

A man in a black suit and a woman in a blue and white floral gown are embracing in a grand room with large arched windows. The man is holding the woman from behind, and they are both looking down. The room has ornate architectural details, including gold-colored medallions on the ceiling and large windows that look out onto a bright blue sky. The overall mood is romantic and elegant.

For the Soul of France Frederick Brown, 2010-01-26 Frederick Brown cultural historian author of acclaimed biographies of mile Zola Magnificent The New Yorker and Flaubert Splendid Intellectually nuanced exquisitely written The New Republic now gives us an ambitious far reaching book a perfect joining of subject and writer a portrait of fin de si cle France He writes about the forces that led up to the twilight years of the nineteenth century when France defeated by Prussia in the Franco Prussian War of 1870 71 was forced to cede the border states of Alsace and Lorraine and of the resulting civil war waged without restraint that toppled Napol on III crushed the Paris Commune and provoked a dangerous nationalism that gripped the Republic The author describes how postwar France a nation splintered in the face of humiliation by the foreigner Prussia dissolved into two cultural factions moderates proponents of a secular state Clericalism there is the enemy and reactionaries who saw their ideal nation militant Catholic royalist embodied by Joan of Arc with their message that France had suffered its defeat in 1871 for having betrayed its true faith A bitter debate took hold of the heart and soul of the country framed by the vision of science and technological advancement versus supernatural intervention Brown shows us how Paris s most iconic monuments that rose up during those years bear witness to the passionate decades long quarrel At one end of Paris was Gustave Eiffel s tower built in iron and

more than a thousand feet tall the beacon of a forward looking nation at Paris other end at the highest point in the city the basilica of the Sacre Coeur atonement for the country's sins and moral laxity whose punishment was France's defeat in the war Brown makes clear that the Dreyfus Affair the cannonade of the 1890s can only be understood in light of these converging forces The Affair shaped the character of public debate and informed private life At stake was the fate of a Republic born during the Franco Prussian War and reared against bitter opposition The losses that abounded during this time the financial loss suffered by thousands in the crash of the Union Generale a bank founded in 1875 to promote Catholic interests with Catholic capital outside the Rothschilds sphere of influence along with the failure of the Panama Canal Company spurred the partisan press which blamed both disasters on Jewry The author writes how the roiling conflicts that began thirty years before Dreyfus did not end with his exoneration in 1900 Instead they became the festering point that led to France's surrender to Hitler's armies in 1940 when the Third Republic fell and the Vichy government replaced it with Marshal Pétain heralded as the latest incarnation of Joan of Arc France's savior
