## **Remaking Queen Victoria:**

Remaking Queen Victoria Margaret Homans, Adrienne Munich, 1997-10-02 Queen Victoria's central importance to the era defined by her reign is self-evident and yet it has been surprisingly overlooked in the study of Victorian culture. This collection of essays goes beyond the facts of biography and official history to explore the diverse and sometimes conflicting meanings she held for her subjects around the world and even for those outside her empire who made of her a multifaceted icon serving their social and economic needs. In her paradoxical position as neither consort nor king she baffled expectations throughout her reign. She was a model of wifely decorum and solid middle-class values but she also became the focus of anxieties about powerful women and increasingly of anger about Britain's imperial aims. Each essay analyses a different aspect of this complex and fascinating figure. Contributors include noted scholars in the field of literature, cultural studies, art history and women's studies.

**Sir Arthur Helps and the Making of Victorianism** Stephen Keck, 2014-07-08 This study is the first treatment devoted to Sir Arthur Helps (1813-1875) who was a prominent figure in the mid-Victorian world. Readers will discover that from the 1840s until his death Helps was influential and well-known to many key figures. Carlyle, Ruskin, Froude and the Queen were among those whom he befriended. In fact it was almost certainly these relationships which Helps sought to protect by directing that the bulk of his private papers and correspondence be destroyed upon his death. Making use of extensive primary and secondary sources, this book begins the process of recovering this once eminent Victorian. Helps did become a forgotten figure but nevertheless during the course of his career he made notable impacts upon many areas of British life. At once a social activist and literary figure, Helps labored to promote social reform while also lifting his pen to educate his readers about the complexity of both societal problems and the difficulties inherent in adequately addressing them. He looked well beyond Britain as well; it would be Helps who authored a four-volume history of the Spanish conquest of the New World while developing unrivaled expertise on the history and practice of slavery in the Americas. As Clerk of the Privy Council, Helps played a decisive role in addressing the problems caused by the Cattle Plague which shocked Britain in the middle of the 1860s. Most important perhaps it would be as Clerk that Helps served Queen Victoria not only as an informal confidant but by making decisions which refashioned the monarchy's public image. The book then reintroduces Helps by documenting and assessing his contributions to Victorian Britain.

*Becoming Victoria* Lynne Vallone, 2001-01-01 Part biography, part historical and cultural study, this richly illustrated volume uncovers in fascinating detail the childhood that Princess Victoria actually lived. Vallone shows readers a new Victoria: a lively and passionate girl very different from the iconic, dour widow of the queen's later life. 50 illustrations, 15 in color.

key terms     *The Royal Throne of Mercy and British Culture in the Victorian Age* James Gregory, 2020-10-01 In the first detailed study of its kind James Gregory's book takes a historical approach to mercy by focusing on widespread and varied discussions about the quality virtue or feeling of mercy in the British world during Victoria's reign Gregory covers an impressive range of themes from the gendered discourses of emotional appeal surrounding Queen Victoria to the exercise and withholding of royal mercy in the wake of colonial rebellion throughout the British empire Against the backdrop of major events and their historical significance a masterful synthesis of rich source material is analysed including visual depictions paintings and cartoons in periodicals and popular literature and literary ones in sermons novels plays and poetry Gregory's sophisticated analysis of the multiple meanings uses and operations of royal mercy duly emphasise its significance as a major theme in British cultural history during the long 19th century This will be essential reading for those interested in the history of mercy the history of gender British social and cultural history and the legacy of Queen Victoria's reign     *The Romantic Sublime and Middle-Class Subjectivity in the Victorian Novel* Stephen Hancock, 2013-10-31 This study follows the aesthetic of the sublime from Burke and Kant through Wordsworth and the Shelleys into Thackeray Dickens Eliot and Hardy Exploring the continuities between the romantic and Victorian periods that have so often been rather read as differences the book demonstrates that the sublime mode enables the transition from a paradigm of overwhelming power exemplified by the body of the king to the pervasive power of surveillance utilized by the rising middle classes While the domestic woman connected with the rise of the middle class is normally seen as beautiful the book contends that the moral authority given to this icon of depth and interiority is actually sublime The binary of the beautiful and the sublime seeks to contain the sublimity of womanhood by insisting on sublimity's masculine character This is the book's most important claim rather than exemplifying masculine strength the sublime marks the transition to a system of power gendered as feminine and yet masks that transition because it fears the power it ostensibly accords to the feminine This aesthetic is both an inheritance the Victorians receive from their romantic predecessors and more importantly a broad historical phenomenon that questions the artificial boundaries between romantic and Victorian     ***The Palgrave Handbook of Neo-Victorianism*** Brenda Ayres, Sarah E. Maier, 2024-01-20 This handbook offers analysis of diverse genres and media of neo Victorianism including film and television adaptations of Victorian texts authors' life stories graphic novels and contemporary fiction set in the nineteenth century Contextualized by Sarah E Maier and Brenda Ayres in a comprehensive introduction the collection describes current trends in neo Victorian scholarship of novels film theatre crime empire postcolonialism Gothic materiality religion and science amongst others A variety of scholars from around the world contribute to this volume by applying an assortment of theoretical approaches and interdisciplinary focus in their critique of a wide range of narratives from early neo Victorian texts such as A S Byatt's *Possession* 1963 and Jean Rhys' *Wide Sargasso Sea* 1966 to recent steampunk from musical theatre to slumming and from *The Alienist* to queerness in their investigation of how this fiction reconstructs the past informed by

