## **Religion Of The Semites Ppr:**

*Religion of the Semites (Ppr)* William Robertson Smith, Scottish Semiticist and Arabist William Robertson Smith was a celebrated biblical critic theorist of religion and theorist of myth His accomplishments were multiple Smith s German mentors reconstructed the history of Israelite religion from the Bible itself Smith ventured outside the Bible to Semitic religion and thereby pioneered the comparative study of religion Where others viewed religion from the standpoint of the individual Smith approached religion at least ancient religion from the standpoint of the group He asserted that ancient religion was centrally a matter of practice not creed and singlehandedly created the ritualist theory of myth Since Smith s time the ritualist theory of myth has found adherents not only in biblical studies but in classics anthropology and literature as well Smith s accomplishments are seen most fully in *Religion of the Semites* adapted from a number of public lectures he gave at Aberdeen and first published in 1889 Smith delivered three courses of lectures over three years It is this set that is reprinted here Only recently were the notes for the second and third courses of lectures discovered and published *Religion of the Semites* combines extraordinary philological erudition with brilliant theorizing Among the fundamental emphases of the book are the foci on sacrifice as the key ritual and non ancient sacrifice as communion with God rather than as penance for sin Most important is Smith s use of the comparative method he uses cross cultural examples from other primitive peoples to confirm his reconstruction from Semitic sources Smith combines pioneering sociology and anthropology with a staunchly Christian faith For him Christianity is an expression of divine revelation For Smith only continuing revelation can account for the leap from the collective ritualistic and materialistic nature of ancient Semitic religion to the individualistic creedal and spiritualized nature of Christianity *Lectures on the Religion of the Semites* manages to meld social science with theology and remains a classic work in the social scientific study of religion

*Communications & Social Order Ppr* Hugh Dalziel Duncan, In this highly influential study of art forms as models for a theory of communications Hugh Dalziel Duncan demonstrates that without understanding of the role of symbols in society social scientists cannot hope to develop adequate models for social analysis He reviews critically major contributions to communication theory during the past century Freud s analysis of dream symbolism Simmel s concept of sociability James insights into religious experience and Dewey s relating of art to experience

*New Nationalism (The) (Ppr)* Louis Leo Snyder,2003-01-01 In Snyder s opinion nationalism should be differentiated from Theodore Roosevelt s New Nationalism a phrase he borrowed from Herbert D Croly s *The Promise of American Life* Croly warned that giving too much power to big industry and finance would lead to the degradation of the masses and that state and federal intervention must be pursued on all economic fronts Roosevelt expanded upon this concept and saw the flourishing of democratic government as a means of reviving the old pioneer sense of individualism and opportunity Snyder in contrast extends the work of the two major pioneers in the study of modern nationalism Carlton J H Hayes and Hans Kohn in exploring this most powerful sentiment of modern times and showing how it relates to the political economic and

psychological tendencies of historical development **BOOK JACKET** **Emile Durkheim's Sociological Theory of Religion and of Knowledge** Maurice Okpo Ene, 1973 **The Century Dictionary and Cyclopedia: Dictionary** William Dwight Whitney, 1904 The Century Dictionary and Cyclopedia: The Century dictionary ... prepared under the superintendence of William Dwight Whitney ... rev. & enl. under the superintendence of Benjamin E. Whitney** William Dwight Whitney, Benjamin Eli Smith, 1900 *The Century Dictionary and Cyclopedia* William Dwight Whitney, 1895 *Zygmunt Bauman* Shaun Best, 2016-02-11 In this ground breaking book Shaun Best analyses the intellectual knowledge production of Zygmunt Bauman and his rise to academic stardom in the English speaking world by evaluating the relation between his biography the contexts in which he found himself and why his intellectual creativity is admired by so many people Bauman has an interesting contested biography and underwent a number of intellectual shifts from the early stages of his academic career as Marxist Bauman moved on and for almost ten years he was associated with postmodernity from 1989 1997 but in 2000 he decided to distance himself from postmodernism and rebrand his approach to understanding the contemporary world as liquid modernity Best shows how Bauman developed his canonised status becoming an intellectual guru in the UK and in Australia despite being largely ignored by the academic community in the United States and Central Europe Rather than investigating Bauman's academic output as a demonstration of his creative genius Best argues that most academic output involves the interplay of multiple factors and this book evaluates the influences on both intellectual choices and the social factors or contexts that led Bauman to attach himself to different sets of ideas during his academic career The Century Dictionary and Cyclopedia: The Century dictionary. 1889, 1903 **Lectures on the Religion of the Semites (Second and Third Series)** William Robertson Smith, 1995-09-01 The outstanding nineteenth century biblical scholar and Semitist William Robertson Smith gave three courses of Burnett Lectures on the Religion of the Semites at Aberdeen just over a century ago The first series published in 1889 2nd edn 1894 has long been a classic work The second and third series were never published owing to the author's ill health however the manuscript of them still exists in the Cambridge University Library and was recently discovered by John Day who has produced this edited version of the work to commemorate the centenary of Smith's death The Lectures which constitute a work of considerable Semitic and Classical learning are on the following

subjects Feasts Priests and the Priestly Oracle Prophecy and Divination Semitic Polytheism and Cosmogony Dr Day has written an Introduction which evaluates the work and includes nineteenth century press reports of the Lectures **La grande encyclopédie** une Société de savants et de gens de lettres, 1885
