Faith and the Presidency From George Washington to George W. Bush Gary Scott Smith, 2006-10-12 Publisher description

Religious Leaders and Conflict Transformation Nukhet A. Sandal, 2017-02-16 Religious dimension of contemporary conflicts and the rise of faith based movements worldwide require policymakers to identify the channels through which religious leaders can play a constructive role While religious fundamentalisms are in the news every day we do not hear about the potential and actual role of religious actors in creating a peaceful and just society Countering this trend Sandal draws attention to how religious actors helped prepare the ground for stabilizing political initiatives ranging from abolition of apartheid South Africa to the signing of the Lome Peace Agreement Sierra Leone Taking Northern Ireland as a basis and using declarations and speeches of more than forty years this book builds a new perspective that recognizes the religious actors agency showing how religious actors can have an impact on public opinion and policymaking in today's world

Faith-Based Diplomacy Brian Cox, 2015-06-19 The rise of religion and religious actors combined with nonstate actors increasing influence in the international order has become the new normal These fundamental changes in the security environment call for a new paradigm to address national security concerns That paradigm must acknowledge the cultural and historical factors at the heart of many identity based conflicts and advance the role of nation states in resolving them That emerging paradigm is faith based diplomacy and this book written by one of the world's leading experts describes the principles and methodology of this form of engagement in the strategic political realm It is informed by

twenty five years of experience in some of the worlds roughest neighborhoods including East Central Europe and the Balkans Sudan Kashmir and the Middle East Canon Brian Cox is an ordained Episcopal priest a pastor in Santa Barbara California a diplomat with a Washington DC nongovernmental organization and a professor in a law schoolbased conflict resolution program in Southern California      Faith-Based Organizations and Social Welfare Paul Christopher Manuel,Miguel Glatzer,2018-05-23 This volume examines the role and function of religious based organizations in strengthening associational life in a representative sample of West European countries newly democratized and long established democracies societies with and without a dominant religious tradition and welfare states with different levels and types of state provided social services It asks how faith based organizations in a time of economic crisis and with declining numbers of adherents might contribute to the deepening of democracy Throughout the volume invites social scientists to consider the on going role of faith based organizations in Western European civil society and investigates whether the concept of muted vibrancy aids our theoretical understanding      **When Texas Prison Scams Religion** Michael G. Maness,2023-05-22 When Texas Prison Scams Religion exposes corruption in the Texas Department of Criminal Justice especially in the abuse of religion In many ways this book is a literature review of 1 800 plus works that defends freedom of conscience in prison while exposing the unconstitutionality of the seminary program that buys faith with favor from prisoners The state veritabily ordains the prisoner a Field Minister that represents the offices of the Governor TDCJ Director and wardens throughout the prison Therein TDCJ lies about neutrality in a program all about Christian missions and lies again in falsely certifying elementary Bible students as counselors Why is the director sponsoring psychopaths counseling psychopaths In fact TDCJ pays 314 million a year to UTMB for psychiatric care and receives not a single report of the care given and worse for UTMB generates no reports itself The underbelly TDCJ s executive culture of cover up is exposed TDCJ has hired the lowest qualified of the applicant pool many times in the last 25 years and regularly destroys statistics on violence TDCJ Dir Collier led the prison to model Louisiana Warden Burl Cain the most scandal ridden in penal history according to a host of published news stories for 20 years Therein Collier led TDCJ to favor the smallest segment of religious society within Evangelical Dominionism Texas has no business endorsing the truth of any religion over another We close with a proposal that utilizes the 400 000 000 hours of officer contact over ten years as a definitive influence in contrast to a commissioner that spends less than 10 minutes on each decision Maness has been lobbying Austin for 15 years to definitively access staff for his 100 000 Mothers 1% Certainty Parole Texas Constitutional Amendment which would revolutionize prison culture and save Texans millions of the dollars      Faith- Based Diplomacy Trumping Realpolitik Douglas Johnston,2008-06-02 For most of the twentieth century the most critical concerns of national security have been balance of power politics and the global arms race The religious conflicts of this era and the motives behind them however demand a radical break with this tradition If the United States is to prevail in its long term contest with extremist Islam it will need to re examine old assumptions expand the

