Remaking Men Jung Spirituality And Social Change:

Remaking Men David Tacey, 2013-10-23 The nature of masculinity is a popular subject for contemporary authors either treated critically from a sociological standpoint or analysed from a psychological and spiritual perspective In *Remaking Men* David Tacey argues that we must strive to bridge the gap between these separate traditions masculinity should neither be hijacked by the spiritual Jung influenced men's movement nor discussed merely as a product of socio political forces Examining his own and other men's experience in a critical and lively discourse he evades the simplistic optimism of the inner journey approach and the chronic pessimism of contemporary academic arguments This is a fascinating and very accessible look at masculinity for those who want to explore self and society with intelligence and soul **Remaking Men** David John Tacey, 1997 **Edge of the Sacred - Jung, Psyche, Earth** David Tacey, Does earth have spirit or soul This is a question being asked ever more frequently especially by those interested in the future of the natural world and the development of consciousness The alchemists said the greater part of the soul is outside the body and indigenous cultures have felt that soul or spirit resides in Nature and the physical environment Such notions have been dismissed by modernity as illusions but we are beginning to have second thoughts about the animation of the earth Science and rationality have not taught us how to love or care for the earth and in the modern era the environment has been disrespected The mythic bonds to Nature such as those found in Aboriginal Australian cultures appear to have real survival value because they bind us to the earth in a meaningful way When these bonds are destroyed by excessive rationality or a collapse of cultural mythology we are left alone outside the community of Nature and in an alienated state In this state we do real damage to the environment because it is no longer part of our spiritual body or moral responsibility Jung was one of the first thinkers of our time to consider the psychic influence of the earth and the conditioning of the mind by place Inspired by his writings and those of James Hillman the field of ecopsychology has arisen as a powerful new area of inquiry *Edge of the Sacred Jung Psyche Earth* contributes to global ecopsychology from an Australian perspective *Crossing into Manhood: A Men's Studies Curriculum* Christopher P. Mason, 2006 Many scholars have documented and decried the crisis in American masculinity There is a preponderance of evidence showing that males suffer from many physical emotional and social ills due to the gender scripts with which they were raised and which continue to govern men's lives Throughout the millennia and across cultures initiation rites of passage have been utilized as an effective means of transitioning young males into manhood Modern culture suffers from a dearth of rites of passage leaving many boys stuck in puerile attitudes and behaviors and unable to make a wholesome transition into mature masculinity *Crossing into Manhood* is a much needed guide on assisting late adolescent boys transition into manhood it proposes a school based curriculum and rite of passage paradigm to help young men make the difficult passage into manhood Utilizing resources from diverse academic disciplines this book surveys the psychoanalytic the social constructionist and the essentialist perspectives on masculine gender As a result a men's studies curriculum has

been formulated one that offers a balanced bio psycho social conceptualization of masculine identity Educators will find the contents of this book helpful in providing the key conceptual information necessary to teach a men s studies course to late adolescent boys This book will provoke further dialogue and work among educators and other adults in this important area Publisher s website [Jung and the New Age](#) David John Tacey,2001 David Tacey offers a theoretical and philosophical account of the New Age phenomenon and the archetypal imperatives that have brought it about **Men, Women and Relationships - A Post-Jungian Approach** Phil Goss,2010-09-13 This book offers Jungian perspectives on social constructions of gender difference and explores how these feed into adult ways of relating within male female relationships Phil Goss places this discussion within an archetypal context drawing on the fairy tale Jack and the Beanstalk to consider the deep tension in western culture between the transcendent masculine and the immanent feminine Offering both developmental and socio cultural frameworks areas of discussion include the use of story and myth to understand gender Jungian and post Jungian approaches updating anima animus working clinically with men and with women the developmental pathways of gender difference power relations between men and women in the home Men Women and Relationships A Post Jungian Approach will be a valuable resource for all those with an interest in analytical psychology including psychotherapists psychoanalysts and counsellors as well as those in the broader fields of social work and education who have an interest in gender difference and identity **Numen, Old Men** Joseph Gelfer,2016-09-17 Since the early 1990s there have been various movements designed to encourage masculine spirituality All these movements share a concern that spirituality has become too feminine and that men s experiences of the spiritual are being marginalized The task of masculine spirituality is to promote authentic masculine characteristics within a spiritual context Numen Old Men examines these characteristics to argue that masculine spirituality is thinly veiled patriarchy The mythopoetic evangelical and Catholic men s movements are shown to promote a hetero patriarchal spirituality by appealing to either combative and oppressive neo Jungian archetypes or biblical models of man as the leader of the family Numen Old Men examines spiritualities that aim to honour and transcend both the masculine and feminine and offers gay spirituality as an example of masculine spirituality that resists patriarchy **Responding to Men in Crisis** Brian Taylor,2006 This book is based on new work relating gendered assumptions about rationality to men s mental health It offers the reader a theoretical exploration of a topically and politically sensitive issue and provides a valuable critique of postmodern theory and theorists It is relevant to practitioners and activists in the mental health field will be of interest to profeminist theorists and is essential reading for academics and students of sociology and allied disciplines Jacket [Responding to Men in Crisis](#) , **The Spirituality Revolution** David John Tacey,2004 The Spirituality Revolution addresses the major social issue of spirituality which requires immediate attention if we are to creatively respond to spiralling outbreaks of depression suicide addiction and psychological suffering **International Handbook of the Religious, Moral and Spiritual Dimensions in Education** Marian de Souza,Gloria

