Relocating Middle Powers:

Relocating Middle Powers Andrew Fenton Cooper, Richard A. Higgott, Kim Richard Nossal, 1993 The fall of the Berlin Wall and the disintegration of the Soviet Union were only two of the many events that profoundly altered the international political system in the late 1980s and early 1990s In a world no longer dominated by Cold War tensions nation states have had to rethink their international roles and focus on economic rather than military concerns This book examines how two middle powers Australia and Canada are grappling with the difficult process of relocating themselves in the rapidly changing international economy The authors argue that the concept of middle power has continuing relevance in contemporary international relations theory and they present a number of case studies to illustrate the changing nature of middle power behaviour

Relocating Middle Powers Andrew F. Cooper, Richard A. Higgott, Kim R. Nossal, 2007-10-01 The fall of the Berlin Wall and the disintegration of the Soviet Union were only two of the many events that profoundly altered the international political system in the late 1980s and early 1990s In a world no longer dominated by Cold War tensions nation states have had to rethink their international roles and focus on economic rather than military concerns This book examines how two middle powers Australia and Canada are grappling with the difficult process of relocating themselves in the rapidly changing international economy The authors argue that the concept of middle power has continuing relevance in contemporary international relations theory and they present a number of case studies to illustrate the changing nature of middle power behaviour In particular they examine the trend towards the amalgamation of the foreign and trade ministries in both Canada and Australia and the growing importance of regional trading blocs particularly Asia Pacific Economic Cooperation and the North American Free Trade Agreement Relocating Middle Powers is the first book to explore the similarities and differences in the foreign policies of two middle powers in a new era of international relations

Transforming Global Governance with Middle Power Diplomacy Sook Jong Lee, 2016-06-16 This book examines South Korea's recent strategic turn to middle power diplomacy evaluating its performance so far in key areas of security maritime governance trade finance development assistance climate change and cyber space In particular the authors pay special attention to how South Korea's middle power diplomacy can contribute to making the U S China competition in East Asia benefit Korea The contributors discuss the opportunities and limits of this middle power diplomacy role exploring how Korea can serve as a middleman in Sino Japanese relations rather than as a US ally against China use its rich trade networks to negotiate beneficial free trade agreements and embracing its role as a leader in climate change policy along with other topics This book is a must read for foreign policy officials and experts who engage in the Asia Pacific region rekindling the academic study of middle powers whose influence is only augmenting in our increasingly networked twenty first century world

Rethinking Middle Powers in the Asian Century Tanguy Struye de Swielande, Dorothée Vandamme, David Walton, Thomas Wilkins, 2018-09-27 The term middle power is conceptually fragile Some scholars have even argued for

abandoning it This book argues that the concept needs to be analysed more profoundly and that new analytical tools need to be developed to better understand the phenomenon The traditional approach based on Western states is insufficient and has become increasingly irrelevant in a transformed global environment Instead of drawing from a single theory of international relations the contributors have chosen to build upon a wide range of theories in a deliberate demonstration of analytic eclecticism A pluralistic approach provides stronger explanations while remaining analytically and intellectually rigorous Many of the theory contributions are reconsidering how the largely Western bases of such theorising need revising in light of the emerging middle powers many of which are in Asia Presenting a strong argument for studying middle powers this book explores both the theory and empirical applications of the concept by rethinking the definition and characteristics of middle powers using a range of case studies It examines changes in the study of middle powers over the last decade proposing to look at the concept of middle powers in a coherent and inclusive manner Finally it aims to further the discussion on the evolution of the international system and provides sound conclusions about the theoretical usefulness and empirical evolution of middle powers today Awkward Powers: Escaping Traditional Great and Middle Power Theory Gabriele

Abbondanza, Thomas Stow Wilkins, 2021-10-04 This book introduces the editors new concept of Awkward Powers By undertaking a critical re examination of the state of International Relations theorising on the changing nature of the global power hierarchy it draws attention to a number of countries that fit awkwardly into existing but outdated categories such as great power and middle power It argues that conceptual categories pertaining to the apex of the international hierarchy have become increasingly unsatisfactory and that new approaches focusing on such Awkward Powers can both rectify shortcomings on power theorising whilst shining a much needed theoretical spotlight on significant but understudied states The book s contributors examine a broad range of empirical case studies including both established and rising powers across a global scale to illustrate our conceptual claims Through such a novel process we argue that a better appreciation of the de facto international power hierarchy in the 21st century can be achieved **Middle Powers in Asia and Europe in the**

