well as tripping hoof injuries mounting and dismounting in unusual situations and other emergencies *Suffering in Silence* Jochen Schleese, 2014-09-15 Humans and horses have been joined for thousands of years and for much of that time one thing has served as the primary point of physical contact between them the saddle However for many horses and many riders the saddle has been no less than a refined means of torture Horses have long suffered from tree points impeding the movement of their shoulder blades too narrow gullet channels damaging the muscles and nerves along the vertebrae and too long panels putting harmful pressure on the reflex point in the loin area Male riders saddle up despite riding related pain and the potential for serious side effects such as impotence while female riders endure backache slipped discs and bladder infections to name just a few common issues We must ask ourselves How much better could we ride and how much better could our horses perform if our saddles fit optimally If they accommodated the horse's unique conformation and natural asymmetry If they were built for the differing anatomy of men and women The answers to all these questions are right here right now in this book *Fine Riding on motivated Horses* Uta Gräf, Friederike Heidenhof, 2015-08-17 Whether it be dressage showjumping eventing or hobby riding our common goal is to enjoy riding treat our horses well and reach personal goals To demonstrate how highly successful competitive sport can indeed go hand in hand with a close to nature horse friendly way of caring for and looking after horses we provide insights into the personal training and stable management concepts of Uta Graef The authors will show everything that goes into this approach including for example the structure of training supporting horses in a way which respects their age as well as general care and behaviour around horses But you as a rider are also very important How can you change your attitude towards horses in a positive way How can you maintain your pleasure in riding or if lost win it back How can it be possible to ride with less stress in future The stable culture and the way classes and lessons are structured also play an important role in ensuring you enjoy your riding The authors will show what influences each and every rider can optimise in order to reach the goal of fine riding on motivated horses The book will encourage you to follow a horse friendly path towards personal success adhering to the principles of classical training and step by step working up towards your personal goals This does not necessarily have to be competitive success but it could also simply be the desire for fine riding on motivated horses Therefore the authors of this book wish to emphasise what kind of thought processes and which principles are particularly suitable for a positive influence on fine riding rather than just listing training movements and the requirements at different levels It is not a classical textbook but rather a helpful and pleasant read with many behind the scenes insights for riders of all disciplines and of all levels **Horses, Horsemen and Stable-management** Godfrey Bosville, 1908 **Equiyoga Yogic Horse Riding** Ann Boudart, 2013-04-10 The author Ann Boudart cumulates years of experience in yoga and in horse riding as she started to ride at the age of five It is only but natural she fuses both disciplines whatever the circumstances when grooming the horses when giving lessons The highest purpose of yoga is to reach samadhi or state of deep meditation a state which is attained when the meditator has completely

melted in their object of meditation For Ann samadhi was first consciously reached when riding Orix a Lusitanian stallion Since then she achieves samadhi when she is with horses and people In her book she gives you hints and postures to reach this goal She describes how equiyoga can help riders and non riders to reach fullmindness EquiYoga differs from other books on this topic as Ann is the first yogini to comment the Yoga Sutras of Patanjali the bible of yoga from a horse rider point of view It is a way to show everyone can apply the sutras in their daily life whatever their background their profession their sport their familys environment You can also find how yoga can help when you take care of your horse when you ride it Fathom the myth of the centaur by taking EquiYoga into your life