Durka, Kathleen Engebretson, Robert Jackson, Andrew McGrady, 2007-06-04 In today's pluralistic world many cultures feel a shift in the relationship of people with religious traditions. A corresponding movement is a resurgence of interest in human spirituality. This Handbook presents the views of education scholars who engage these concepts every day in a collection of essays reflecting the international state of the discipline. Out of these rises a vision for the emergence of a just and peaceful world.

Gods and Diseases David Tacey, 2013-09-13 Today's society faces many problems that cannot be solved by the application of reason, logic or medicine. Some of these include alcoholism, suicide, drug addiction and child abuse to name but a few. Many mental health problems are on the increase such as depression, phobias and anxiety with no obvious solution in sight. In *Gods and Diseases* David Tacey argues that the answers lie in leaving behind the confines of conventional medicine. Instead we should turn towards spirituality and to what he calls meaning-making to make sense of our physical and mental wellbeing and explore how the numinous may help us to heal.

Shadows of Fatherhood, Jung, and Film Mark Holmwood, 2024-08-23 Every picture tells a story and stories have the power to educate. Looking at two key Jungian archetypes, the father and the shadow, from a challenging perspective, this book investigates the negative shadowy side of fatherhood and its detrimental effect on children by presenting a collection of stories from all over the world. Blurring the line between fiction and fact, art and academic theory, the book travels across a difficult psychosocial landscape discussing family life, mental health and criminality. Mark Holmwood highlights the educational value of these stories whilst exploring the father-child dynamic, adverse childhood experiences, father hunger, asymmetrical power relations, psychological manipulation, narcissism, domestic violence, sexual abuse, patricide and filicide. Jungian and post-Jungian viewpoints on the bond between fathers and their children are woven into a bigger, interconnected narrative which invites the readers to re-think clinical, sociological and mythological connections through the lens of modern masculinity and men's studies. Discussing five different types of negative fathers, the book presents their children's struggles and underlines their resilience at the same time, emphasising assertion, challenge, questioning and if necessary, acceptance, all being a part of the complex and transformative psychological process called individuation. Written with a clear and direct style, *Shadows of Fatherhood, Jung, and Film* will be of interest to mental health professionals, Jungian scholars, students, teachers and researchers in social sciences, humanities and the arts, as well as general readers with a distinctive interest in men's studies, father-child relations and cinema.

current thinking about men's violence against women Drawing upon radical and intersectional feminist theory and critical masculinity studies the book locates men's violence within the structures and processes of patriarchy Addressing the limitations of current violence prevention policies Bob Pease argues that a nuanced conceptualisation of patriarchy that accounts for a variety of patriarchal structures intersections with other forms of inequality patriarchal ideologies men's peer group relations men's sexist practices and the construction of patriarchal subjectivities is required to understand the links between gender and men's violence against women Pease shows that men's violence against women needs to be understood in the context of other forms of men's violence including violence against boys and other men in the involvement of men in wars and conflicts between nations and men's ecologically destructive practices which constitute a form of slow violence With crucial implications for priorities in violence prevention gender equality promotion and in strategies for engaging men in this work Facing Patriarchy offers new hope for the elimination of men's violence This is an essential book for scholars practitioners activists and policy makers involved in violence prevention in national and international contexts
