

A photograph of a red ceramic mug filled with dark coffee, a silver pen, and a white paper napkin resting on a rustic wooden table. The napkin features the words "REGRET", "REASON", and "REMEDY" stacked vertically in a bold, sans-serif font. The text is colored in a gradient from brown at the top to yellow at the bottom. The pen is a sleek, silver ballpoint pen lying diagonally across the napkin. The background is a wooden surface with a mix of natural wood grain and blue-painted sections.

Groundless Paths Karl Brunnholzl, 2012-08-14 The Abhisamayalamkara summarizes all the topics in the vast body of the praj aparamita sutras Resembling a zip file it comes to life only through its Indian and Tibetan commentaries Together these texts not only discuss the hidden meaning of the praj aparamita sutras the paths and bhumis of sravakas pratyekabuddhas and bodhisattvas but also serve as contemplative manuals for the explicit topic of these sutras emptiness and how it is to be understood on the progressive levels of realization of bodhisattvas Thus these texts describe what happens in the mind of a bodhisattva who meditates on emptiness making it a living experience from the beginner s stage up through buddhahood Groundless Paths contains the first in depth study of the Abhisamayalamkara the text studied most extensively in higher Tibetan Buddhist education and its commentaries from the perspective of the Nyingma School of Tibetan Buddhism This study consists mainly of translations of Maitreya s famous text and two commentaries on it by Patrul Rinpoche These are supplemented by three short texts on the paths and bhumis by the same author as well as extensive excerpts from commentaries by six other Nyingma masters including Mipham Rinpoche Thus this book helps close a long standing gap in the modern scholarship on the praj aparamita sutras and the literature on paths and bhumis in mahayana Buddhism Arya Maitreya s Ornament of Clear Realization with its Indian and Tibetan commentaries presents the complex dynamics of the path to liberation as a succession of realizations of the empty nature of all phenomena This presentation is a powerful antidote to whatever two dimensional views we might hold about spiritual experience and the journey to enlightenment

The Rational Imagination Ruth M. J. Byrne, 2007-01-26 The human imagination remains one of the last uncharted terrains of the mind This accessible and original monograph explores a central aspect of the imagination the creation of counterfactual alternatives to reality and claims that imaginative thoughts are guided by the same principles that underlie rational thoughts Research has shown that rational thought is more imaginative than cognitive scientists had supposed in The Rational Imagination Ruth Byrne argues that imaginative thought is more rational than scientists have imagined People often create alternatives to reality and imagine how events might have turned out if only something had been different Byrne explores the fault lines of reality the aspects of reality that are more readily changed in imaginative thoughts She finds that our

tendencies to imagine alternatives to actions controllable events socially unacceptable actions causal and enabling relations and events that come last in a temporal sequence provide clues to the cognitive processes upon which the counterfactual imagination depends The explanation of these processes Byrne argues rests on the idea that imaginative thought and rational thought have much in common **False Love** Brad Hambrick,2025-08-11 In False Love counselor Brad Hambrick outlines a 9 step framework for recovery from sexual sin and invites you to experience freedom and true intimacy with God and those you love **The Therapeutic Gazette** William Brodie,Francis Edward Stewart,John J.
