of Post-Bailout Portugal Elisabetta De Giorgi, José Santana-Pereira, 2021-09-30 This book explores the argument that Portugal has been an exception to the trend of political upheaval and electoral instability across Southern Europe following the financial crisis and the bailout period It does so by mapping and exploring in depth three key dimensions the governmental arena the party system and citizens political attitudes The five chapters in this edited volume show that a number of factors combine to make Portugal not only a very

stimulating case study but also an exception within the South European panorama the stability of its party system and that of the mainstream parties electoral support in particular the quick recovery of political attitudes after the end of the bailout period 2011 2014 the absence of competitive populist challengers until 2019 despite high levels of populist attitudes amongst the citizenry the successful and stable union between anti austerity parties supporting the socialist government dubbed the Contraption and its adoption of an austerity by stealth model This book shows that it is possible to combine critical junctures and political stability responsiveness and responsibility through the study of one of the most intriguing cases in Southern Europe in the last decades The Exceptional Case of Post Bailout Portugal will be of interest to students researchers and scholars of Political Science and European Studies The chapters in this book were originally published as a special issue of the journal South European Society and Politics

The Impact of European Integration on Political Parties Dimitri Almeida, 2012 Introduction political parties and the politicization of Europe Approaches to the study of party responses to European integration An acquired taste for Europe social democratic parties and European Integration Between reluctant Europeanism and hard Euroscepticism radical left parties and European integration Separate ways liberal parties and European integration Diluted Europeanism Christian democratic parties and European integration Europeanized Eurosceptics radical right parties and European integration Conclusion

International Encyclopedia of Political Science Bertrand Badie, Dirk Berg-Schlosser, Leonardo Morlino, 2011-09-07 With entries from leading international scholars from around the world this eight volume encyclopedia offers the widest possible coverage of key areas both regionally and globally The International Encyclopedia of Political Science provides a definitive comprehensive picture of all aspects of political life recognizing the theoretical and cultural pluralism of our approaches and including findings from the far corners of the world The eight volumes cover every field of politics from political theory and methodology to political sociology comparative politics public policies and international relations Entries are arranged in alphabetical order and a list of entries by subject area appears in the front of each volume for ease of use The encyclopedia contains a detailed index as well as extensive bibliographical references Filling the need for an exhaustive overview of the empirical findings and reflections on politics this reference resource is suited for undergraduate or graduate students who wish to be informed effectively and quickly on their field of study for scholars seeking information on relevant research findings in their area of specialization or in related fields and for lay readers who may lack a formal background in political science but have an interest in the field nonetheless The International Encyclopedia of Political Science provides an essential authoritative guide to the state of political science at the start of the 21st century and for decades to come making it an invaluable resource for a global readership including researchers students citizens and policy makers The encyclopedia was developed in partnership with the International Political Science Association Key Themes Case and Area Studies Comparative Politics Theory and Methods Democracy and Democratization Economics Epistemological Foundations Equality and Inequality Gender and Race Ethnicity
