**Pater Bernhardus** Franz Posset,2018-08-09 Collected Works Vol 1 The Two Fold Knowledge Readings on the Knowledge of Self and the Knowledge of God Vol 2 Pater Bernhardus Martin Luther and Bernard of Clairvaux Vol 3 Luther s Catholic Christology According to His Johannine Lectures of 1527 Dictionary of Luther and the Lutheran Traditions,2017-08-22 In the five hundred years since the publication of Martin Luther s Ninety Five Theses a rich set of traditions have grown up around that action and the subsequent events of the Reformation This up to date dictionary by leading theologians and church historians covers Luther s life and thought key figures of his time and the various traditions he continues to influence Prominent scholars of the history of Lutheran traditions have brought together experts in church history representing a variety of Christian perspectives to offer a major cutting edge reference work Containing nearly six hundred articles this dictionary provides a comprehensive overview of Luther s life and work and the traditions emanating from the Wittenberg Reformation It traces the history theology and practices of the global Lutheran movement covering significant figures events theological writings and ideas denominational subgroups and congregational practices that have constituted the Lutheran tradition from the Reformation to the present day Luther@500 and Beyond ATF Press,2019-09-13 The Luther 500 anniversary may be behind us but Luther stands ahead of us in many ways The essays in this volume by an international group of scholars begin with a contextual discussion of Luther s definitive contribution to the Wittenberg Reformation and its significance for us today New light is shed on old issues across a range of topics But these essays do not stay in the past Many also engage critically with contemporary issues in Luther interpretation and a few boldly trace the trajectory of Luther s reformational theology into the future *The Front-Runner of the Catholic Reformation* Franz Posset,2017-03-02 Johann von Staupitz is generally acknowledged as one of the most important influences on Martin Luther convincing him of the sin remitting grace of God It was this revelation that was to spur Luther to formulate his theology of salvation by faith alone which was to lead to his break with the Catholic church When Luther was brought to task by the church authorities for his heretical views it was Staupitz who was deputed to remonstrate with him and it was Staupitz who sent a copy of his theses on indulgences to the Pope Despite Luther s defection from Rome he was to remain on good terms with the orthodox Staupitz who was consistently at the forefront of reformation within the Catholic Church This book sheds light on the spiritual and theological beliefs of Staupitz placing him in the midst of the late medieval reform efforts in the Augustinian order It argues that as reformer sermonizer and friend of humanists Staupitz was a major player in the world of early sixteenth century theology who had a profound influence on the course of the Reformation **Perichoretic Salvation** James D. Gifford,2011-09-15 For two thousand years Christian theologians have struggled to explain the believer s union with Christ What sort of union is it How can it be fully described This book is an attempt to join the conversation to explore exactly what it means to be in union with Christ This book will argue that the believer s union with Christ can rightly be presented as

a third type of perichoresis Perichoresis is a word that describes the way the persons of the Trinity interrelate without losing their essential oneness nor without being absorbed into each other In short the doctrine of perichoresis preserves the unity and diversity within the Godhead It is also used to describe the hypostatic union of the divine and human in Christ In Perichoretic Salvation James Gifford argues that the union of the believer and Christ is a relationship of the same kind though of a third type Arguing from a perspective that is rooted biblically historically and theologically the book will allow the union to be explained more fully than in the past while remaining within the bounds of what the church has taught over the centuries It may prove to be a basis for understanding the work of Christ afresh for the twenty first century *Luther's Lectures on Genesis and the Formation of Evangelical Identity* John A. Maxfield,2008-10-01 Martin Luther's lectures on Genesis delivered at the University of Wittenberg during the last decade of his life and later published by his students allow modern readers to view a sixteenth century professor engaging his students with the text of scripture and using that text to form them spiritually The lectures show how Luther attempted to form in his students a new identity an Evangelical identity enabling them to make sense of the rapidly changing society and church in which they were being prepared to serve primarily as pastors in the developing territorial churches of the Reformation This study uses the text of the lectures to outline the contours of the new identity that Luther laid out through his exposition of Genesis They include how Luther approached and taught his students to perceive the text of holy scripture how that text unveiled for Luther the nature of Christian life in the world and how Luther taught his students to view the past the present and the future of the church and the world through the book of Genesis Whether in the published editions of the lectures the historic Luther was actually misunderstood or was transformed in some way into the prophetic Luther of later memory the text reveals the Luther that his students heard and subsequent generations read **Luther's Theology of the Cross** Dennis Ngien,2018-06-11 Luther was fundamentally a preacher pastor a care taker of souls whose ingenuity lies in his usage of the biblical message as a source of pastoral encouragement This book seeks to capture the often overlooked pastoral side of the Reformer through an examination of his sermons on John's gospel The sermons on John show the intrinsic close and causal link between doctrine and consolation They are an exercise of his vocation as a pastor or more precisely as a theologian of the cross who seeks to inculcate the good news of justification by faith in his people leading them to experience it within the dialectic of law and gospel St John said Luther is the master in the article of justification Luther's theological method namely his theology of the cross permeates and governs the exposition of the text and all major themes of his theology Christology Trinity and soteriology appear in his exegesis of John **Martin Luther as Comforter: Writings on Death** Neil Leroux,2007-06-30 What was Martin Luther's teaching regarding death and to what extent did his own fears of and experiences with death manifest themselves in his writings What influence did the medieval preoccupation with a good death have upon him How did Luther counsel those facing death to meet it with acceptance or resistance or both Using meticulous rhetorical analysis of

select sermons pamphlets and letters of consolation this book examines how Luther offered comfort to those who were facing their own death or who were coming to terms with the death of loved ones Thus the book makes an important contribution to existing scholarship on Luther and the formation of an early modern Protestant ethos surrounding death bereavement and burial

