Somalia Redux? Matt Bryden, 2013-09-10 The Somali Federal Government SFG established in August 2012 has been widely welcomed as Somalia's first post transition government receiving breathlessly upbeat media coverage and plaudits from the international community Matt Bryden argues in this report that these buoyant judgments are based on highly selective appraisals of the situation The SFG remains frail and embattled Furthermore there are major question marks over its inclusiveness and its relationships with other Somali authorities and factions Less than a year into the SFG's mandate hope and optimism are steadily giving way to polarization acrimony and fears of renewed violence

Violations of the Rules Applicable in Non-International Armed Conflicts and Their Possible Causes Omar Abdulle Alasow, 2010-05-17 While all armed conflicts are marked by violations of international humanitarian law non international armed conflicts appear to be characterised by even more serious violations of international humanitarian law on a colossal scale This study is aimed at understanding the possible factors that may cause parties to non international armed conflicts to engage in violations despite the fact that not only international humanitarian law but also other bodies of rules e.g legal and moral impose restrictions and obligations similar to international humanitarian law Somalia which for over two decades has been experiencing internal armed conflicts marked by widespread violations is a typical case This study addresses the root causes of the internal armed conflict in Somalia and identifies factors which contributed to the collapse of the Somali state and the reasons for its continuing conflict It also examines the characteristics of the conflict In order to examine the extent to which applicable rules have been respected or not the study examines both international rules applicable in non international armed conflicts and specific Somali rules of warfare After demonstrating evidence of violations and analysing it this study seeks to identify possible direct and indirect causes of these violations In addition it also seeks to identify whether such possible causes contribute to violations that are unique to the situation in Somalia or if not whether there may be lessons to be learnt for other situations similar to that in Somalia

Songs and Politics in Eastern Africa Kimani Njogu, Herv Maupeu, 2007-10-15 Songs and Politics in Eastern Africa brings together important essays on songs and politics in the region and beyond Through an analysis of the voices from the margins the authors contributors enter into the debate on cultural productions and political change The theme that cuts across the contributions is that songs are in addition to their aesthetic appeal vital tools for exploring how political and social events are shaped and understood by citizens Urbanization commercialization and globalization contributed to the vibrancy of East African popular music of the 1990s which was marked by hybridity syncretism and innovativeness It was a product of social processes inseparable from society politics and other critical issues of the day The lyrics explored social cosmology worldviews class and gender relations interpretations of value systems and other political social and cultural practices even as they entertained and provided momentary escape for audience members Frustration disenchantments and emotional fatigue resulting from corrupt and dictatorial political systems that stifle the potential of citizens drove and still drive popular music in Eastern Africa as in most of Africa Songs and Politics in Eastern Africa is an important addition to the study of popular culture and its role in shaping society

Social and Cultural Anthropology in Perspective Ioan M. Lewis, 2017-09-29 Social anthropology is in the classic definition dedicated to the study of distant civilizations in their traditional and contemporary forms But there is a larger aspiration the comparative study of all human societies in the light of those challengingly unfamiliar beliefs and customs that expose our own ethnocentric limitations and put us in our place within the wider gamut of the world's civilizations Thematically guided by social setting and cultural expression of identity *Social and Cultural Anthropology in Perspective* is a dynamic and highly acclaimed introduction to the field of social anthropology which also examines its links with cultural anthropology A challenging new introduction critically surveys the latest trends pointing to weaknesses as well as strengths Presented in a clear lively and entertaining fashion this volume offers a comprehensive and up to date guide to social anthropology for use by teachers and students Skillfully weaving together theory and ethnographic data author Ioan M Lewis advocates an eclectic approach to anthropology He combines the strengths of British structural functionalism with the leading ideas of Marx Freud and Levi Strauss while utilizing the methods of historians political scientists and psychologists One of Lewis particular concerns is to reveal how insights from traditional cultures illuminate what we take for granted in contemporary industrial and post industrial society He also shows how in the pluralist world in which we live those who study other cultures ultimately learn about themselves Social anthropology is thus shown to be as relevant today as it has been in the past *Caring Fathers in the Global Context* Petteri Eerola, Katherine Twamley, Henna Pirskanen, Pedro Romero-Balsas, 2025-07-24 Despite growing recognition of fathers involvement in family life dominant narratives still marginalise men's caring roles *Caring Fathers in the Global Context* addresses a pressing gap in our shared understanding how care is practised and experienced by men across diverse cultural social and policy settings Drawing on wide ranging international research this timely edited collection offers a rich comparative exploration of how men become caring fathers and the pathways leading to this It connects fatherhood studies with care scholarship to provide new theoretical and

empirical insights into how care is shared negotiated and made meaningful in everyday life A vital and interdisciplinary resource for anyone studying families and social change this book invites readers to rethink care masculinity and intergenerational relationships in a rapidly changing world Human Development Report, Somalia 2001 United Nations Development Programme,2001 Contains statistical data Dictionary of African Biography Emmanuel Kwaku Akyeampong,Professor Henry Louis Gates, Jr.,2012-02-02 From the Pharaohs to Fanon Dictionary of African Biography provides a comprehensive overview of the lives of the men and women who shaped Africa s history Unprecedented in scale DAB covers the whole continent from Tunisia to South Africa from Sierra Leone to Somalia It also encompasses the full scope of history from Queen Hatsheput of Egypt 1490 1468 BC and Hannibal the military commander and strategist of Carthage 243 183 BC to Kwame Nkrumah of Ghana 1909 1972 Miriam Makeba and Nelson Mandela of South Africa 1918
