Remaking Canadian Social Policy Social Security In The Late 1990s:

Remaking Canadian Social Policy Jane Pulkingham, Gordon Ternowetsky, 1996 This book critically examines the changing landscape of Canadian social policy that is taking place as a result of the Liberal government's Social Security Review SSR and recent budgets The objective is to provide an alternative venue to the official consultation process of the SSR while at the same time providing input into the rebuilding of Canadian social programs Major factors that led to the SSR are examined the role of the Minister of Finance the fiscal power and moral authority of the federal state in a decentralized nation globalization and labour market restructuring the concept of workfare the impact on women the role of popular sector groups and the future of the welfare state **Changing Politics of Canadian Social Policy, Second Edition** James J. Rice, Michael J. Prince, 2013-03-05 A consistent bestseller since its publication in 2000 Changing Politics of Canadian Social Policy is a one of a kind resource in the fields of political science and social work Examining current conditions affecting the development of social policies in Canada this book offers in depth critical analysis of how these policies first arose and the implications they pose for future policy development This new edition of Changing Politics of Canadian Social Policy features updated chapters while retaining the first edition's analytical focus on economic globalization societal pluralization and social protection The authors offer fresh considerations of gender relations and families community agencies and the voluntary sector as well as the social policy activities of all levels of government in the Canadian federation Changing Politics of Canadian Social Policy will continue to provide the much needed groundwork for students and policymakers as well as propose real solutions for the future **Changing Politics of Canadian Social Policy** Michael J. Prince, James J. Rice, 2000-03-18 No one is content with the state of health and social programs in Canada today The Right thinks that there is too much government involvement and the Left thinks there is not enough In Changing Politics of Canadian Social Policy James Rice and Michael Prince track the history of the welfare state from its establishment in the 1940s through its development in the mid 1970s to the period of deficit crisis and restraint that followed in the late 1970s and 1980s Taking a historical perspective the authors grapple with the politics of social policy in the 1990s Globalization and the concomitant corporate mobility affect government's ability to regulate the distribution of wealth while the increasing diversity of the population puts increasingly complex demands on an already overstressed system Yet in the face of these constraints the system still endures and is far from irrelevant Some social programs have been dismantled but the government has organized and maintained others Greater democratization of welfare programs and social policy agencies could make the system thrive again Changing Politics provides the much needed groundwork for students and policy makers while also proposing real solutions for the future Canadian Social Policy Anne Westhues, Brian Wharf, 2012-05-25 Social policy shapes the daily lives of every Canadian citizen and should reflect the beliefs of a majority of Canadians on just approaches to the promotion of health safety and well being Too often those on the front lines social workers nurses and teachers observe that policies do

not work well for the most vulnerable groups in society In the first part of this new edition of Canadian Social Policy Westhues and Wharf argue that service deliverers have discretion in how policies are implemented and the exercise of this discretion is how citizens experience policy whether or not it is fair and reasonable They show the reader how social policy is made and they encourage active citizenship to produce policies that are more socially just New material includes an examination of the reproduction of systemic racism through the implementation of human rights policy and a comparative analysis of the policy making process in Quebec and English Canada The second part of the book discusses policy issues currently under debate in Canada Included are new chapters that explore parental leave policies and housing as a determinant of health All chapters contain newly updated statistical data and research and policy analysis A reworked section on the process of policy making and the addition of questions for critical reflection enhance the suitability of the book as a core resource in social policy courses The final chapter explores how front line workers in the human services can advocate for change in organizational policies that will benefit the people supported

Reforming Social Policy Neclâ Yongaçoğlu Tschirgi, International Development Research Centre (Canada), 2000

Reforming Social Policy Changing Perspectives in Sustainable Human Development **The Chrétien Legacy** Lois Harder, Steve Patten, 2006-07-13 The legacy of Jean Chrétien Canadian prime minister from 1993 2003 is difficult to assess in the context of the sponsorship scandal and the subsequent cloud of uncertainty surrounding the Liberal Party's electoral prospects The contributors to this volume use their considerable experience and expertise as policy observers and critical thinkers to provide provocative essays that analyse Chrétien's government and provide insights into Canadian politics and

public policy *Driven Apart* Annis May Timpson, 2001 From the outset of second wave feminism in Canada women have advanced analyses of employment inequality that embrace their labour in both the public and domestic spheres Through campaigns task forces and direct engagement with government departments activists have argued that only when the Canadian state takes account of their roles as care providers can women's full potential as worker citizens be realized