**In the Spirit** Candace L. Kohli,2024-11-14 How does the Christian produce good works in service of her neighbor after justification In Martin Luther s famous 1520 treatise The Freedom of a Christian the Reformer claimed that Christ s love springs spontaneously from the Christian s soul as good works In Luther s late medieval theological context however this statement was incoherent with philosophical theories of moral action which required an interplay between the soul and body This problem persists in Lutheran theology today where human passivity in justification is extended over the Christian s entire temporal life Yet Luther seemed to find solutions to this question in his late controversies with Johann Agricola over law and gospel This study looks to pneumatological developments in that controversy for resources that support a more coherent view of moral action in the Christian life

**Protestants and Mysticism in Reformation Europe** Ronald K. Rittgers,Vincent Everer,2019-03-25 Edited by Ronald K Rittgers and Vincent Everer Protestants and Mysticism in Reformation Europe offers an expansive view of the Protestant reception of medieval mysticism from the beginnings of the Reformation through the mid seventeenth century Providing a foundation and impetus for future research the chapters in this handbook cover diverse figures from across the Protestant traditions Lutheran Reformed Radical summarizing existing research analysing relevant sources and proposing new directions for study Each chapter is authored by a leading scholar in the field Collectively Protestants and Mysticism in Reformation Europe calls for a comprehensive reassessment of the relationship of Protestantism to its medieval past to Roman Catholicism and to the enduring mystical element of Christianity

**Respect for the Jews** Franz Posset,2019-09-30 Eight different historical theological studies are assembled here under the title Respect for the Jews They focus primarily on positive Catholic attitudes toward Jews during the turbulent years of the first half of the sixteenth century The number of authors and texts are relatively small but need to be brought out into the open For the first time a speech in praise of the language of the Jews by the early ecumenist Georg Witzel 1501 1573 is made available in English Other Catholic Hebraists who are featured include Johann Reuchlin 1455 1522 Matthaeus Adrianus ca 1470 1521 Robert Wakefield died 1537 and Nicolaus Winmann ca 1500 1550 Their brilliant works are presented in front of the sinister backdrop of the vicious attacks against the Jews by the well educated Catholic convert of Jewish descent Johann Pfefferkorn ca 1469 1521 a self appointed Catholic missionary to the Jews and also against the background of the scandalous outbursts of the Grobian Reformer Martin Luther 1483 1546 Volume 4 of the author s Collected Works fosters the idea that Jews and Christians are study partners rather than antagonists as visualized in the new statue Synagogue and Church in Our Time as shown on the cover

**Padua and Venice** Brigit Blass-Simmen,Stefan Weppelmann,2017-11-20 Venice and Padua are neighboring cities with a topographical and geopolitical distinction Venice is a port city in the Venetian Lagoon which

opened up towards Byzantium and the East Padua on the mainland was founded in Roman times and is a university city a place of Humanism and research into antiquity The contributions analyze works of art as aesthetic formulations of their places of origin which however also have an effect on and expand their surroundings International experts investigate how these two different concepts stimulated each other in the Early Modern Age and how the exchange worked The Power of the Cross Graham Tomlin,2007-03-01 In a postmodern world the church cannot escape the question of power The contemporary critique of the church suggests that it reigned for so long in Western society not because it was more true than its rivals but because it was more powerful Is the Christian claim to truth merely a veiled bid for power Has not the church regularly abused its power during the years of Christendom Does Christian theology have the resources to answer these charges This book argues that it does in the quiet but recurrent theme of the theology of the cross It explores the origins and contours of this kind of theology in three of its major exponents St Paul Martin Luther and Blaise Pascal showing how each of them turned to a theology of the cross to combat the abuse of power within the church It concludes by considering how such theology might do the same in the postmodern context Of interest to anyone concerned with the role of the church in a postmodern world or in the theology of the cross itself this book explores vital themes for the church s life and thought both today and in the future The Two-Fold Knowledge Franz Posset,2018-08-09 Collected Works Vol 1 The Two Fold Knowledge Readings on the Knowledge of Self and the Knowledge of God Vol 2 Pater Bernhardus Martin Luther and Bernard of Clairvaux Vol 3 Luther s Catholic Christology According to His Johannine Lectures of 1527 *God Has Spoken* Gerald Bray,2014-10-31 Christian theology didn t develop in a vacuum Understanding the story behind the doctrines that have been debated defined and defended throughout history is crucial for truly understanding the doctrines themselves In this groundbreaking resource professor Gerald Bray traces the history of Christian theology from the early church to the modern era Structured to parallel the order in which orthodoxy gradually matured in response to challenges from both within and without the church this volume tells the story of how Christians have struggled to understand confess and worship the triune God through the centuries **Volume 4: Kierkegaard and the Patristic and Medieval Traditions** Jon Stewart,2016-12-05 This volume features articles which employ source work research to trace Kierkegaard s understanding and use of authors from the Patristic and Medieval traditions It covers an extraordinarily long period of time from Cyprian and Tertullian in the second century to Thomas Kempis in the fifteenth Despite its heterogeneity and diversity in many aspects this volume has a clear point of commonality in all its featured sources Christianity Kierkegaard s relation to the Patristic and Medieval traditions has been a rather neglected area of research in Kierkegaard studies This is somewhat surprising given the fact that the young Kierkegaard learned about the Patristic authors during his studies at the University of Copenhagen and was clearly fascinated by many aspects of their writings and the conceptions of Christian religiosity found there With regard to the medieval tradition in addition to any number of theological issues medieval mysticism medieval art

