The Ethics of Human Enhancement Steve Clarke, Julian Savulescu, C. A. J. Coady, Alberto Giubilini, Sagar Sanyal, 2016-10-13 We humans can enhance some of our mental and physical abilities above the normal upper limits for our species with the use of particular drug therapies and medical procedures We will be able to enhance many more of our abilities in more ways in the near future Some commentators have welcomed the prospect of wide use of human enhancement technologies while others have viewed it with alarm and have made clear that they find human enhancement morally objectionable The Ethics of Human Enhancement examines whether the reactions can be supported by articulated philosophical reasoning or perhaps explained in terms of psychological influences on moral reasoning An international team of ethicists refresh the debate with new ideas and arguments making connections with scientific research and with related issues in moral philosophy

Talent Is Overrated Geoff Colvin, 2011-01-11 What if everything you know about raw talent hard work and great performance is wrong Few if any of the people around you are truly great at what they do But why aren t they Why don t they manage businesses like Jack Welch or Andy Grove play golf like Tiger Woods or play the violin like Itzhak Perlman Asked to explain why a few people truly excel most of us offer one of two answers hard work or a natural talent However scientific evidence doesn t support the notion that specific natural talents make great performers In one of the most popular Fortune articles in years Geoff Colvin offered new evidence that top performers in any field from Tiger Woods and Winston Churchill to Warren Buffett and Jack Welch are not determined by their inborn talents Greatness doesn t come from DNA but from practice and perseverance honed over decades And not just plain old hard work but a very specific kind of work The key is how you practice how you analyze the results of your progress and learn from your mistakes that enables you to achieve greatness Now Colvin has expanded his article with much more scientific background and real life

examples He shows that the skills of business negotiating deals evaluating financial statements and all the rest obey the principles that lead to greatness so that anyone can get better at them with the right kind of effort Even the hardest decisions and interactions can be systematically improved This new mind set combined with Colvin s practical advice will change the way you think about your job and career and will inspire you to achieve more in all you do The Forgotten Soldiers Elliam Moses Mulenga,2017-03-27 The Forgotten Soldiers by Elliam Moses Mulenga The Forgotten Soldiers gives information about African Soldiers who served with the British Army in the Second World War the King s African Rifles KAR whose regional Headquarters was in Nairobi Kenya The forces fought against Italian fascist forces in Somaliland and Ethiopia and engaged Japanese forces in Asia The author s father was in the Northern Rhodesian Zambia contingent At the end of the war after their demobilisation most of these men ended up as paupers without any tangible benefits or support from the British Government However the author s father was employed back home as a messenger in the British colonial administration Follow the author s childhood life both under colonial administration and independent Zambia and many former combatants and others who could not be honoured by both the colonial and Zambian Governments Witness the author s personal achievements as he later studied in Portugal and ended up going into Diplomatic Services See how his experience caused him to excel This book deals with the issues of his country Zambia Africa and the world at large The author was kidnapped in the Democratic Republic of Congo while serving as a diplomat before retiring into private life **Workout & Grow Rich** Perry Lieber,2016-07-26 Create a healthy culture for success in work and life with advice from an elite personal trainer and president of FoundWellness the Workplace Workout As a personal trainer Perry Lieber has been part of his clients successes and he knows that working out is linked directly to better performance in the workplace In Workout and Grow Rich Lieber explores that link to its fullest extent teaching readers what it means to be truly rich in every definition of the word There have been many books written about how to lead a more successful and fulfilling life but there are few to none that claim working out as the secret to discovering that success Workout and Grow Rich takes readers on a step by step journey to learn the same techniques used by athletes corporate leaders and celebrities to incorporate personal fitness into their busy schedules As a workplace expert himself Lieber knows the difficulties associated with maintaining a healthy lifestyle In Workout and Grow Rich he includes interviews with some of his most successful clients like Greg Renker founder of Guthy Renker and Mark Bissell CEO of Bissell to tell readers directly how Lieber s strategies improved their lives