How Ottawa Spends, 1997-1998 Gene Swimmer, 1997-05-15 In this volume eleven areas of government policy are analyzed including economic management deficit control trade promotion and employment national unity social policies child care elderly benefits and housing and ethics Overall Liberal policies bear a much stronger resemblance to Tory Blue philosophy than their own Red Book *Health Promotion and the Policy Process* Carole Clavier, Evelyne J. J. de Leeuw, 2013-09-12 Health Promotion and the Policy Process presents theories on the policy process and discusses their significance in understanding of the constraints and issues of policymaking in health promotion **Women's Work is**

Never Done Sylvia Bashevkin, 2013-09-13 First published in 2002 Social critics policy makers and the public in general frequently overlook the crucial status of women as the main recipients of welfare and as providers of paid and unpaid care The eight original essays in this collection remedy this situation By comparing welfare policy in advanced industrial countries and the welfare experiences of different populations of women black or white young and old with that of the male experience Sylvia Bashevkin and her contributors challenge the Moynihan report the conservative fatherhood movement and neoliberal philosophy politics and practice Women's Work is Never Done adds a new dimension to the important public discussion of women's status as citizens disparities in welfare reform and poverty in a globalized world **Poverty** Professor John

Dixon, John Dixon, David Macarov, 2002-01-04 This book addresses the long standing global issue of poverty An introductory chapter explores concepts and definitions of poverty the subsequent chapters providing detailed examinations of poverty in ten different countries UK USA Australia Canada Hong Kong Ireland Malta The Netherlands The Philippines and Zimbabwe Each chapter follows a consistent format to facilitate comparison and focuses on the following issues the socio economic and historical context within which poverty exists the extent and nature of poverty its causes the measures that have been taken to mitigate it This book will be essential reading for students of social policy and administration as well as development studies and anthropology In the Long Run We're All Dead Timothy Lewis, 2007-10-01 Canadian politics in the 1990s were

characterized by an unwavering focus on the deficit At the beginning of the decade it seemed that fiscal deficits were intractable a fait accompli of Canadian politics yet by the end of the decade Ottawa had taken remarkable actions to eliminate its budgetary shortfalls and had successfully eradicated its deficits How such a radical change of political course came to pass is still not well understood In *The Long Run We're All Dead* The Canadian Turn to Fiscal Restraint offers the first comprehensive scholarly account of this vital public policy issue Lewis deftly analyzes the history of deficit finance from before Confederation through Canada's postwar Keynesianism to the retrenchment of the Mulroney and Chrétien years In

doing so he illuminates how the political conditions for Ottawa's deficit elimination in the 1990s materialized after over 20 consecutive years in the red and how the decline of Canadian Keynesianism has made way for the emergence of politics organized around balanced budgets. This important book provides scholars and students of Canadian politics with a new framework by which to understand the adoption of government policy, the economic and fiscal legacy of the Mulroney administrations and the emergence of the new politics of the surplus. It will be of great interest to those engaged with Canadian politics, political economy and public policy as well as to participants in policy processes and the informed public.

Mothering in the Age of Neoliberalism Giles Melinda Vandenbeld, 2014-03-01. Neoliberal policies and austerity measures have unequivocally altered the landscape of women's lives globally. The most detrimental effect has been on mothers as they are faced with increasing responsibility and decreasing resources. Despite mothers being the primary producers, consumers and reproducers of the neoliberal world, their centrality has been largely silenced within economic discourse. Thus *Mothering in the Age of Neoliberalism* calls for a new economic framework to counter the individualized neoliberal model, one in which the needs of mothers and children are prioritized. This volume provides a crucial starting point. By identifying the sources of neoliberal failure toward mothers, we can begin to collectively formulate an alternative paradigm in which mothers' voices are no longer rendered invisible but rather predominate in the global landscape.

