Australian National Bibliography: 1992 National Library of Australia, 1988 **Reluctant Nation** David Day, 1992 This book deals with a vital period in the history of the modern world as the Second World War spread into the Pacific engulfing the European empires and dragging the United States into the war The present political geography of the Pacific was established during these years as the Allies fought Japan The Allies also were busy keeping a wary eye on each other as they jostled for post war dominance Despite repeated assurances by Churchill Britain fought a limited war in the Pacific Britain was seeking a limit to the political fall out from the Singapore disaster of 1942 and had a interest in recovering the Far East empire In the final analysis England chose to maximize reconstruction effort at home rather than to fulfil commitments to the war against Japan Australia had imperial dreams of its own Based on the strength of a new munitions industry and greatly expanded armed forces Australia s dream depended on guarantees of Anglo American support that were never forthcoming Australia soon found that grandiose ambitions outran the limited capacity to achieve them As with Britain the political attractions of domestic reconstruction overshadowed territorial ambitions Even the United States the new power broker in the Pacific found its ability to shape the region was limited Based on extensive use of private diaries and confidential papers Day has written a wide ranging reinterpretation of the Pacific War that deserves to be read by all those seeking to understand these explosive events **1942** Bob Wurth, 2008-09-01 1942 was the year of Australia s greatest peril as Darwin was destroyed by bombing Australian ships were torpedoed within sight of our coast midget Japanese submarines attacked shipping in Sydney Harbour and the Japanese army invaded New Guinea on its inexorable march south This is the real story of the genuine and imminent threat to Australia in that fateful year On the beautiful Inland Sea of Japan the heartland of the Imperial Japanese Navy and in frenetic wartime Tokyo zealous staff officers and their illogical admirals debated the invasion of an almost defenceless nation The Imperial Japanese Army meanwhile opposed the attack foreseeing a looming military quagmire In Australia Allied defence chiefs all but dismissed the chances of holding Darwin For months Australia s fate hung in the balance 1942 is a story of desperate bravery and criminal stupidity Most of all it is the story of Australians left high and dry under the looming shadow of a terrible invasion and the steps that an inexperienced leader John Curtin took to save his country in its darkest days *The Great Power Struggle in East Asia, 1944-50* Christopher Baxter, 2009-10-29 The first full account of British policy towards China Japan and Korea from the final stages of the Second World War to the outbreak of the Korean War set against the backdrop of the Anglo American relationship broader Far Eastern developments the beginnings of the Cold War and Britain s relationship with the Commonwealth *Historical Dictionary of Japan to 1945* Kenneth Henshall, 2013-11-07 The Historical Dictionary of Japan to 1945 spans the entire period from the earliest evidence of human habitation in Japan through to the end of the Pacific War It includes substantial topics such as cultural and literary history with entries ranging from aesthetics to various genres of writing Other branches of

Australia's War 1939-45 Joan Beaumont, 2020-09-10 The Second World War was a dominant experience in Australian history For the first time the country faced the threat of invasion The economy and society were mobilised to an unprecedented degree with 550 000 men and women or one in twelve of a population of over 7 million serving in the armed forces overseas Social patterns and family life were disrupted Politically the war gave a new legitimacy to the Australian Labor Party which had been confined to the wilderness of the Opposition at the Federal level for most of the inter war years The powers of the Federal government increased and a new momentum for social reform was generated at the popular and governmental level In the international sphere the war fundamentally shook Australian confidence in the power on which it had relied for generations Great Britain It generated a sense of independence in Australian foreign policy and initiated a new if halting and problematic realignment towards the United States In this accessible book Joan Beaumont Kate Darian Smith David Lee David Lowe Marnie Haig Muir Roy Hay and David Walker consider the range of Australia's experience of this conflict In a single volume they draw together the many aspects of the war and distil the current state of historical scholarship Australia's War 1939-45 will be invaluable to tertiary students and of enormous interest to the reader concerned with the social political and military history of Australia A companion volume on the First World War is also available

Oboe One, Tarakan, 1945 Peter Stanley, 2025-07-02 In 1945 the small island of Tarakan off Borneo's coast became the unlikely stage for one of the Second World War's most gruelling campaigns As part of General Douglas MacArthur's plan to liberate the Netherlands Indies Australian soldiers launched Operation Oboe One a mission to capture Tarakan's airstrip What was meant to last three weeks stretched into two months of bitter jungle warfare claiming 240 Australian lives and 1 500 Japanese defenders The airstrip's strategic goal faltered but the courage and sacrifice of those who fought there remain untold Through vivid narratives and exhaustive research Oboe One brings this obscure battle to life uncovering the grit and camaraderie of the Second Australian Imperial Force These citizen soldiers faced dense jungles hidden mines and relentless enemy fire embodying professionalism and resilience in the war's final days Their experiences reveal not just the hardships of combat but the unique ethos of a generation shaped by a vanished Australia an era of robust unpolished camaraderie and quiet determination This compelling account revisits Tarakan through the eyes of its participants and confronts lingering questions about the campaign's necessity Was it a strategic misstep or a justified sacrifice within the larger Pacific war effort Tarakan challenges readers to remember the forgotten honour the fallen

and understand the extraordinary men whose lives were forever marked by this brutal campaign For those seeking to explore the human cost of war Tarakan is an essential tribute to courage leadership and the enduring echoes of an extraordinary Australian legacy

Intelligence and the War Against Japan Richard J. Aldrich, 2000-04-13 This book explores the politics of the British and American secret service during the Far Eastern War **Transition in Power** Peter J. Hugill, 2018-08-15 Hegemonic transitions are never clear and they usually emerge from a period of multi polarity in the world system Two types of state tend to contend for power trading states and territorial states although most states are never pure and tend to contain within them multiple polities with different agendas This book describes the hegemonic transition between two major trading states Britain and America British decline began in the late Victorian era but the transition to American power was slow and other states also sought hegemony Transitions between trading states focus on economic struggle though struggles between trading and territorial states and between territorial states are marked by armed conflict In 1919 President Woodrow Wilson saw three arenas of competition developing between Britain and America in international transportation international communication and petroleum But Britain was challenged economically by America as early as 1861 via the Morrill Tariff her economic hegemony was gone by the 1880s and she was defeated by 1947 From the 1880s on both America and Germany sought to replace Britain as hegemonic power not only through their implementation of protectionist economic policies but also through the adoption of revised versions of the world economy through new technologies and in the case of Germany military power Britain struggled to stay in place Britain s world economy was that of a pure trading state Maritime trade in organic materials was organized through global capitalism and control over submarine cable telecommunications rather than territorial possession America s rise was greatly helped by being a capitalist power in possession of a secure territorial base in the mid section of the North American continent but America suffered from multiple polities competing for power with the South particularly problematic Germany developed a radically new world economy that synthesized resources using organic

chemistry German science and technology began to diffuse to American corporate laboratories before World War One After that war diffusion to American laboratories and universities was massive and helped secure American hegemony The U.S. and the War in the Pacific, 1941-45 Sandra Wilson, Michael Sturma, Arjun Subrahmanyam, Dean Aszkielowicz, J.