21st Century Giampiero Giacomello, Bertjan Verbeek, 2020-07-02 This volume presents three claims regarding the role of middle powers in the 21st Century first states aspiring to become or remain middle powers choose from three possible role to be a global middle powers to be a regional pivot or to be a niche leader Second states seeking such roles need different mixes of hard and soft power sources Third more so than great or small powers middle powers walk a thin line between the domestic and systemic pressures they face In this volume these claims are based on comparative case studies of Germany Iran Italy Japan the Netherlands Norway South Korea Sweden and Turkey **Middle Powers and Regional Influence** Joshua B. Spero, 2018-11-16 In the growing literature on middle powers this book contributes by expanding case study analysis and extending international relations theory in its application to foreign policy decisions Thus this book builds on prominent middle power literature and aims to advance our theoretical understanding for why crucial foreign policies were

made by the pivotal middle powers this book examines Poland South Korea and Bolivia For this book s three case studies and their first term leadership s critical junctures from first term post communist Poland post authoritarian post ruling party South Korea and post colonial Bolivia we have the antecedents for contemporary middle powers essential for realizing the regional evolution for cooperative change with greater powers systemically we may then grasp today why those historical foreign policies albeit not so long ago give us crucial antecedents for adapting and trying yet again to resolve seemingly perennial power dilemmas regionally peacefully Here are why middle power impact matters not only regionally for stronger dominant greater power neighbours but also for transformative middle power leaderships which proved pivotal geopolitically for their region s challenges and changes

The Strategic Options of Middle Powers in the Asia-Pacific Chien-Wen Kou, Chiung-Chiu Huang, Brian Job, 2022-06-23 This book analyses the responses of middle powers in the Asia Pacific toward the contemporary great powers rivalry of the United States and China through specific cases studies of South Korea Australia Japan India Taiwan and Vietnam Presenting local perspectives from multiple middle powers as they face the task of maintaining the international order in light of the recent competition between China and the United States it further develops theories of foreign policy analyses forming a systematic framework through initiating crucial concepts including reluctant hedging economic statecraft and strategic position taking The contributions also provide an in depth examination of the contemporary geo politics of the region including the impact of both the Trump and Biden administrations Beijing s Wolf Warrior diplomacy cross strait relations with Taiwan and the influences of Japan Vietnam Australia and South Korea revealing that regional middle powers do indeed exert influence on the direction of regional cooperation in the Asia Pacific Providing comprehensive studies of many regional powers in the Asia Pacific this will be a valuable resource for scholars and students of International Politics Asian Politics Asian Studies as well as policy makers on Asia Pacific relations

Middle Powers & Commercial Diplomacy D. Lee, 1999-08-12 This book marries the disciplines of International Relations and Diplomatic History to provide a major new study of the GATT system in the 1960s Using recently declassified British and American government documents this book identifies the key role British diplomats played at the Kennedy Round Through the close ties that characterise the Anglo American relationship the British influenced American policy and strategy in the negotiations The evidence of this study challenges realist theories of middle power influence in the international political economy by demonstrating the determining role of state level factors such as diplomatic skill and policy expertise

Middle Powers in Asia Pacific Multilateralism Sarah Teo, 2022-11-25 Drawing on insights from differentiation theory this book examines the participation of middle powers in multilateralism Taking Australia Indonesia and South Korea as examples the book examines these countries roles in regional organizations and particularly during the creation of the Asia Pacific Economic Cooperation APEC and East Asia Summit Through its analysis the book argues that middle powers pursue dilution of major power stratificatory forces as well as functionally differentiated roles for themselves in multilateral diplomacy The

book sets out a valuable new framework to explain and understand the behaviour of middle powers in multilateralism

Middle Power Statecraft Jonathan H. Ping, 2017-11-30 Jonathan Ping's volume establishes a unifying theory for the concept of middle power. MP MPs are states which have an innate form of statecraft and perceived power as a result of their size. The book presents hybridization theory as a basis for analysis, policy development and prediction of MP statecraft and perceived power. A prerequisite to the founding of hybridization theory is the new statistical method of definition which identifies sixteen MPs of Asia and the Pacific. The volume takes a comparative focus on Indonesia and Malaysia to inform and test hybridization theory as well as to provide a historical analysis of Southeast Asia from a statecraft and perceived power perspective. It offers researchers and scholars of international relations and international political economy a theory that can be applied to the practical study of all middle sized states while middle sized states can apply the same theory to enhance their own ability to re create their state. *MIKTA, Middle Powers, and New Dynamics of Global Governance* J.

Mo, 2014-12-10 This volume is the result of a 2013 conference held by the Asan Institute for Policy Studies South Korea on the middle power countries of Mexico, Indonesia, the Republic of Korea, Turkey and Australia. MIKTA Experts and policymakers discussed how members of the MIKTA can work to advance global governance in emerging global issue areas.

