**Religion and the Western Mind** Ninian Smart, 1987-03-15 Ninian Smart believes that the modern study of religion should occur in the context of a radical reappraisal of our educational system This is a worldview analysis of religion appropriate to today's global city It attacks narrowness whether found in Western philosophy or Christian theology and argues for a disestablishmentarian stance

**Religion and the Western Mind** Ninian Smart, 1987-03-15 Ninian Smart believes that the modern study of religion should occur in the context of a radical reappraisal of our educational system This is a worldview analysis of religion appropriate to today's global city It attacks narrowness whether found in Western philosophy or Christian theology and argues for a disestablishmentarian stance Religion and the Western Mind presents the explosive possibilities of religions of world views that have the power to shape history It offers a theory regarding the need of nations for religious justifications It examines three fundamental backlashes the Moral Majority the Muslim Brotherhood and Gush Emunim It looks at the contrasting Indian and Sri Lankan responses to Western influence and delineates the Indian tradition in a new way And finally it diagnoses the future exploring the ethical inferences of the worldview and supporting a position that runs like a thread through this book

*The Closing of the Western Mind* Charles Freeman, 2007-12-18 A radical and powerful reappraisal of the impact of Constantine's adoption of Christianity on the later Roman world and on the subsequent development both of Christianity and of Western civilization When the Emperor Constantine converted to Christianity in 368 AD he changed the course of European history in ways that continue to have repercussions to the present day Adopting those aspects of the religion that suited his purposes he turned Rome on a course from the relatively open tolerant and pluralistic civilization of the Hellenistic world towards a culture that was based on the rule of fixed authority whether that of the Bible or the writings of Ptolemy in astronomy and of Galen and Hippocrates in medicine Only a thousand years later with the advent of the Renaissance and the emergence of modern science did Europe begin to free itself from the effects of Constantine's decision yet the effects of his establishment of Christianity as a state religion remain with us in many respects today Brilliantly wide ranging and ambitious this is a major work of history

[Passion of the Western Mind](#) Richard Tarnas, 2011-10-19 This magnificent critical survey with its inherent respect for both the West's mainstream high culture and the radically changing world of the 1990s offers a new breakthrough for lay and scholarly readers alike Allows readers to grasp the big picture of Western culture for the first time SAN FRANCISCO CHRONICLE Here are the great minds of Western civilization and their pivotal ideas from Plato to Hegel from Augustine to Nietzsche from Copernicus to Freud Richard Tarnas performs the near miracle of describing profound philosophical concepts simply but without simplifying them Ten years in the making and already hailed as a classic THE PASSION OF THE WESTERN MIND is truly a complete liberal education in a single volume

**Islam for the Western Mind** Richard Henry Drummond, 2005-01-01 Surveys the life and times of Muhammad and the rise of Islam including the prophet's visions and the politics that shaped his message Provided

by publisher The Oneness of the Eastern Heart and the Western Mind Sri Chinmoy, 2014-03-22 This historic collection of all of Sri Chinmoy's university lectures in eBook form has been released to commemorate the 50th anniversary of Sri Chinmoy's arrival in the West on 13 April 1964. Sri Chinmoy's very first university lecture was given at the University of the West Indies in Kingston, Jamaica, on 10 January 1968. It was entitled 'Spirituality: What It Is and What It Is Not'. This inaugurated a whole era of talks which saw Sri Chinmoy travelling ceaselessly across the length and breadth of America and around the world to address the youth of each country. He would spend countless hours travelling by car or train to reach far flung universities, sometimes visiting two or even three in the course of a single day. After many of these sublimely inspiring discourses, he would answer questions from the audience or spend time instructing sincere seekers in the age-old practices of concentration, meditation, and contemplation. By the mid-seventies, Sri Chinmoy had spoken volumes and he began to include longer and longer periods of silent meditation in his lectures. Then, in 1984, in a significant departure from the spoken word, he introduced the theme of Peace Concerts. At these concerts, Sri Chinmoy would play his own soulful and devotional compositions on a variety of instruments of both Eastern and Western origin, meditating between each instrument and sometimes giving aphorisms on peace and related themes. In 2003, yet another form of Sri Chinmoy's self-offering unfolded when he travelled to a number of universities to honour distinguished professors for their significant contributions to the betterment of humanity by physically lifting them overhead. This remarkable endeavour was part of his 'Lifting Up the World With a Oneness Heart' award programme. Thus, through words, silence, music, and a combination of physical and spiritual upliftment, Sri Chinmoy has shared his profound spiritual message with the aspiring Truth-seekers and God-lovers of the university world for four decades. Sri Chinmoy's words are mantras for the modern age, reverberating in our hearts with their timeless and truly life-transforming wisdom. In his exquisite prose, which is suffused with the very breath and cadence of poetry, Sri Chinmoy has revealed all the many stages of the seeker's journey towards the Golden Shores of the ever-transcending Beyond. For generations to come, these three volumes will awaken the inner mounting cry of seekers everywhere to achieve the highest Goal of Yoga: union with God in this life. Eastern Light Shines on Western Minds Helena Petrovna Blavatsky, 2018-06-23 Eastern Psychology has given the West a clue to certain mysteries previously baffling, as for example in the departments of 1 Mesmerism and hypnotism 2 The supposed posthumous relations of the disincarnate entity with the living 3 The nature and relations of Force and Matter, capable of practical verification by whomsoever may learn and follow out the experimental methods of the Oriental Schools of Occult science. Eastern Occult Science and its complementary philosophy throws light upon some of the deepest problems of man and nature. But Occultism is colourless, cosmopolitan, unsectarian, sexless, unworldly, altruistic. *Ninian Smart on World Religions: Traditions and the challenges of modernity. I. Individual traditions. Buddhism. 'Mysticism and scripture in Theravāda Buddhism'* Ninian Smart, 2009 Ninian Smart came to public prominence as the founding Professor of the first British university Department of Religious Studies in

