Armstrong,2020-12-15 The global economy deteriorated in a matter of months due to governments mishandling of the coronavirus outbreak General observers may describe this event as unforeseen but they fail to look at the patterns of the past that reveal the future Cyclical behavior dominates every facet of our world including warfare civil unrest and even pandemics The Cycle of War and the Coronavirus is the most comprehensive review of the war cycle from the beginning of recorded history The civil unrest prevailing on a worldwide basis can be traced to events of the past as it is cyclically on time for a revolution However the current pandemic is by no means a natural occurrence this a deliberate attempt to radicalize the world in the vision of those pulling strings behind the curtain This book exposes the truth explaining why the coronavirus outbreak destroyed the global economy the culprits and what we can expect in the short term and long term volatile future History+ for Edexcel A Level: Religion and the state in early modern Europe Robin Bunce,Sarah Ward,Christine Knaack,2015-09-04 Exam Board Edexcel Level AS A level Subject History First Teaching September 2015 First Exam June 2016 Endorsed for Edexcel Enable your students to develop high level skills in their Edexcel A level History breadth and depth studies through expert narrative and extended reading including bespoke essays from leading academics Build a strong understanding of the period studied with authoritative well researched content written in an accessible and engaging style Ensure continual improvement in students essay writing interpretation and source analysis skills using practice questions and trusted guidance on successfully answering exam style questions Encourage students to undertake rolling revision and self assessment by referring to end of chapter summaries and diagrams across the years Help students monitor their progress and consolidate their knowledge through note making activities and peer support tasks Provide students with the opportunity to analyse and evaluate works of real history with specially commissioned historians essays and extracts from academic works on the historical interpretations This title has complete coverage of the following units in Edexcel s specification England 1509 1603 authority nation and religion Luther and the German Reformation c1515 55 The Dutch Revolt c1563 1609 The Making of Modern Tibet A.Tom Grunfeld,2015-02-24 An account of Tibet and the Tibetan people that emphasises the political history of the 20th century This book attempts to reach beyond the polemics by considering the various historical arguments using archival material from several nations and drawing conclusions focused on available documents The Russian Military Resurgence René De La Pedraja,2018-12-11 The transition from the Soviet to the post 1991 Russian military is a fascinating story of decline and reinvention The Soviet

army suffered a slow demise dissolving in 2000 and only gradually reforming based on radically different principles The First Chechnya War 1994 1996 was the lowest point for the Soviet military but the Second Chechnya War 1999 2004 saw the initial stirrings of the new Russian army The Five Day War with Georgia in August 2008 was its first major success and marked Russia's return to world power status Lively accounts and maps describe the actions of these wars along with the Crimea operation of 2014 the separatist struggles in eastern Ukraine and the ongoing Russian intervention in Syria
