Regional Security In The Middle East Past Present And Future:

Regional Security in the Middle East Zeev Maoz, 1997 Middle Eastern politics of the 1990s have been characterized by a drive towards peace the success of which will depend on the negotiating process This volume discuss the challenges and provide some practical advice on how to avoid failure **Regional Security in the Middle East** Pinar Bilgin, 2004-09-09

This is an accessible yet critical analysis of regional security in the Middle East Using a non realist approach Bilgin provides a comprehensive study of the past present and future of security in the region She also considers the question of identity formation explaining how and why various regional representations came into being and explor Regional Security in the

Middle East , 1997 **Special Issue on Regional Security in the Middle East** Zeev Maoz, 1997 **Regional Security in the Middle East** Zeev Maoz, 2013-06-17 Middle Eastern politics of the 1990s have been characterized by a drive towards peace Whether this is successful or not will depend on the negotiating process These articles discuss the challenges and provide some practical advice on how risks of failure could be avoided **Regional Security in the Middle East ,**

Regional Security Dialogue in the Middle East Chen Kane, Egle Murauskaite, 2014-07-25 At this time of considerable political turmoil in the Middle East there is a pressing need to explore alternative frameworks for regional security The book discusses the Helsinki Process as one potentially relevant historical model to learn from The Helsinki Process began in a divided Europe in the early 1970s and over 40 years achieved major successes in promoting cooperation between the Warsaw Pact and NATO member states on social human rights security and political issues In this volume established Middle East experts former diplomats and emerging scholars assess the regional realities from a broad range of perspectives and with the current momentum for reform across the Middle East chart a path towards a comprehensive mechanism that could promote long term regional security Providing a gamut of views on regional threat perception and suggesting ways forward for regional peace this book is essential reading for students and scholars with an interest in Politics the Middle East and Conflict Studies Building Regional Security in the Middle East Emily B. Landau, Tamar Malz, Zeev Maoz, 2004-11-23

Discussions on regional security were initiated in the Middle East in 1992 as part of the Middle East peace process The collapse of the Oslo process and other regional developments in the latter half of the 1990s have diminished hopes that the initial gains made in this direction might further develop as violence has again become the primary mode of effecting political changes in the region On the backdrop of this somewhat dismal current reality in the Middle East the rationale for this volume is that research into regional security structures should nevertheless be pursued When looking at the long term process of creating regional security setbacks are not unlikely The articles that make up this collection focus on the problems that have been encountered and possible directions for getting regional efforts back on track A special issue of the Journal of Strategic Studies *Peacekeeping in the Middle East as an International Regime* Kenneth Dombroski, 2007-11-21 This book investigates whether an international institution can alter state behaviour and thereby contribute to the peaceful resolution

of a conflict Kenneth Dombroski focuses on the series of interrelated peacekeeping efforts undertaken to help resolve the Arab Israeli conflict from 1948 1994 Analyzing these sequential operations over a forty six year period provides evidence as to the relative importance of institutions in a state centric international system He provides an alternative approach to the study of international peacekeeping that evaluates the long term effects of peacekeeping on state behaviour and concomitantly the effects of varying state behaviour on an international regime This book offers new perspectives on the relative importance of regimes the utility of regime analysis in explaining the importance of international institutions the significance of a peacekeeping regime s role in influencing state behaviour and the impact of varying state behaviour on regime evolution Geopolitics, Geography and Strategy Colin S. Gray,Geoffrey Sloan,2014-01-14

Geopolitical conditions influence all strategic behaviour even when cooperation among different kinds of military power is expected as the norm action has to be planned and executed in specific physical environments The geographical world cannot be avoided and it happens to be organized into land sea air and space and possibly the electromagnetic spectrum including cyberspace Although the meaning of geography for strategy is a perpetual historical theme explicit theory on the subject is only one hundred years old Ideas about the implication of geographical especially spatial relationships for political power which is to say geopolitics flourished early in the twentieth century Divided into theory and practice sections this volume covers the big names such as Mackinder Mahan and Haushofer as well as looking back at the vital influence of weather and geography on naval power in the long age of sail sixteenth to nineteenth centuries It also looks forward to the consequences of the revival of geopolitics in post Soviet Russia and the new space based field of astropolitics **The Middle East and South Asia**

Politics of Change in

Middle East and North Africa since Arab Spring Md. Muddassir Quamar, 2022-12-29 A decade since the eruption of Arab

Spring protests in the Middle East and North Africa the region continues to confront the primary causes of the popular disenchantment including economic deprivation bad governance corruption and limited avenues for political expression Democratisation the buzzword in 2011 has given way to debates around conflict management and resolution Simultaneously there are mounting economic challenges throughout the region that have been aggravated by the COVID 19 pandemic But there are some silver linings such as a focus on reforms greater scrutiny against corruption demand for better governance and awareness regarding women empowerment and rights of minorities The volume Politics of Change in the Middle East and North Africa since Arab Spring A Lost Decade commemorates the ten years of the eruption of Arab Spring protests It captures some of the prevailing political economic strategic and social issues in MENA through thematic or country specific essays that explore the ongoing transformations and underline how despite the hopelessness the MENA societies have made
