Pheby,2021-09-14 Alex Pheby s Mordew launches an astonishingly inventive epic fantasy trilogy God is dead his corpse
hidden in the catacombs beneath Mordew In the slums of the sea battered city a young boy called Nathan Treeves lives with
his parents eking out a meagre existence by picking treasures from the Living Mud and the half formed short lived creatures
it spawns Until one day his desperate mother sells him to the mysterious Master of Mordew The Master derives his magical
power from feeding on the corpse of God But Nathan despite his fear and lowly station has his own strength and it is greater
than the Master has ever known Great enough to destroy everything the Master has built If only Nathan can discover how to
use it So it is that the Master begins to scheme against him and Nathan has to fight his way through the betrayals secrets
and vendettas of the city where God was murdered and darkness reigns At the Publisher s request this title is being sold

Volume 1 Ross Thompson,2022-12-20 The idea of an ideological war between science and religion Thompson argues is
founded on a mistake But this does not mean that there is nothing at stake For behind the ill conceived conflict lie complex
issues about the nature of mind consciousness experience subjectivity quality value and the like all of which need to be
disentangled and assessed in their own right Outgrowing Materialism leads the reader through a sequence of five Worlds
each of which offers a distinct way of understanding or failing to understand these issues and where God might belong or not
Writing accessibly but with a sharp eye for detail Thompson sheds new light on the familiar territory of materialism dualism
and structural realism and evaluates the growing attraction of the multiverse He argues that dualism mechanized the
material world then materialism exorcised the mental ghost from the machine and finally this machine is evaporating into
pure mathematics Outgrowing Materialism is half of Ten Ways to Weave the World Matter Mind and God The sequel
Embodying Mind discusses five Worlds that precede and follow those discussed here However Outgrowing Materialism
stands in its own right as a critique of the modern science v religion dilemma *The Esoteric* Hiram Erastus Butler,1888
