Religious Life of the Brahman Asim Maitra, 1986 Nowhere else in the world have so many races and cultures met and got absorbed as in India Nowhere else in the world has religion been made the object of such vast experimentation as village Hindu religion The present book by Asim Maitra based on his field study using anthropological tools aims at providing a correct and scientific understanding of the religious issues of Maithil Brahmins in particular and the Mithila area now comprising the present districts of Darbhanga Saharsa Madhywani Samastipur parts of Champaran Muzaffarpur Monghyr Bhagalpur Purnea and Tarai under Nepal lying between the districts and lower ranges of Himalaya in general **Brahman** Michael Myers, 2013-09-13 This book is a critique of western systematic theology It borrows insights from India and other traditions it is not a synthesis of religious traditions The book includes two parts method and systematics It examines the traditional topics of systematic theology topics such as the existence and nature of God revelation and reason religious ethics and human practice the relation of God to the world Christology and eschatology and allows these topics to grow in conversation with India and to change according to dialogical insights The book is prompted by a perceived need to cross the boundaries between western and Indian worldviews in a systematic and comprehensive way The purpose of the book is to enable scholars worldwide to extend their theological resources and to look anew at the problems and prospects of a comparative systematic theology The Philosophy of Religion and Advaita Vedanta Arvind Sharma, 2008-01-31 Philosophy of religion as we know it today emerged in the West and has been shaped by Western philosophical and theological trends while the philosophical tradition of India flowed along its own course until the late nineteenth century when active if tentative contact was established between the West and the East This book provides a definite focus to this interaction by investigating issues raised in Western philosophy of religion from the perspective of Advaita Vedanta the influential school of Indian thought In promoting the emergence of a cross cultural philosophy of religion Arvind Sharma focuses on John H Hick and his well known work The Philosophy of Religion as representative of modern Western philosophy of religion and on Ankara along with his modern successors such as M Hiriyanna and S Radhakrishnan as representative of Advaita Vedanta Brahman Hervey De Witt Griswold, 1900 *The Brahmins, Theists and Muslims of India* John Campbell Oman, 1907 *Spiritual Freedom in the Brahma Sutras* Carol Pitts, Les Morgan, 2012-07-19 This book examines major theories about spiritual freedom and their implications as presented in the Brahma Sutras a major philosophical work in Indian tradition The sutras are examined with regard to the views of major commentators and their connection with other Indian philosophical texts Contents includes 1 an introduction to the Brahma Sutras 2 a review of English translations 3 a review of basic concepts in Indian philosophy with emphasis on the importance of Brahman Liberation and Maya in the Upanishads 4 comparison of how different commentators have understood the Brahma Sutras 5 modern interpretations of the Brahma Sutras including Dr Ramamurti Mishra Brahmananda Sarasvati This is a facsimile edition of a Master of Arts dissertation

submitted in 1976      **The Great Epic of India** Edward Washburn Hopkins, 1993 Long ago when this book first appeared in the opening year of the century the great Epic Mahabharata had not been thoroughly examined to see what literature it reflected had not received a careful investigation from the metrical side its philosophy had been reviewed only in a most haphazard fashion and its relation to other epic poetry had been almost judgement on the question of the date and origin of the poem of which scholars knew as yet this poem of which scholars knew as yet scarcely more than that before a definitive answer could be given the whole huge structure must be studied from many points of view      *The Religions of India* Edward Washburn Hopkins, 1895 Series title in part also at head of t p Bibliography p 573 595      **A History of the Religious Beliefs and Philosophical Opinions in China from the Beginning to the Present Time** Léon Wieger, 1927      **History of Religion** Allan Menzies, 1895      **J.L. Mehta on Heidegger, Hermeneutics and Indian Tradition** William J. Jackson, 2023-11-27 This book presents a selection of essays by the Indian philosopher J L Mehta on the topics of hermeneutics and phenomenology containing many original reflections on questions of interpretation and the creative retrieval and renewal of meanings from ancient traditions Beginning with essays on sources of modern phenomenological methods the work goes on to articulate principles of phenomenology and to apply them to the interpretation of Hindu traditions and texts The final group of essays consider