resulting in an article two memoranda and a lengthy report is discussed in detail in the Introduction and in the Note on the Confidential Report of Conditions among the Poles in the United States Santayana the Philosopher Daniel Moreno, 2015-03-06 Regarding Santayana it has been claimed that he lacks a system while contradicting himself in outrageous ways An attentive analysis of his complete oeuvre however reveals something else entirely It is not easy to classify a thinker as a Platonic materialist an ironic nihilist a spiritual atheist and a conservative without political commitment but if one respects his own language one discerns an astonishing little known Santayana whose philosophical leitmotif consists in 1 detecting the numerous false steps logical and moral supplied by the imagination when it confuses things with the names that designate them or the world with the feelings that it provokes in the human animal these errors assume diverse faces pantheism moralism egotism subjectivism transcendentalism Platonism Puritanism and utopianism 2 avoiding these illusions in such a way as to keep the spiritual door open as a form of life to be lived out in an honest fashion 3 recognizing the natural origin of these temptations and asking oneself what moves humans to succumb imperceptibly to these mistakes at times tragic at others comical and what precautions one can take to remain cognizant of the deceitful leaps that can hijack one's life and 4 proposing as an alternative the radical distinction between essence and existence which leads him to distinguish four realms of being the realm of essence the realm of matter the realm of truth and the realm of spirit Essence as logical identity matter as contingent existence truth as frozen history and spirit as the flames that part from contingency and approximate the eternal An attempt has been made in this book to expand on and clarify these questions **Boys' Secrets and Men's Loves:** David A.J.