scope of its thinking to include religion and other irrational factors and be willing to depart from past practice A purely military response in reaction to such attacks will simply not suffice What will be required is a long term strategy of cultural engagement backed by a deeper understanding of how others view the world and what is important to them In non Western cultures religion is a primary motivation for political actions Historically dismissed by Western policymakers as a divisive influence religion in fact has significant potential for overcoming the obstacles that lead to paralysis and stalemate The Incorporation of religion as part of the solution to such problems is as simple as it is profound It is long overdue This book looks at five intractable conflicts and explores the possibility of drawing on religion as a force for peace It builds upon the insights of Religion the Missing Dimension of Statecraft OUP 1994 which examined the role that religious or spiritual factors can play in preventing or resolving conflict while achieving social change based on justice and reconciliation The world class authors writing in this volume suggest how the peacemaking tenets of five major world religions can be strategically applied in ongoing conflicts in which those religions are involved Finally the commonalities and differences between these religions are examined with an eye toward further applications in peacemaking and conflict resolution *Peace, Politics, and Religion* Jeffrey Haynes, 2020-12-14 Relationships between peace politics and religion are often controversial and sometimes problematic Religion is a core source of identity for billions of people around the world and it is hardly surprising that sometimes it becomes involved in conflicts At the same time we can see religion involved not only in conflict It is also central to conflict resolution peace making and peacebuilding Religious involvement is often necessary to try to end hatred and differences frequently central to political conflicts especially but not only in the Global South Evidence shows that religious leaders and faith based organisations can play constructive roles in helping to end violence and in some cases build peace via early warnings of conflict good offices once conflict has erupted as well as advocacy mediation and reconciliation The chapters of this book highlight that religion can encourage both conflict and peace through the activities of people individually and collectively imbued with religious ideas and ideals

Hassner, 2025-05-15 In War on Sacred Grounds Ron E Hassner investigates the causes and properties of struggles over sites that are both venerated and contested and proposes ways for managing these disputes Holy places can create the potential for clashes not only between

competing religious groups but also between religious groups and secular actors Hassner illustrates this complex violent dynamic through a series of case studies including the conflict over Jerusalem and competing Hindu and Muslim claims over Ayodhya He also analyses successful compromises that reduced conflict in Jerusalem in 1967 and in Mecca in 1979 In this updated edition of *War on Sacred Grounds* Hassner reevaluates his findings and conclusions and surveys ongoing conflicts over holy sites

*Prophetic and Public* Kristin E. Heyer, 2006-06-02 The United States was founded on a commitment to religious tolerance Based on this commitment it has become one of the most religiously diverse and religiously observant liberal democracies in the world Inherent in this political reality is the question What is the appropriate relationship between religious beliefs and public life This is not a new question but in contemporary US politics it has become a particularly insistent one In this intelligent wide ranging book Kristin Heyer provides new and nuanced answers *Prophetic and Public* employs the discourse of public theology to consider what constitutes appropriate religious political engagement According to Heyer public theology connects religious faith concepts and practices to their public relevance for the wider society Her use of public theology concepts to address the appropriate possibilities and limits for religious political engagement in the United States is both useful and enlightening Heyer approaches the relationship between public morality and religious commitment through the example of the Catholic Church She looks at two prominent Catholics Michael Baxter and Bryan Hehir as a way of discussing norms for practice of public theology Heyer also analyzes case studies of three US Catholic advocacy groups The US Conference of Catholic Bishops NETWORK and Pax Christi USA Through her analysis she shows the various ways that the organizations Catholic identity impacts their social and political efforts From her investigations come norms that define possibilities and limits for political actions based on religious conviction This deeply thoughtful book examines what is truly fundamental and inescapable about public life and private religious belief in the United States In doing so it makes skillful use of the tools of theology philosophy law and advocacy to demonstrate that the Catholic Church reveals great diversity in its public theology providing legitimate options for a faithful response to urgent political issues