the problems of East West understanding and issues of intercultural relationships and the possibilities of planetary thinking In the fourteen essays brought together here Mehta elucidates the contributions of continental philosophers such as Husserl Heidegger and Gadamer and interprets meanings of the Rig Veda Krishna in the Mahabharata and the life of Sri Aurobindo He also critically examines Western perceptions of India as a culture steeped in its own dreams and explores the processes of rediscovering and re appropriating through interpretation and translation one s ideological roots The book contains an introductory and a concluding essay by the editor contextualizing Mehta s life and studies Thoughtful and provocative pieces by Wilhelm Halbfass and Raimondo Panikkar lead into the main body of the work This is an especially useful work because Mehta was a rare kind of international thinker In his mature essays his thinking came full circle having grown from Hindu origins expanding through Western psychology and continental philosophy and returning to re assess profound questions in Indian thought      **The New Materialism** J.K. Feibleman, 2012-12-06 A wholly new theory of matter has been advanced in the last half century by modern physics but there has been no new theory of materialism to match it The occurrence of a revolution of such magnitude in science will have to be understood as calling for a corresponding one in philosophy The present work is an attempt to make a start in that direction Grateful acknowledgment is hereby made to the Editors of the following journals for permission to reprint articles which first appeared in their pages to Darshana for Human Nature and Institutions to Diogenes for Full Concreteness and the Re Materialization of Matter to Perspectives in Biology and Medicine for The Ambivalence of Aggression and the Moralization of Man to Philosophy and Phenomenological Research for Formal Materialism Reconfirmed which appears here

D. Mehta,1987     *Intercultural Philosophy* Ram Adhar Mall,2000-01-12 The meeting of different cultures philosophies and religions today calls for an intensive and qualified discourse on the part of all concerned Intercultural Philosophy seeks to develop such a discourse through a new orientation of thought that will allow for a discussion of all philosophical problems from an intercultural perspective In this important new work Ram Adhar Mall approaches the study of philosophy from a cross cultural point of view allowing for fundamental similarities and illuminating differences between cultures In doing so he develops a new concept of intercultural philosophy and applies it to various philosophical disciplines     **Gandhi's Religion** J. Jordens,1998-02-23 This is the first systematic study of Mohandas Gandhi s conception of religion and of his personal religious practices to be based on the ninety volumes of his Collected Works With a constant awareness of chronology it focuses on Gandhi s own statements revealing the considerable development of his ideas within a lasting and consistent ideological and moral framework This biography of Gandhi as a Hindu discloses how he was influenced by and reacted to Hindu traditions and why the Hindu establishment rejected him     *India* Annie Besant,1913     *Essays and Addresses* Annie Besant,1913     **Animal Welfare in World Religion** Joyce D'Silva,2023-05-01 This unique and readable book examines the relationship between religion and animal welfare taking a detailed dive into the teachings and practices of the major world religions While there are many books expounding the beliefs of the major religions and many about the rights and welfare of animals there are few linking the two With each chapter focusing on one of the five major religions Judaism Christianity Islam Hinduism and Buddhism the book explores the beliefs and practices which drive our relationship with and treatment of animals The book draws on the scriptures of the major faiths and includes the voices of leading historical religious figures and contemporary faith leaders In doing so it compares the teachings of old with contemporary practices and showcases the impact of the major religions on both the protection and exploitation of animals from running animal sanctuaries to participating in or condoning cruel sports and factory farming Importantly the book also includes a chapter looking beyond the major world religions where it examines a wider range of beliefs and practices including Indigenous peoples from the USA and Australia Jainism Sikhism and Rastafarianism to provide fascinating insights into another range of beliefs and views on the human animal relationship Overall this book challenges and encourages religious leaders and followers to re examine their teachings and to prioritise the well being of animals This book is essential reading for those interested in the role of religion in animal welfare human animal studies and animal welfare and ethics more broadly     *Religion in India* Fred W.
