Letizia Battaglia Letizia Battaglia, Melissa Harris, Simona Mafai, Leoluca Orlando, Roberto Scarpinato, Renate Siebert, Alexander Stille, 1999-06-30 Letizia Battaglia's story her unique vision of Sicily and her fight for justice against the Mafia as revealed in this biographical monograph are as stunning as they are heroic **Passion, Justice, Freedom** Letizia Battaglia, Alexander Stille, 1999 Yet her battle is not motivated by hatred but rather by compassion and a profound sense of justice **The 'Story-Takers'** Paula M. Salvio, 2017-01-01 The Story Takers charts new territory in public pedagogy through an exploration of the multiple forms of communal protests against the mafia in Sicily Writing at the rich juncture of cultural feminist and psychoanalytic theories Paula M Salvio draws on visual and textual representations including shrines to those murdered by the mafia photographs and literary and cinematic narratives to explore how trauma and mourning inspire solidarity and a quest for justice among educators activists artists and journalists living and working in Italy Salvio reveals how the anti mafia movement is being brought out from behind the curtains with educators leading the charge She critically analyses six cases of communal acts of anti mafia solidarity and argues that transitional justice requires radical approaches to pedagogy that are best informed by journalists educators and activists working to remember not only victims of trauma but those who resist trauma and violence **Italian Women at War** Susan Amatangelo, 2016-08-03 Italian Women at War Sisters in Arms from Unification to the Twentieth Century offers diverse perspectives on Italian women's participation in war and conflict throughout Italy's modern history contributing to the ongoing scholarly conversation on this topic Part one of the book focuses on heroines who fought for Italy's Unification and on the anti heroines or brigantesse who opposed such a momentous change Part two considers exceptional individuals such as Eva K hn Amendola who combatted both with her body and her pen as well as collective female efforts during the world wars whether military or civilian In part three where the context is twentieth century society the focus shifts to those women engaged in less conventional conflicts who resorted to different forms of revolt including active non violence All of the women presented across these chapters engage in combat to protest a particular state of affairs and effect change yet their weapons range from the literal like Peppa La Cannoniera's cannon to the metaphorical like Letizia Battaglia's camera Several of the essays in this volume discuss fictional heroines who appear in works of literature and film though all are based on actual women and reference real historical contexts Italian Women at War furthers the efforts begun decades ago to recognize Italian women combatants especially in light of the recent anniversary of the Unification in 2011 and global discussions regarding the role of women in the military Its aim is not to glorify violence and war but to celebrate the active role of Italian women in the evolution of their nation and to demystify the idea of the woman warrior who has always been viewed either as an extraordinary almost mythical creature or as an affront to the traditional feminine identity **Sicily** Joseph Farrell, 2014-06-19 Reading these guides is the next best thing to actually going there with them in hand Foreword Magazine AN ENGAGING INTRODUCTION TO A CULTURAL GIANT Long

before it became an Italian offshore island Sicily was the land in the center of the Mediterranean where the great civilizations of Europe and Northern Africa met Sicily today is familiar and unfamiliar modernized and unchanging Visitors will find in an out of the way town an Aragonese castle will stumble across a Norman church by the side of a lesser travelled road will see red Muslim styles domes over a Christian shrine will find a Baroque church of breathtaking beauty in a village will catch a glimpse from the motorway of a solitary Greek temple on the horizon and will happen on a the celebrations of the patron saint of a run down district of a city and will stop and wonder There is more to Sicily than the Godfather and the mafia

