Cosmopolitan Elites and the Making of Globality Leonie Wolters, 2024-01-11 As ideologies such as communism fascism and various nationalisms vied for global domination during the first half of the 20th century this book shows how a specific group of individuals a cosmopolitan elite became representatives of those ideologies the world over Centering on the Indian intellectual M N Roy *Cosmopolitan Elites and the Making of Globality* situates his life within various social circles that covered several ideological realms and continents An example of an individual who represented ideologies such as anticolonial nationalism communism and humanism Roy is identified as unusual but by no means singular in this capacity and shows how other elites were similarly able to represent ideologies that sought to make the world anew This book explores how Roy and his peers and competitors became a political elite as they cultivated a cosmopolitan reputation that meant they were taken seriously even when speaking of regions outside of their own By considering the social and performative practices that turned them into credible global cosmopolitans Wolters uncovers the exclusive basis on which the universal claims of world changing ideologies were made

M. N. Roy Kris Manjapra, 2020-11-29 This is a work of South Asian intellectual history written from a transnational perspective and based on the life and work of M N Roy one of India's most formidable Marxist intellectuals Swadeshi revolutionary co founder of the Mexican Communist Party member of the Communist International Presidium and a major force in the rise of Indian communism M N Roy was a colonial cosmopolitan icon of the interwar years Exploring the intellectual production of this important thinker this book traces the historical context of his ideas from 19th century Bengal to Weimar Germany through the tumultuous period of world politics in the 1930s and 1940s and on to post Independence India In this book the author makes a number of valuable theoretical contributions He argues for the importance of conceiving the deterritorial zones of thought and action through which Indian anti colonial political thought operated and advances a new periodisation for Swadeshi on this basis He also argues against viewing international communism of the 1920s as a single monolith by highlighting the fractures and contestations that influenced colonial politics worldwide A fresh and insightful perspective on the history of India in the interwar years this book will be of great interest to scholars and students of the modern history of South and East Asia America and Europe and to those interested in anti colonial struggles Communist politics and trajectories of Marxist thought in the 20th century

Historicizing the Enlightenment, Volume 2 Michael McKeon, 2023-07-14 Enlightenment critics from Dryden through Johnson and Wordsworth conceived the modern view that art and especially literature entails a double reflection a reflection of the world and a reflection on the process by which that reflection is accomplished Instead neoclassicism and Augustanism have been falsely construed as involving a one dimensional imitation of classical texts and an unselfconscious representation of the world In fact these Enlightenment movements adopted an oblique perspective that registers the distance between past tradition and its present reenactment between representation and presence Two modern movements Romanticism and

modernism have appropriated as their own these innovations which derive from Enlightenment thought Both of these movements ground their error in a misreading of imitation as understood by Aristotle and his Enlightenment proponents Rightly understood neoclassical imitation constitutively aware of the difference between what it knows and how it knows it is an experimental inquiry that generates a range of prefixes counter mock anti neo that mark formal degrees of its epistemological detachment Romantic ideology has denied the role of the imagination in Enlightenment imitation imposing on the eighteenth century a dichotomous periodization duplication versus imagination the mirror versus the lamp Structuralist ideology has dichotomized narration and description form and content structure and history Poststructuralist ideology has propounded for the novel a contradictory novel tradition realism modernism postmodernism postcolonialism whose stages both constitute a sequence and collapse it each stage claiming the innovation of the stage that precedes it Published by Bucknell University Press Distributed worldwide by Rutgers University Press Encyclopaedia of Eminent Thinkers Kuduva Swamy Bharathi,1998 *Social Science Abstracts* ,1966 *American Freethought* David C. Hoffman,2025-06-17 This book traces the history of the freethought movement to discover the strategies that allowed it to endure and succeed in a fervently religious nation It argues that this movement was successful because it united people with a wide variety of religious outlooks including deists pantheists Unitarians Universalists spiritualists transcendentalists Humanists agnostics and atheists behind the idea that religion is freer and the state is more just when the government refrains from religious involvement **The Radical Humanist** ,2006 **M.N. Roy,2010-10-04 When humanism was first receiving widespread public attention in the West through such publications as The Humanist Manifesto in 1933 unbeknownst to most Westerners humanism was proceeding on a parallel track in India largely due to the efforts of philosopher and political activist M N Roy 1887 1954 Sadly it wasn't until the early fifties at the end of Roy's life that European humanists began to notice his work To rectify the unfortunate neglect in the West of one of India's premier intellectuals philosopher Innaiah Narisetti has compiled this new collection of Roy's most significant works Roy conceived of humanism as a scientific integral and radically new worldview Among many interesting selections in this volume Roy's Principles of Radical Democracy 22 Theses is especially representative of his thinking Here he emphasized ethics and eschewed supernatural interpretations as antithetical to his scientifically oriented conception of new humanism He also underscored the importance of universal education to make average people scientifically literate and to teach them critical thinking Roy was not only a thinker but a doer as well He spent six years in an Indian prison during the 1930s for opposing the British rule of India For humanists philosophers political scientists and others M N Roy's unique and still very relevant view of humanism will have great appeal and broad application beyond its original Indian context *Nta Ugc Net/Jrf/Set Paper 2 Political Science 27 Solved Papers (2012-2021) and 10 Practice Sets* Team Prabhat,2022-04-05 NTA UGC NET JRF SET Paper 2 Political Science 27 Solved Papers 2012 2021 And 10 Practice Sets by Team Prabhat Prepare for the National

Modern Indian Political Thought Bidyut Chakrabarty,Rajendra K. Pandey,2023-09-29 This book is an unconventional articulation of the political thinking in India in a refreshingly creative manner in more than one way Empirically the book becomes innovative by providing an analytically more grasping contextual interpretation of Indian political thought that evolved during the nationalist struggle against colonialism Insightfully it attempts to unearth the hitherto unexplored yet vital subaltern strands of political thinking in India as manifested through the mode of numerous significant socio economic movements operating side by side and sometimes as part of the mainstream nationalist movement This book articulates the main currents of Indian political thought by locating the text and themes of the thinkers within the socio economic and politico cultural contexts in which such ideas were conceptualised and articulated The book also tries to analytically grasp the influences of the various British constitutional devices that appeared as the responses of the colonial government to redress the genuine socio economic grievances of the various sections of Indian society The book breaks new ground in not only articulating the main currents of Indian political thought in an analytically more sound approach of context driven discussion but also provokes new research in the field by

charting a new course in grasping and articulating the political thought in India This volume will be useful to the students researchers and faculty working in the fields of political science political sociology political economy and post colonial contemporary Indian politics in particular It will also be an invaluable and interesting reading for those interested in South Asian studies