the late 1960s His pioneering views on education in religion proved hugely influential at all levels from primary schools to academic teaching and research An unending string of publications many of them accessible to the general public sustained a reputation that became worldwide Here for the first time a selection of Ninian Smart's wide ranging writings is organised systematically under a set of categories which both comprehend and also illuminate his varied output over a career spanning half a century The editor John Shepherd was Principal Lecturer in Religion and Philosophy at the University of Cumbria He first met Smart as a postgraduate student and recently helped establish the Ninian Smart Archive at the University of Lancaster

**Religion, Materialism and Ecology** Sigurd Bergmann, Kate Rigby, Peter Manley Scott, 2023-05-31 This timely collection of essays by leading international scholars across religious studies and the environmental humanities advances a lively discussion on materialism in its many forms While there is little agreement on what materialism means it is evident that there is a resurgence in thinking about matter in more animated and active ways The volume explores how debates concerning the new materialisms impinge on religious traditions and the extent to which religions with their material culture and beliefs in the Divine within the material can make a creative contribution to debates about ecological materialisms Spanning a broad range of themes including politics architecture hermeneutics literature and religion the book brings together a series of discussions on materialism in the context of diverse methodologies and approaches The volume investigates a range of issues including space and place hierarchy and relationality the relationship between nature and society human and other agencies and worldviews and cultural values Drawing on literary and critical theory and queer philosophical theological and social theoretical approaches this ground breaking book will make an important contribution to the environmental humanities It will be a key read for postgraduate students researchers and scholars in religious studies cultural anthropology literary studies philosophy and environmental studies

**Eastern Religion for Western Gnostics** Michael Faust, 2013-01-26 Is religion compatible with science The Tao of Physics by Fritjof Capra famously attempted to draw parallels between modern physics and Eastern mysticism What Capra conspicuously avoided was any comparison between the Abrahamic religions and physics These religions of faith have no scientific component The West has in the last few hundred years been the engine of scientific progress yet the dominant religions of the West are anti scientific This has led to a damaging dichotomy in the Western mind Doesn't the West have any enlightenment religions that might allow science and religion to find common ground This book compares and contrasts the Gnostic religion of Illumination the religion of the ancient secret society known as the Illuminati with the main Eastern religions of Hinduism Buddhism and Taoism and suggests that all four religions can be brought together under one banner Enlightenment that may stand in united opposition to Abrahamism knowledge against faith

Nord, 2014-07-01 Warren Nord s thoughtful book tackles an issue of great importance in contemporary America the role of religion in our public

schools and universities According to Nord public opinion has been excessively polarized by those religious conservatives who would restore religious purposes and practices to public education and by those secular liberals for whom religion is irrelevant to everything in the curriculum While he maintains that public schools and universities must not promote religion he also argues that there are powerful philosophical political moral and constitutional reasons for requiring students to study religion Indeed only if religion is included in the curriculum will students receive a truly liberal education one that takes seriously a variety of ways of understanding the human experience Intended for a broad audience Nord s comprehensive study encompasses American history constitutional law educational theory and practice theology philosophy and ethics It also discusses a number of current controversial issues including multiculturalism moral education creationism academic freedom and the voucher and school choice movements