the medieval church troubadour poetry and the monastic movement were all themes that exercised Kierkegaard during different periods of his life Although far from uncritical he seems at times to idolize both the Patristic tradition and the Middle Ages as contrastive terms to the corrupt and decadent modern world with its complacent Christianity While he clearly regards the specific forms of this Medieval appropriation of Christianity to be misguided he is nonetheless positively disposed toward the general understanding of it as something to be lived and realized by each individual **The Doctrine of**

**Atonement** Jack D. Kilcrease,2018-03-22 Post Enlightenment theology has frequently rejected the historic Christian doctrine of substitutionary atonement For theologians standing in the tradition of the Lutheran Confessions rejection of substitutionary atonement is particularly problematic because it endangers the unconditional nature of the justification through faith If one rejects vicarious satisfaction then the only alternative is to make redemption dependent on what sinners do for themselves In this study Jack Kilcrease argues for substitutionary atonement within the perspective of what he calls the Confessional Lutheran Paradigm The author also critiques a wide variety of modern Lutheran theologians understandings of atonement Werner Elert Gustaf Aulen Gustaf Wingren Robert Jenson Eberhard Jungel Wolfhart Pannenberg and Gerhard Forde As Kilcrease demonstrates although these authors often give many fine theological insights their distortion or misrepresentation of the doctrine of atonement carries over to a problematic understanding of law gospel and justification through faith [A Return to the Heart](#) Frank L. Bartoe,2023-07-21

When we approach such men as St Bernard of Clairvaux and John Calvin we are approaching two men who were not only significant figures of their time but figures standing on opposite shorelines of the influence and impact of Scholasticism as well as a tumultuous decline in orthodoxy Despite this reality what is most compelling about these two men is the continuity of their developed thought even though they were worlds apart separated by time This continuity is most assuredly grounded in their historical sources and more importantly their faithful handling of God s word That continuity although not point for point was rather for the significant part of the structure and content sum and substance of the twofold knowledge of God and self For both of these men this doctrine was fundamental permeating the whole of their world and life philosophy Bernard and Calvin clearly saw the implications of this twofold knowledge These implications manifest in the realm of various doctrines and the network of their system of thought This book seeks to explore those various components of their twofold knowledge of God and self as well as the implications in the realm of experiential Christianity **Scala Christus est** Giovanni Tortoriello,2023-05-09

Since the nineteenth century scholars have debated the controversial relationships between humanism the Renaissance and the Reformation Challenging the dominant narrative on the subject Giovanni Tortoriello reconstructs the debates that characterized the early Reformation movements He shows that Martin Luther s theology of the cross developed in reaction to the irenic tendencies of the Renaissance With the spread of Platonism Hermeticism and Kabbalah in the fifteenth century the identity of Christianity shifted and the boundaries between the different religions thinned In response to this attempt to minimize the differences

among the various religions Luther reiterated the centrality and uniqueness of the salvific event of the cross. Confessional biases and theological prejudices have obliterated the role that Platonism, Hermeticism, and Christian Kabbalah played in the early Reformation debates. The author reconstructs these controversies and situates Luther's theology of the cross in this historical context. Fruit for the Soul Dennis Ngien, 2015-12-01. Given a life spent in scholarship and controversy, it is easy to forget how much energy Martin Luther devoted to helping the common person understand and take comfort from God's word. This commitment extended to even the most challenging of biblical texts, and nowhere is this more apparent than Luther's work on the Lament Psalms. Difficult to understand and perhaps even more difficult to implement in life and devotion, the Lament Psalms played a key role in Luther's thought. More importantly, the Lament Psalms were for Luther an essential part of the Christian's understanding of the life of faith. In this volume, Dennis Ngien helps contemporary readers engage Luther's commentary on the Lament Psalms. What Luther intended for the education and encouragement of everyday Christians, Ngien unpacks and illuminates for life in the twenty-first century. Introduced and commended by Robert Kolb, the volume will be appreciated by teacher and student alike.