Privatization, Law, and the Challenge to Feminism Brenda Cossman, Judy Fudge, 2002-01-01. Examining eight case studies on the role of law in various arenas, this collection of essays addresses the reconfiguration of the relations between the state, the market and the family caused by privatization.

Beyond the Welfare State Sirvan Karimi, 2017-01-01. In *Beyond the Welfare State*, Sirvan Karimi utilizes a synthesis of Marxian class analysis and the power resources model to provide an analytical foundation for the divergent pattern of public pension systems in Canada and Australia.

Bureaucratic Manoeuvres John Grundy, 2019-03-14. In *Bureaucratic Manoeuvres*, John Grundy examines profound transformations in the governance of unemployment in Canada. While policy makers previously approached unemployment as a social and economic problem to be addressed through macroeconomic policies, recent labour market policy reforms have placed much more emphasis on the supposedly deficient employability of the unemployed themselves, a troubling shift that deserves close critical attention. Tracing a behind-the-scenes history of public employment services in Canada, *Bureaucratic Manoeuvres* shows just how difficult it has been for administrators and frontline staff to govern unemployment as a problem of individual employability. Drawing on untapped government records, it sheds much needed light on internal bureaucratic struggles over the direction of labour market policy in Canada and makes a key contribution to Canadian political science, economics, public administration and sociology.

Social Differentiation Danielle Juteau-Lee, Danielle Juteau, 2003-01-01. *Social Differentiation* examines the economic, political and normatively defined relations that underlie the construction of social categories. Social differentiation embedded in inequalities of power, status, wealth and prestige affects life chances of

individuals as well as the allocation of resources and opportunities Starting with a theoretical framework that challenges many traditional analyses the contributors focus on four specific strands of social differentiation gender age race ethnicity and locality They explore the historically specific social practices policies and ideologies that produce distinct forms of inequality in turn revealing and explaining such issues as the formation and maintenance of a gendered order the privileging of prime age workers the penalties incurred by visible minorities in the labour market the highly disadvantaged position of Aboriginals and the economic decline of agriculture resource and fishing dependent regions By paying special attention to political processes norms and representations and by indicating how social policies shape economic functioning and relate to normative definitions this book will interest policy oriented researchers and decision makers *Equity, Diversity & Canadian Labour* Gerald Hunt, David Rayside, 2007-10-06 In recent years the Canadian labour movement has undergone fundamental change in response to demands for greater inclusion and representation by women visible and sexual minorities and people with disabilities *Equity Diversity and Canadian Labour* explores the specific challenges put to outmoded attitudes and practices charting the efforts made by organized labour in Canada towards addressing discrimination in the workplace and within unions themselves While there has been a fair amount of progress in this regard persistent impediments to equity and uneven responsiveness within and across diversity issues remain This collection of original essays brings together contributors from a variety of academic backgrounds women s studies political science sociology industrial relations and from the labour movement itself to examine union policies practices and cultures with respect to diversity issues The first comprehensive analysis of Canadian labour s response to challenges on gender race disability and sexual orientation issues since the 1980s the book aims to highlight the structural and cultural developments that have taken place within the labour movement around equality rights and to provide a forum for debates about the extent to which union democracy has been reshaped as a result of equity activism *Equity, Diversity, and Canadian Labour* David Morton Rayside, Gerald Hunt, 2007-01-01 The Canadian labour movement has undergone several fundamental changes in response to demands for greater inclusion and representation by women visible and sexual minorities and people with disabilities *Equity Diversity and Canadian Labour* explores the specific challenges put to outmoded conceptions of labour charting the effort made towards establishing a more inclusive vision of labour in Canada The study concludes that the Canadian labour movement has seen a fair amount of progress in this regard though it still faces persistent impediments to equity and suffers from an uneven responsiveness within and across diversity issues This collection of original essays brings together contributors from a variety of backgrounds womens studies political science sociology industrial relations and the labour movement itself They provide detailed analyses of significant changes in union policies practices and cultures as viewed through different disciplinary lenses With reference to gender race disability and sexuality the volume assesses the status of labour diversity in Canada and suggests what still needs to be done to advance the equity project An engaging look at the labour movement in

Canada and elsewhere Equity Diversity and Canadian Labour will appeal to students practitioners and anyone interested in equity issues and minority rights
