Religious Newspapers In The Old Northwest To 1861 A History Bibliography And Record Of Opinion:

Religious Newspapers in the Old Northwest to 1861 Wesley Norton, 1977 The newspaper was one of several agencies which religious societies developed to promote their multiple objectives It was published weekly whenever possible to carry both the good news of the gospel and secular news and comment within a religious framework The clergy who conducted them intended to save men and make for them and fit them for a kingdom which had both religious and secular dimensions The combination of religious and secular function unique to that generation makes the religious newspaper the most revealing source of the complex motives interests and opinions of the religiously inclined In reaching for their goal the sponsors of this enterprise authentically reflected and influenced important segments of the public with all classes of Americans being involved

International Bibliography Of Jewish Affairs, 1976-1977 Elizabeth E. Eppler, 2019-04-03 This bibliography a project of is intended as an aid to research on and cultural aspects of contemporary ship between Jews and the non Jewish material published in 1976 and 1977 the Institute of Jewish Affairs the historical social political Jewish life and on the relationworld The present volume covers The Bibliography includes primarily nonfiction works published outside Israel by both Jewish and non Jewish authors it excludes belles lettres with the exception of documentary novels and memoirs and religious studies Entries are arranged by subject with cross references wherever applicable a cumulative index of names and a list of periodicals are provided at the end of the volume

The Wilderness, the Nation, and the Electronic Era Elmer J. O'Brien, 2009-07-29 The Wilderness the Nation and the Electronic Era American Christianity and Religious Communication 1620 2000 An Annotated Bibliography contains over 2 400 annotations of books book chapters essays periodical articles and selected dissertations dealing with the various means and technologies of Christian communication used by clergy churches denominations benevolent associations

printers booksellers publishing houses and individuals and movements in their efforts to disseminate news knowledge and information about religious beliefs and life in the United States from colonial times to the present Providing access to the critical and interpretive literature about religious communication is significant and plays a central role in the recent trend in American historiography toward cultural history particularly as it relates to numerous collateral disciplines sociology anthropology education speech music literary studies art history and technology The book documents communication shifts from oral history to print to electronic and visual media and their adaptive uses in communication networks developed over the nation s history This reference brings bibliographic control to a large and diverse literature not previously identified or indexed

The Revival of 1857-58 Kathryn Teresa Long,1998-07-02 This book provides a fresh in depth examination of the Revival of 1857 58 a widespread religious awakening most famous for urban prayer meetings in major metropolitan centers across the United States Often mentioned in religious history texts and articles but overshadowed by scholarly attention to the first and second Great Awakenings the revival has lacked a critical book length analysis This study will help to fill this gap and to place the event within the context of Protestant revival traditions in America The Revival of 1857 58 was a multifaceted religious movement that Long suggests may have been the closest thing to a truly national revival in American history The awakening marked the coming together of formalist and populist evangelical groups particularly in urban areas and helped to create the beginnings of a transdenominational religious identity among middle class American evangelicals Long explores the revival from various angles emphasizing the importance of historiography and examining the way Calvinist clergy and the editors of the daily press canonized particular versions of the revival story most notably its role in the history of great awakenings and its character as a masculine businessmen s revival She gives attention to grassroots perspectives on the awakening and also pursues wider social and cultural questions including whether the revival actually affected evangelical involvement in social reform The book combines insights from contemporary scholarship concerning revivals women s history and nineteenth century mass print with extensive primary source research The result is a clearly written study that blends careful description with nuanced analysis

The Advocates of Peace in Antebellum America Valarie H. Ziegler,2001 This book chronicles the political and intellectual development of the two major antebellum peace movements The American Peace Society a moderate peace group aimed to work through the institutions of church and state to achieve peace The New England Nonresistant Society constituted a radical group which advocated the individual s complete separation from all institutions and strict adherence to the example of Christ s life and teachings

The Ethnic Press Leara Rhodes,2010 Introduction Larger socio cultural realm Historical context Press functions Sojourner mentality Religious intolerance Political press issues Literary mission belle lettres Fundamental internal press issues Cultural pluralism Future unfolds

The Old Northwest ,1987 A journal of regional life and letters

The Mind of the Master Class Elizabeth Fox-Genovese,Eugene D. Genovese,2005-10-17 The Mind of the Master Class tells of America s greatest historical

tragedy A great many of the slaveholding men and women were intelligent honorable and pious yet these very people admirable in so many ways presided over a social system that proved itself an enormity and inflicted horrors on their slaves Even now there is much to be learned from their moral and political reflections on their times and ours **The Source** Loretto Dennis Szucs, Sandra Hargreaves Luebking, 2006 Genealogists and other historical researchers have valued the first two editions of this work often referred to as the genealogist's bible The new edition continues that tradition Intended as a handbook and a guide to selecting locating and using appropriate primary and secondary resources The Source also functions as an instructional tool for novice genealogists and a refresher course for experienced researchers More than 30 experts in this field genealogists historians librarians and archivists prepared the 20 signed chapters which are well written easy to read and include many helpful hints for getting the most out of whatever information is acquired Each chapter ends with an extensive bibliography and is further enriched by tables black and white illustrations and examples of documents Eight appendixes include the expected contact information for groups and institutions that persons studying genealogy and history need to find **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1979