American Photo - ND ,2000-01 **Knowing and Not Knowing** Claudia Lapping,Tamara Bibby,2018-02-02 The social world is saturated with powerful formations of knowledge that colonise individual and institutional identities Some knowledge emerges as legitimised and authoritative other knowledge is resisted or repressed Psychosocial approaches highlight the unstable basis of knowledge learning and research of knowing and not knowing How do we come to formulate knowledge in the ways that we do Are there other possible ways of knowing that are too difficult or unsettling for us to begin to explore Do we need the authority of legitimised institutions and regularized methods to build secure knowledge What might it mean to build insecure edifices of knowledge How might we trouble notions of knowledge in processes of teaching learning and research This collection addresses these questions drawing on a range of psychoanalytic and social theory from Bion Freud and Lacan to Derrida Kristeva and Zizek Showcasing work from North America Europe and Japan contributors explore writing as a practice that can stabilise or unsettle subjectivities the unconscious relations between school practices subjectivities educational spaces and ideologies implications of the productive energies and the deadening inwardness associated with mourning and melancholia for formal and informal learning and the authority we invest in apparently rigid or ephemeral institutional spaces Strongly empirical as well as theoretical in approach this collection will be of interest to students and academics seeking ways to resist normative orders of legitimacy and coherence in education and research This book was originally published as a special issue of Pedagogy Culture Society **Mafia Brotherhoods** Letizia

Paoli,2008-06-01 Relying on previously undisclosed confessions of former mafia members now cooperating with the police Letizia Paoli provides a clinically accurate portrait of mafia behavior motivations and structure in Italy The mafia Paoli demonstrates are essentially multifunctional ritual brotherhoods focused above all on retaining and consolidating their local political power base A truly interdisciplinary work of history politics economics and sociology Mafia Brotherhoods reveals in dramatic detail the true face of one of the world s most mythologized criminal organizations **Profiles in Journalistic Courage** Lisa DeLisle,2018-04-27 Some of the bravest actions of journalists are unknown obscured by the passage of time hidden by veils of anonymity or buried by systematic repression Profiles in Journalistic Courage corrects this imbalance With few exceptions the stories told in this collection are unfamiliar In the words of Richard Whelan on Robert Capa s vision of the Spanish Civil War these tales are drawn from the edge of things Most of the people highlighted here are journalists who

worked on the margins of popularity who blazed new and solitary paths and who left fleeting legacies Courageous journalists were not always thanked for their pioneering efforts Jealousy political disagreements and differing conceptions of journalism sometimes fueled criticism of some of those dealt with in this volume To complicate the subject further brave journalists do not always act for reasons that win popularity or acclaim Actions with laudable consequences are sometimes the result of egoism stubbornness and ignorance no less than selflessness prudence and principle These psychological dimensions are not avoided in these profiles In Yesterday David Copeland examines the tangled legacy of the trial of John Peter Zenger Graham Hodges unearths the story of David Ruggles an African American journalist and abolitionist Pamela Newkirk recalls the life and work of Ida B Wells Barnett Pierre Albert explores the journalism of the French Resistance Bernard L Stein and Hank Klibanoff describe the work and motives of the civil rights movement The volume covers the journalism of commitment from Northern Ireland to Native American tribes It closes with an extended essay by James Boylan on varied perspectives on different aspects of courage in journalism from the capacity to resist threats to the courage to tell people what they may not want to hear or read Sicilian Women Giacomo Pilati,2008 **Reversible Destiny** Peter T. Schneider,Jane

Schneider,2003-03-13 Reversible Destiny traces the history of the Sicilian mafia to its nineteenth century roots and examines its late twentieth century involvement in urban real estate and construction as well as drugs Based on research in the regional capital of Palermo this book suggests lessons regarding secretive organized crime its capacity to reproduce a subculture of violence through time its acquisition of a dense connective web of political and financial protectors during the Cold War era and the sad reality that repressing it easily risks harming vulnerable people and communities Charting the efforts of both the judiciary and a citizen s social movement to reverse the mafia s economic political and cultural power the authors establish a framework for understanding both the difficulties and the accomplishments of Sicily s multifaceted antimafia efforts **Sicilian Visitors Volume 2 - Culture** Francesco Rocco Ruggeri,2018-07-26 Sicilian Visitors Vol 2 Culture focuses on a wide range of cultural aspects of the island of Sicily including religion literature art music science sports food as well describing visitors who have come to the island and their impressions Vol 2 is the companion of Vol 1 which describes the island s history **Las revolucionarias** Estela González de Sande,Ángeles Cruzado Rodríguez,2009
