teaching as well as his personal experience in Mexico the author incorporates recent archaeological evidence posits fresh interpretations and analyzes such current problems as foreign debt dependency on petroleum exports and providing education and employment for an expanding population Combining political events and social history in a smooth narrative the book describes events places and individuals the daily life of peasants and urban workers and touches on cultural topics including architecture art literature and music As a special feature each chapter contains excerpts from contemporary letters books decrees or poems firsthand accounts that lend historical flavor to the discussion of each era Mexico has an exciting history several Indian civilizations the Spanish conquest three colonial centuries during which there was a blending of Old World and New World cultures a decade of wars for independence the struggle of the young republic wars with the United States and France confrontation between the Indian president Ju rez and the Austrian born emperor Maximilian a long dictatorship under Diaz the Great Revolution that destroyed debt peonage confiscated Church property and reduced foreign economic power and the recent drive to modernize through industrialization Mexico A History will be an excellent college level textbook and good reading for the thousands of Americans who have visited Mexico and those who hope to visit

Deadly Baggage Al Sandine, 2015-08-11 In 1519 a few hundred Europeans led by Hernan Cortes sailed from Cuba to the Mexican mainland where they encountered representatives of the Aztec Empire Their Iberian history culture and religion and their experience in the Greater Antilles made conquest and riches the aim of these adventurers They regarded themselves as heroes in a romantic crusade of good against evil Each member of the expedition sought to acquire precious metals and to become a lord of enslaved native labor Their horses and steel swords aided by native disunity and susceptibility to Old World diseases ensured their success This analysis of the conquest of Mexico stands in contrast to previous narratives that either reduce the conquest to a contest between Cortes and Montezuma or describe a near miraculous victory of European ingenuity and Western values over Indian superstition and savagery The author re frames the clash of civilizations in New World prehistory that left inhabitants at a disadvantage

Urban Plan, Architecture, and the Geography of the Sacred in Colonial Morelos Robert H. Jackson, Leonardo Meraz Quintana, 2024-12-02 In the sixteenth century Franciscan Dominican and Augustinian missionaries attempted to evangelize the indigenous peoples of central Mexico Indigenous peoples incorporated the new faith into their belief system on their own terms and continued to conceptualize a sacred geography that ordered their world and regulated time At the same time the missionaries had new sacred complexes built but the question remains why did indigenous peoples dedicate labor and community resources to these projects This study analyzes the urban plan of indigenous communities the construction of new sacred complexes and the ways in which the urban plan conformed to the notion of sacred geography