Central Ideas in the Development of American Journalism Marvin N. Olasky, 2015-07-16 Originally published in 1991 This fascinating book of journalism history outlines the author's concepts of the three central ideas in journalism which have evolved through time The first is the Official Story that which state authorities wanted people to know the second the Corruption Story emphasised the abuse of authority by those in power and focused on a willingness to oppose the official and tell the specific detail and the third the Oppression Story where journalists present the cause of events as down to external influences and work to change the social environment The book narrates the history from its European beginnings in the 16th and 17th Centuries up to the early 20th Century expressing how all interpretive journalism has a philosophic world view component and understanding journalism history entails understanding these insights of the times **Broken Churches, Broken Nation** C. C. Goen, 1985 In the first comprehensive treatment of the role of churches in the processes that led to the American Civil War C C Goen suggests that when Presbyterian Methodist and Baptist churches divided along lines of North and South in the antebellum controversy over slavery they severed an important bond of national union The forebodings of church leaders and other contemporary observers about the probability of disastrous political consequences were well founded The denominational schisms as irreversible steps along the nation's tortuous course to violence were both portent and catalyst to the imminent national tragedy Caught in a quagmire of conflicting purposes church leadership failed and Christian community broke down presaging in a scenario of secession and conflict the impending crisis of the Union As the churches chose sides over the supremely transcendent moral issue of slavery so did the nation Professor Goen an eminent historian of American religion does not seek in these pages the causes of the Civil War Rather he establishes evangelical Christianity as a major bond of national unity in antebellum America His careful analysis and critical interpretation

demonstrate that antebellum American churches committed to institutional growth swayed by sectional interests and silent about racial prejudice could neither contain nor redirect the awesome forces of national dissension Their failure sealed the nation s fate Publisher *Slavery in White and Black* Elizabeth Fox-Genovese,Eugene D. Genovese,2008-10-27 Southern slaveholders proudly pronounced themselves orthodox Christians who accepted responsibility for the welfare of the people who worked for them They proclaimed that their slaves enjoyed a better and more secure life than any laboring class in the world Now did it not follow that the lives of laborers of all races across the world would be immeasurably improved by their enslavement In the Old South but in no other slave society a doctrine emerged among leading clergymen politicians and intellectuals Slavery in the Abstract which declared enslavement the best possible condition for all labor regardless of race They joined the Socialists whom they studied in believing that the free labor system wracked by worsening class warfare was collapsing A vital question to what extent did the people of the several social classes of the South accept so extreme a doctrine That question lies at the heart of this book *Battle for the Soul* Keith R. Widder,1999-04-30 In 1823 William and Amanda Ferry opened a boarding school for M tis children on Mackinac Island Michigan Territory setting in motion an intense spiritual battle to win the souls and change the lives of the children their parents and all others living at Mackinac Battle for the Soul demonstrates how a group of enthusiastic missionaries empowered by an uncompromising religious motivation served as agents of Americanization The Ferrys high hopes crumbled however as they watched their work bring about a revival of Catholicism and their students refuse to abandon the fur trade as a way of life The story of the Mackinaw Mission is that of people who held differing world views negotiating to create a middle ground a society with room for all Widder s study is a welcome addition to the literature on American frontier missions Using Richard White s middle ground paradigm it focuses on the cultural interaction between French British American and various native groups at the Mackinac mission in Michigan during the early 19th century The author draws on materials from the American Board of Commissioners for Foreign Missions archives as well as other manuscript sources to trace not only the missionaries efforts to Christianize and Americanize the native peoples but the religious social and cultural conflicts between Protestant missionaries and Catholic priests in the region Much attention has been given to the missionaries to the Indians in other areas of the US but little to this region **A Wheel Within a Wheel** Briane K. Turley,1999 This study examines the rise of the holiness movement in Georgia following the Civil War Employing a blend of social and intellectual historical methods the study pays particular attention to the shifting cultural conditions occurring in Georgia and the rest of the Southeast around the turn of the century and shows how these changes influenced the movement The study offers two major theses regarding the Wesleyan Holiness movement in the United States First the Holiness movement which emerged in the North after 1830 emphasizing the speedy attainment of human perfectibility failed to attract receptive audiences in the South due primarily to the cultural conditions of the region Southern Christians were deeply affected by the culture of honor and the frequent

violence it spawned Moreover Southerners were reluctant to subscribe to the Northern formula of Phoebe Palmer's quick and easy means to achieve perfect love when they recognized the ambiguities of the slave system a system most Southerners understood as a necessary evil Second during the Reconstruction period at a time when most Southerners were searching for new beginnings the Wesleyan doctrine of immediately acquired perfect love began attracting widespread support in the Southeast The study examines the Holiness movement's emergence in Georgia and demonstrates that contrary to the views of several historians a significant number of Wesleyan Holiness advocates in the New South were not drawn from the ranks of the dispossessed but were in fact members of the region's burgeoning middle class **Indiana Magazine of History**

,1978 **A Measure of Success** Michael J. McTighe,1994-01-01 As a framework for this analysis he develops a

methodology for measuring the success or influence of religion in a particular society **A Press Divided** David B.

Sachsman,2017-09-08 A Press Divided provides new insights regarding the sharp political divisions that existed among the newspapers of the Civil War era These newspapers were divided between North and South and also divided within the North and South These divisions reflected and exacerbated the conflicts in political thought that caused the Civil War and the political and ideological battles within the Union and the Confederacy about how to pursue the war In the North dissenting voices alarmed the Lincoln administration to such a degree that draconian measures were taken to suppress dissenting newspapers and editors while in the South the Confederate government held to its fundamental belief in freedom of speech and was more tolerant of political attacks in the press This volume consists of eighteen chapters on subjects including newspaper coverage of the rise of Lincoln press reports on George Armstrong Custer Confederate women war correspondents Civil War photojournalists newspaper coverage of the Emancipation Proclamation and the suppression of the dissident press This book tells the story of a divided press before and during the Civil War discussing the roles played by newspapers in splitting the nation newspaper coverage of the war and the responses by the Union and Confederate administrations to press criticism Journal of Presbyterian History ,1978

Thank you for downloading **Religious Newspapers In The Old Northwest To 1861 A History Bibliography And Record Of Opinion**.
