**The Religious Dreamworld of Apuleius' Metamorphoses** James Gollnick, 2006-01-01 Apuleius Metamorphoses is probably best known as the literary source for the myth of Eros and Psyche and as a primary source of information about mystery religions in the ancient world There is another realm of the Metamorphoses which has until now received relatively little attention namely the many dreams found within it The Religious Dreamworld of Apuleius Metamorphoses offers an engaging portrait of the second century dreamworld Recognizing the centrality of the religious function and spiritual interpretation of dreams this book illustrates their vital importance in the ancient world and the wide variety of meanings attributed to them James Gollnick draws deeply from historical and psychological studies and provides a historical background on the current interest in the role of dreams in psychological and spiritual transformation This study of Apuleius Metamorphoses adds to an appreciation of Apuleius the dreamer and the second century dreamworld in which he lived and wrote

Religious Rivalries in the Early Roman Empire and the Rise of Christianity Leif E. Vaage, 2010-10-30 Religious Rivalries in the Early Roman Empire and the Rise of Christianity discusses the diverse cultural destinies of early Christianity early Judaism and other ancient religious groups as a question of social rivalry The book is divided into three main sections The first section debates the degree to which the category of rivalry adequately names the issues that must be addressed when comparing and contrasting the social success of different religious groups in antiquity The second is a critical assessment of the common modern category of mission to describe the inner dynamic of such a process it discusses the early Christian apostle Paul the early Jewish historian Josephus and ancient Mithraism The third section of the book is devoted to the rise of Christianity primarily in response to the similarly titled work of the American sociologist of religion Rodney Stark While it is not clear that any of these groups imagined its own success necessarily entailing the elimination of others it does seem that early Christianity had certain habits both of speech and practice which made it particularly apt to succeed in the Roman Empire

**The Formation of Christian Europe** Owen M. Phelan,2014-10-23 The Formation of Christian Europe analyses the Carolingians efforts to form a Christian Empire with the organizing principle of the sacrament of baptism Owen M Phelan argues that baptism provided the foundation for this society and offered a medium for the communication and the popularization of beliefs and ideas through which the Carolingian Renewal established the vision of an imperium christianum in Europe He analyses how baptism unified people theologically socially and politically and helped Carolingian leaders order their approaches to public life It enabled reformers to think in ways which were ideologically consistent publically available and socially useful Phelan also examines the influential court intellectual Alcuin of York who worked to implement a sacramental society through baptism The book finally looks at the dissolution of Carolingian political aspirations for an imperium christianum and how by the end of the ninth century political frustrations concealed the deeper achievement of the Carolingian Renewal

**Cultural Crossroads in the Ancient Novel** Marília P. Futre Pinheiro,David Konstan,Bruce Duncan MacQueen,2017-12-04 The protagonists of the ancient novels wandered or were

carried off to distant lands from Italy in the west to Persia in the east and Ethiopia in the south the authors themselves came or pretended to come from remote places such as Aphrodisia and Phoenicia and the novelistic form had antecedents in a host of classical genres These intersections are explored in this volume Papers in the first section discuss mapping the world in the novels The second part looks at the dialogical imagination and the conversation between fiction and history in the novels Section 3 looks at the way ancient fiction has been transmitted and received Space as the locus of cultural interaction and exchange is the topic of the fourth part The fifth and final section is devoted to character and emotion and how these are perceived or constructed in ancient fiction Overall a rich picture is offered of the many spatial and cultural dimensions in a variety of ancient fictional genres

**Witches, Isis and Narrative** Stavros Frangoulidis, 2008-11-06 This is the first in depth study of Apuleius' *Metamorphoses* to look at the different attitudes characters adopt towards magic as a key to deciphering the complex dynamics of the entire work The variety of responses to magic is unveiled in the narrative as the protagonist Lucius encounters an assortment of characters either in embedded tales or in the main plot A contextualized approach illuminates Lucius' relatively good fortune when compared to other characters in the novel this results from his involvement with the magic of a sorcerer's apprentice rather than that of a real witch and signals the possibility of eventual salvation A careful investigation of Lucius' attitude towards Isis in book 11 and his relationship with the witch slave girl Photis earlier on suggests that the novel's final book may be read as a second *Metamorphoses* consciously rewritten from a positive perspective Last but not least the book also breaks new ground by examining the narrative structure of the *Metamorphoses* against the background of the typical plotline found in the ideal romance The comparison shows how Apuleius both follows and alters this plot exploiting the genre to his own specific ends in keeping with his central theme of metamorphosis

*The Tale of Cupid and Psyche* Apuleius, 2009-03-15 Is Cupid and Psyche a romance a folktale a Platonic allegory of the nature of the soul a Jungian tale of individuation or an archetypal dream This volume provides Joel Relihan's lively translation of this best known section of Apuleius' *Golden Ass* some useful and illustrative parallels and an engaging discussion of what to make of this classic story

