Remember, Remember J. A. Guy Fawkes or A Complete History of the Gunpowder Treason Rev. Thomas Lathbury, 2014-10-11 The Gunpowder Plot of 1605 was a failed assassination attempt against King James I of England and VI of Scotland by a group of provincial English Catholics led by Robert Catesby The plan was to blow up the House of Lords during the State Opening of England's Parliament on 5 November 1605 as the prelude to a popular revolt in the Midlands during which James's nine year old daughter Princess Elizabeth was to be installed as the Catholic head of state The plot was revealed to the authorities in an anonymous letter During a search of the House of Lords at about midnight on 4 November 1605 Fawkes was discovered guarding 36 barrels of gunpowder and arrested At the trial of the conspirators on 27 January 1606 eight of the survivors including Fawkes were convicted and sentenced to be hanged drawn and quartered

Shakespeare, Catholicism, and the Middle Ages Alfred Thomas, 2018-06-18 Whereas traditional scholarship assumed that William Shakespeare used the medieval past as a negative foil to legitimate the present Shakespeare Catholicism and the Middle Ages offers a revisionist perspective arguing that the playwright valorizes the Middle Ages in order to critique the oppressive nature of the Tudor Stuart state In examining Shakespeare's *Richard II* *The Merchant of Venice* *Hamlet* *King Lear* *Macbeth* and *The Winter's Tale* the text explores how Shakespeare repossessed the medieval past to articulate political and religious dissent By comparing these and other plays by Shakespeare's contemporaries with their medieval analogues Alfred Thomas argues that Shakespeare was an ecumenical writer concerned with promoting tolerance in a highly intolerant and partisan age

So Help Me God Forrest Church, 2008-09-08 The author of *The American Creed* tells the story of our nation's historical encounters with God and culture Peter J. Gomes New York Times bestselling author Today's dispute over the line between church and state or the lack thereof is neither the first nor the fiercest in our history In a revelatory look at our nation's birth Forrest Church recreates our first great culture war a tumultuous nearly forgotten conflict that raged from George Washington's presidency to James Monroe's Religion was the most divisive issue in the nation's early presidential elections Battles raged over numerous issues while the bible and the Declaration of Independence competed for American affections The religious political wars reached a vicious peak during the War of 1812 the American victory drove New England's Christian right to withdraw from electoral politics thereby shaping our modern sense of church state separation No longer entangled both church and state flourished Forrest Church has written a rich page turning history a new vision of our earliest presidents beliefs that stands as a reminder and a warning for America today An illuminating study of the great tangle of our time If we look back to our early years we may well find a way forward Jon Meacham 1 New York Times bestselling author of *His Truth is Marching On* In this beautifully crafted and timely work the aptly named Church takes us

through the complex thoughts and actions of the nation's founders in a way that will give pause to most readers This is an important work that delights and informs Publishers Weekly starred review **Dublin 1916** Clair Wills, 2009 On Easter Monday 1916 a disciplined group of Irish Volunteers seized the city's General Post Office in what would become the defining act of rebellion against British rule This book unravels the events in and around the GPO during the Easter Rising of 1916 revealing the twists and turns that the myth of the GPO has undergone in the last century **Et Tu, Brute?** Greg Woolf, 2007 Then fall Caesar Talking tyrannicide Caesar's murdered heirs Aftershocks Reform Acts Chris Vanden Bossche, 2014-02 How Victorian novels imagined the idea of social agency Reform Acts offers a new approach to prominent questions raised in recent studies of the novel By examining social agency from a historical rather than theoretical perspective Chris R Vanden Bossche investigates how particular assumptions involving agency came into being Through readings of both canonical and noncanonical Victorian literature he demonstrates that the Victorian tension between reform and revolution framed conceptions of agency in ways that persist in our own time Vanden Bossche argues that Victorian novels sought to imagine new forms of social agency evolving from Chartism the dominant working class movement of the time Novelists envisioned alternative forms of social agency by employing contemporary discourses from Chartism's focus on suffrage as well as the means through which it sought to obtain it such as moral versus physical force land reform and the cooperative movement Each of the three parts of Reform Acts begins with a chapter that analyzes contemporary conversations and debates about social agency in the press and in political debate Succeeding chapters examine how novels envision ways of effecting social change for example class alliance in Barnaby Rudge landed estates as well as finely graded hierarchy and politicians in Coningsby and Sybil and reforming trade unionism in Mary Barton and North and South By including novels written from a range of political perspectives Vanden Bossche discovers patterns in Victorian thinking that are easily recognized in today's assumptions about social hierarchy **Poets, Players, and Preachers** Anne James, 2016-08-12 On the night of November 4th 1605 the English authorities uncovered an alleged plot by a group of discontented Catholics to blow up the Houses of Parliament with the lords princes queen and king in attendance The failure of the plot is celebrated to this day and is known as Guy Fawkes Day In Poets Players and Preachers Anne James explores the literary responses to the discovery of the Gunpowder Plot in poetry drama and sermons This book is the first full length study of the literary repercussions of the conspiracy By analyzing the genres of poems plays and sermons produced between 1605 and 1688 the author argues that not only did the continuous reinterpretation of the conspiracy serve religious and political purposes but that such literary reinterpretations produced generic changes **Rituals and Traditional Events in the Modern World** Jennifer Laing, Warwick Frost, 2014-10-30 Many events have evolved over centuries drawing on local customs and conditions However as the world becomes increasingly globalised traditional events and the identities they support are increasingly being challenged and rituals may be lost Reacting against this trend towards homogeneity communities strive to

preserve and even recreate their traditional events which may require rituals to be resurrected or reinvented for a new audience The aim of this book is to explore the role of traditional events and rituals in the modern world The 16 chapters cover a range of case studies of the performance of ritual through events including their historical antecedents and development over time as well as their role in society link with identities both seemingly fixed and fluid and their continued relevance The cases examined are not museum pieces but rather vibrant festivals and events that continue to persist Drawing on the power of history and cultural tradition they are manifestations of heritage existing in three temporalities celebrating the past occurring in the present and aiming to continue into and influence the future Iconic events including Chinese New Year Hogmanay and the New Orleans Mardi Gras are examined and examples are drawn from a diverse range of countries such as South Korea China Laos the United States Scotland Italy India and Haiti This volume provides a deep understanding upon the role of tradition and ritual within events from a global perspective and will be valuable reading for students researchers and academics interested in events heritage and culture

Religion, Race, Rights Eve Darian-Smith, 2010-05-20 The book highlights the interconnections between three framing concepts in the development of modern western law religion race and rights The author challenges the assumption that law is an objective rational and secular enterprise by showing that the rule of law is historically grounded and linked to the particularities of Christian morality the forces of capitalism dependent upon exploitation of minorities and specific conceptions of individualism that surfaced with the Reformation in the sixteenth century and rapidly developed in the Enlightenment in the seventeenth and eighteenth centuries Drawing upon landmark legal decisions and historical events the book emphasises that justice is not blind because our concept of justice changes over time and is linked to economic power social values and moral sensibilities that are neither universal nor apolitical Highlighting the historical interconnections between religion race and rights aids our understanding of contemporary socio legal issues In the twenty first century the economic might of the USA

and the west often leads to a myopic vision of law and a belief in its universal application This ignores the cultural specificity of western legal concepts and prevents us from appreciating that analogous to previous colonial periods in a global political economy Anglo American law is not always transportable transferable or translatable across political landscapes and religious communities **The Civilianization of War** Andrew Barros,Martin Thomas,2018-08-09 Why are civilian populations targeted in modern wars despite laws and ethical claims insisting on civilian protections This book offers answers
