

Reasons in Support of PE

- ▶ Reason for) We often deceive ourselves into thinking our motives are altruistic when really they are selfish. So, it is probable that we do this all the time –that our motives are always selfish.
- ▶ Objection) This establishes that (apparent) altruism *might* be the result of selfishness, but "such a sweeping generalization requires considerable empirical evidence, and such evidence is not presently available."

Human Freedom, Christian Righteousness Timothy J. Wengert,1998-01-08 This book argues the provocative thesis that Philip Melanchthon so often pictured as hopelessly caught in the middle between Erasmus and Luther and more Erasmian than Lutheran in his thought was at least in his theological methods and views not Erasmian at all but in fact sharply opposed to Erasmus Author Timothy J Wengert builds his case largely on the basis of Melanchthon s Scholia on the Epistle of Paul to the Colossians employing the critically important but seldom used second

edition of 1528 which was produced in the aftermath of Luther and Erasmus's famous debate over the free will. Wengert also draws on a wide range of other contemporary sources many of them well known but as he argues frequently misunderstood. Throughout this analysis he subjects a wide range of the secondary literature to sharp critical review. From the vantage point of a relatively narrow exegetical dispute the book deals with a number of important topics: the complicated and elusive relationships between humanism and the Reformation; Erasmus and Luther; Erasmus and Melancthon; and Melancthon and Luther; the theological issues of proper biblical interpretation of free will and of divine and human righteousness; and the hotly contested social problem of political order. Human Freedom, Christian Righteousness will be of interest not only to students and scholars of Reformation theology but to a broader audience of those concerned with Renaissance and Reformation history and literature.