South Korea's Grand Strategy Ramon Pacheco Pardo, 2023-10-10 Since the end of the Cold War, South Korea has taken on a greater role in global affairs. Ramon Pacheco Pardo provides a groundbreaking analysis of South Korea's foreign policy from its transition to democracy in the late 1980s through the present day, arguing that the country's approach to the world constitutes a grand strategy. This book examines the key factors and goals that shape South Korea's long term strategy with analysis that brings together its diplomatic, military, economic and soft power components. Pacheco Pardo shows that South Korea's fundamental aim has been to move beyond its past as a shrimp among whales and instead attain autonomy and freedom of action. He explores how South Korean leaders across parties and governments have pursued security, prosperity and status. Pacheco Pardo tracks South Korea's core relationships with North Korea, the United States and China and he details the country's objectives and policies across East Asia, the Asia Pacific region and the rest of the world. Drawing on in depth interviews with past and present policy makers, this book presents an analytical account of how South Korean strategy is made and practiced. It expertly lays out South Korea's grand strategy and more broadly makes a compelling case that middle powers like South Korea can implement grand strategies. **Korea's Middle Power Diplomacy** Seungjoo

Lee, Sangbae Kim, 2022-05-17 This volume discusses Korea's role as a middle power in the midst of the 21st century global power shift. Focusing on Korea's middle power diplomacy from the perspective of coalition building, the book discusses structural factors that shape middle power strategy and diplomacy. Written by leading Korean researchers, the chapters use diverse methodologies to offer a range of perspectives on Korea's place in the developing global order. Topics discussed include South Korea's approach to technology policy in the midst of US-China cyber competition, the East Asian Thucydides

The Niche Diplomacy of Asian Middle Powers Brendan M. Howe, 2021-05-20 The four countries represented in this volume are East Asian middle powers with strategic constraints upon their traditional security policymaking These middle powers have pursued diplomatic activities raising their international profile or footprint and advancing their national interest through normative foreign policy and humanitarian channels including peacebuilding development and human security In each case therefore there is a happy coincidence of the national interest of the middle power expressed through certain diplomatic niches and benefit to regional partners in peace and development The Niche Diplomacy of Asian Middle Powers seeks to uncover the unique contributions of Asian middle powers to the furtherance of humanitarian and human related policymaking including the promotion of peace development and democracy long associated with middle powerism with particular emphasis on their involvement in the Southeast Asian subregion Japan South Korea and Taiwan have made Southeast Asia a focus for their attempts to get more bang for their foreign policy buck or Yen or Won and have adopted similar normatively justified variations on the theme of new Southern policies Meanwhile Thailand looks to play a variety of middle power roles within a region where it is a major actor
The Possibility and Limit of Liberal Middle Power Policies Kohei Imai, 2017-12-13 This book is a comprehensive analysis of Turkish foreign policy through the concept of middle power The author explores why and how Turkey has constructed middle power identity based on liberal foreign

policies in order to illuminate the change in post Cold War Turkish state identity in relation to foreign policy behaviors The author further explores state identity and how changes of circumstances norms state self perception and the perceptions of others effects that identity This is done first through a policy analysis of Turgut zal Necmettin Erbakan and Ismail Cem and second through an examination of AKP s foreign policy experiences and ideas especially in relation to Ahmet Davutoglu

The Foreign Policy and Intervention Behavior of Africa's Middle Powers Olumuyiwa Babatunde Amao,2023-12-21 Based on a meta theoretical approach and insights derived from analytic eclecticism as a comparative instrument Olumuyiwa Babatunde Amao assesses Nigeria and South Africa s foreign policy and intervention behavior in Africa with a special focus on the conflict episodes in Sierra Leone 1991 1998 and the Democratic Republic of Congo DRC 1997 2005 The Foreign Policy and Intervention Behavior of Africa s Middle Powers An Analytic Eclecticism Approach explores the relative merits of structural realism and social constructivism in explaining Nigeria and South Africa s motives and intervention behavior and why more than one theoretical perspective is required to sufficiently analyze the complexity of their intervention decisions and behavior It demonstrates the overlapping nexus between conflict intervention structural constraints relative power pursuit and the dynamics of regional complexes Amao demonstrates how Nigeria and South Africa s relative power positions identities as African actors de colonization and anti apartheid struggles and the existing values and bonds that their contiguous states share play a crucial role in their intervention behavior Using Sierra Leone and the DRC as case studies this book illustrates the advantage of applying a multi perspective eclectic approach to foreign policy analysis and provides an alternative to the theoretical turf wars that are all too prevalent in the discipline of international relations