and reinforcing the present      **Under English Eyes** Jopi Nyman, 2021-10-18 British fictions of the early twentieth century appear obsessed with Europe Various texts from E M Forster and D H Lawrence to Bram Stoker and the period s travel writing explore European spaces constructing the European as an Other threatening the position of the English What they constantly repeat is England s difference and the secondary role of European spaces whose representation resembles that of colonial lands By reading selected texts both canonized and popular published between 1894 and 1916 this study argues that this xenophobic construction is a sign of the pervading presence of concerns related to the maintenance of English national identity Englishness allegedly threatened by the European Other By drawing on current postcolonial theory the case studies in the volume show that the discourse on the Other produced in British writings on Europe contributes more than has been understood to the making and promoting of Englishness The authors studied include D H Lawrence Katherine Mansfield Anthony Hope Arnold Bennett Mrs Alec Tweedie Erskine Childers and Joseph Conrad The study will renew our understanding of the role of Europe in the period s cultural imagination showing that the identities of the English are formed in encounters with different internal and external Others      **Working Fictions** Carolyn Lesjak, 2006 Reconceptualizing Victorian literary history Carolyn Lesjak argues that throughout the Victorian era fiction reflected a preoccupation with labor in relation to pleasure      **The Awkward Age in Women's Popular Fiction, 1850-1900** Sarah Bilston, 2004-07-22 This book demonstrates that the awkward age formed a fault line in Victorian female experience an unusual phase in which restlessness self interest and rebellion were possible Tracing evolving treatments of female adolescence though a host of long forgotten women s fictions the book reveals that representations of the girl in popular women s literature importantly anticipated depictions of the feminist in the fin de si cle New Woman writing conservative portrayals of girls hopes dreams and subsequent frustrations helped clear a literary and cultural space for the New Woman s awakening to disaffected consciousness The book thus both historicises the evolution and mythic appeal of the female adolescent and works to receive suggestive exchanges between apparently diverse female literary traditions      **The Oxford Handbook of Victorian Medievalism** Joanne Parker, Corinna Wagner, 2020 The Oxford Handbook of Victorian Medievalism Covers all aspects of medievalism in Victorian Britain Contextualizes the phenomenon historically with chapters looking at earlier centuries Relates Victorian medievalism to medievalism in other countries Book jacket      *Mystifying the Monarch* Jeroen Deploige, Gita Deneckere, 2006 The power of monarchs has traditionally been as much symbolic as actual rooted in popular imagery of sovereignty divinity and authority In *Mystifying the Monarch* a distinguished group of contributors explores the changing nature of that imagery and its political and social effects in Europe from the Middle Ages to the present day They demonstrate that rather than a linear progression where perceptions of rulers moved inexorably from the sacred to the banal in reality the history of monarchy has been one of constant tension between mystification and demystification

**Aristocratic Women and the Literary Nation, 1832-1867** M. O' Cinneide, 2015-12-17 Aristocratic women flourished in

the Victorian literary world their combination of class privilege and gendered exclusion generating distinctively socialized modes of participation in cultural and political activity Their writing offers an important trope through which to consider the nature of political private and public spheres     *The Monarchy and the British Nation, 1780 to the Present* Andrzej Olechnowicz, 2007-11-29 What has been the function of monarchy in the political and social life of Britain     **Clio's Daughters** Lynette Felber, 2007 They discover new texts and methodologies exploring nineteenth century British women s historiography their writing of history often through unexpected sources not previously regarded as historical venues journalism travel writing architectural preservation and costume balls BOOK JACKET     Politicizing Domesticity from Henrietta Maria to Milton's Eve Laura Lunger Knoppers, 2011-09-29 Knoppers examines the domestic image of the royal family as a contested propaganda tool in the English Revolution and beyond