*Faith-Based Organizations in Transnational Peacebuilding* Tanya B. Schwarz, 2018-03-23 How do faith based organizations influence the work of transnational peacebuilding development and human rights advocacy How is the political role of such organizations informed by their religious ideas and practices This book investigates this set of questions by examining how three transnational faith based organizations Religions for Peace the Taiz Community and International Justice Mission conceptualize their own religious practices values and identities and how those acts and ideas inform their political goals and strategies The book demonstrates the political importance of prayer in the work of transnational faith based organizations specifically in areas of conflict resolution post conflict integration agenda setting and in constituting narratives about justice and reconciliation It also evaluates the distinctive strategies that faith based organizations employ to navigate religious difference A central goal of the book is to propose a new way to study religion in international politics by actively questioning

and reflecting on what it means for an act idea or community to be religious

**The Role of Religion and Ethnicity in Contemporary Conflict** Basil Ugorji, René Lemarchand, Ph.D., Jamie L. Hurst, Zarrín Caldwell, Erna Anjarwati, Allison Trimble, Lanhe S. Shan, David Silvera, Ph.D., 2014-09-18

Welcome to the first edition of the International Center for Ethno Religious Mediation's Journal of Living Together. We were surprised and delighted to receive so many outstanding submissions and see the resounding response to our very first call for papers as an appreciable indication of the connection people feel to our mission and our community. Through this journal it is our intention to inform, inspire, reveal, and explore the intricate and complex nature of human interaction in the context of ethno religious identity and the roles it plays in war and peace. By sharing theories, observations, and valuable experiences, we mean to open a broader, more inclusive dialogue between policymakers, academics, researchers, religious leaders, representatives of ethnic groups and indigenous peoples, and field practitioners around the world. Lasting peace stems from changes in thinking about what it is to be a part of the human family, who we are to one another, and what mutual obligations and responsibilities exist between us. It requires us to accept that we are each a resource, an advantage, an asset to the whole. It hinges on our ultimate acceptance of cultural identity, history, faith, and tradition as simply vivid aspects of our overarching human kinship. The belief-based perspectives that influence these patterns of being, however, are among the most deeply ingrained of all individual and social mechanisms. Any efforts to reshape them are highly ambitious and fraught with seemingly insurmountable obstacles. Yet cultures and their societies are not static, and their adaptive nature requires that even within the most intractable of conflicts, there will be change. How they change will depend upon shifts in the environment, changes in human experience, and the availability of new information with which to make different choices. The theme of this issue, *The Role of Religion and Ethnicity in Contemporary Conflict: Related Emerging Tactics, Strategies, and Methodologies of Mediation and Resolution*, looks at ways to influence these changes, improve interethnic and interfaith experiences, and offers information which can enlighten social discourse and reveal the possibility of previously unforeseen choices. We begin with Words from the Board, where Dr. David Silvera explains that mediation is at the very heart of democratic thought, lays out the value of mediation as a vital aspect of adult education, in his commentary *Education for Democratic Citizenship and Intercultural Conflicts by Mediation*. Dr. Ren Lemarchand's cautionary discussion regarding the risks involved in mankind's willingness and even propensity to ignore some of history's worst atrocities follows in his article *Remembering Forgotten Genocides*. Jamie L. Hurst's paper *Holy Conflict: the Intersection of Religion and Mediation* explores the junction where religion and mediation meet, focusing on the unique challenges and opportunities this crossroads brings to bear. In her piece *Identity Reconsidered*, Zarrín Caldwell describes the cost of narrowly construed identity formations and puts forward the idea that the teachings of the Bahá'í Faith on nested identities might offer some new ways of approaching peacebuilding. Similarly, in their work *Storytelling as a Means for Peace Education: Intercultural Dialogue in Southern Thailand*, Erna Anjarwati and Allison Trimble describe their research conducting peace

storytelling as a means to encourage social reconciliation between Thai Buddhists and Malay Muslims youth And finally Lanhe S Shan presents an in depth assessment of the long term outcomes following the implementation of unfortunate conflict mitigation strategies and offers suggestions for improved results in Analysis of Tito s Policies on Ethnic Conflict the Case of Kosovo This journal is not meant to be a bastion of declarative wisdom rather it is intended to be a conduit a medium for vibrant exchange and discussion of its contents is vital to its purpose We want your input your ideas your thoughts and your insights You will find plenty to discuss every quarter in the articles book reviews Living Together Movement updates social media buzz and Photos from the Field here and in the issues ahead
