the Bible for Life biblical literacy initiative In this plan the books chapters and verses of the Bible are thoughtfully arranged so readers can track the story of Scripture day by day from beginning to end understanding the flow of events and how all the different parts fit together to make sense Reading God s Story features two color interior page layout and is organized into 52 weeks of readings six readings per week It presents Scripture in three main acts God s Plan for All People God s Covenant People God s New Covenant People and seventeen total scenes providing an introduction for each act and scene to orient the reader to its importance in the grand story Unlike other chronological Bibles this arrangement is not date specific e g January 1 so a person can begin using this edition at any point in the calendar year **NASB, Thompson**