**Religion and Apuleius' Golden Ass** Warren S. Smith, 2022-12-30 This volume examines Apuleius' comic donkey novel *The Golden Ass* within the context of the popular beliefs and Jewish and Christian writings that were part of the intellectual culture of his own day in 2nd century C E North Africa a culture which can also be glimpsed in some early Arabic writings The novel was written against a cultural and religious background in which the donkey had various connotations both positive and negative but tended to be admired in Jewish Christian and later in Muslim writings Smith explores the influence of such popular opinions on *The Golden Ass* and how Apuleius presented Isis and Osiris as desirable alternatives to the claims of both Christianity and magic offering hope of spiritual renewal partly modelled on contemporary religious apocalyptic literature Complemented by images of contemporary art including amulets and terra cotta figures this volume gives readers a better understanding of how Apuleius ostensibly a Platonist and member of the Roman establishment

could maintain an intellectual independence in a North African milieu while still drawing on hope in the salvation of the gods Religion and Apuleius Golden Ass provides a fascinating new approach to this much disputed novel of interest not only to students and scholars of Apuleius and Roman literature but also scholars interested in Christian and Jewish literature and beliefs of the early centuries of the first millennium C E *Paideia at Play* Werner Riess, 2008 Paideia the yearning for and display of knowledge reached its height as a cultural concept in the works of the Second Sophistic an elite literary and philosophical movement seeking to ape the style and achievements of the 5th and 4th centuries BC A crucial element in the display of paideia was an ability to mix the witty and playful with the serious and instructive The Second Sophistic is known as a Greek phenomenon but these essays ask how the Latin author Apuleius fitted into this framework and created a distinctively latin expression of paideia focusing on the elements of playfulness at its heart *Food and Transformation in Ancient Mediterranean Literature* Meredith J. **Rhetoric and Reality in Early Christianities** Willi Braun,2006-01-01 One of the most pressing issues for scholars of religion concerns the role of persuasion in early Christianities and other religions in Greco Roman antiquity The essays in Rhetoric and Reality in Early Christianities explore questions about persuasion and its relationship to early Christianities The contributors theorize about persuasion as the effect of verbal performances such as argumentation in accordance with rules of rhetoric or as a result of other types of performance ritual behavioural or imagistic They discuss the relationship between the verbal performance of rhetoric and other performative modes in generating sustaining and transmitting a persuasive form of religiosity The essays in this book cover a wide chronological range from the first century to late antiquity and diverse topical

examples contribute to the collection's thematic centre the relations among formalized and technical verbal performances rhetoric texts and other forms of persuasive performances ritual practices the social agendas that early Christians pursued by means of verbal rhetorical performances and the larger social context in which Christians and other religious groups competitively jockeyed to attract the minds and bodies of audiences in the Greco Roman world

*The Biblical Politics of John Locke* Kim Ian Parker, 2006-01-01 John Locke is often thought of as one of the founders of the Enlightenment a movement that sought to do away with the Bible and religion and replace them with scientific realism But Locke was extremely interested in the Bible and he was engaged by biblical theology and religion throughout his life In this new book K I Parker considers Locke's interest in Scripture and how that interest is articulated in the development of his political philosophy Parker shows that Locke's liberalism is inspired by his religious vision and particularly his distinctive understanding of the early chapters of the book of Genesis Unlike Sir Robert Filmer who understood the Bible to justify social hierarchies i e the divine right of the king the first born son's rights over other siblings and the natural subservience of women to men Locke understood from the Bible that humans are in a natural state of freedom and equality to each other The biblical debate between Filmer and Locke furnishes scholars with a better understanding of Lockes political views as presented in his Two Treatises

*The Biblical Politics of John Locke* demonstrates the impact of the Bible on one of the most influential thinkers of the seventeenth century and provides an original context in which to situate the debate concerning the origins of early modern political thought

*Playing a Jewish Game* Michele Murray, 2006-01-01 Is it possible that early Christian anti Judaism was directed toward people other than Jews Michele Murray proposes that significant strands of early Christian anti Judaism were directed against Gentile Christians More specifically it was directed toward Gentile Christian judaizers These were Christians who combined a commitment to Christianity with adherence in varying degrees to Jewish practices without viewing such behaviour as contradictory Several Christian leaders thought that these community members dangerously blurred the boundaries between Christianity and Judaism As such Gentile Christian judaizers became the target of much anti Jewish rhetoric in various early Christian writings Evidence of Gentile Christian judaizers can be found in canonical sources such as Paul's Letter to the Galatians and the Book of Revelation as well as non canonical sources such as the Epistle of Barnabas the Didache and Justin Martyr's Dialogue with Trypho In order to compare the phenomenon of judaizing and the reaction to it of ecclesiastical authorities Murray organizes the evidence by probable geographical location using Asia Minor and Syria as the two main loci The phenomenon of Gentile Christian judaizing is examined within the broader context of Jewish Christian relations in the early centuries and is the first attempt to draw all possible references to Gentile Christian judaizers together into one study to consider them as a whole This discussion invites readers to reflect on the existence of Gentile Christian judaizers as another point on the continuum of Jewish Christian relations in the Greco Roman world an area Murray concludes that needs to be more carefully defined
