for our nation and its multi ethnic citizens *The Strange World of Human Sacrifice* Jan N. Bremmer,2007 The Strange World of Human Sacrifice is the first modern collection of studies on one of the most gruesome and intriguing aspects of religion The volume starts with a brief introduction which is followed by studies of Aztec human sacrifice and the literary motif of human sacrifice in medieval Irish literature Turning to ancient Greece three cases of human sacrifice are analysed a ritual example a mythical case and one in which myth and ritual are interrelated The early Christians were the victims of accusations of human sacrifice but in turn imputed the crime to heterodox Christians just as the Jews imputed the crime to their neighbours The ancient Egyptians rarely seem to have practised human sacrifice but buried the pharaoh s servants with him in order to serve him in the afterlife albeit only for a brief period at the very beginning of pharaonic civilization In ancient India we can follow the traditions of human sacrifice from the earliest texts up to modern times where especially in eastern India goddesses such as Kali were long worshipped with human victims In Japanese tales human sacrifice often takes the form of self sacrifice and there may well be a line from these early sacrifices to modern kamikaze The last study throws a surprising light on human sacrifice in China The volume is concluded with a detailed index *Southerners on Film* Andrew B. Leiter,2011-08-31 The representation of Southerners on film has been a topic of enduring interest and debate among scholars of both film and Southern studies These 15 essays examine the problem of Southern identity in film since the civil rights era Fresh insights are provided on such familiar topics as the redneck image transitions to modernity and the prevalence of the Southern gothic Other essays reflect the reinvigorated and expanding field of new Southern studies and topics include the transnational South the intersection of ethnicity and environment and the cultural significance of Southern identity outside the South *Screening the Sixties* Oliver Gruner,2016-09-17 This book provides a detailed and engaging account of how Hollywood cinema has represented and remembered the Sixties From late 1970s hippie musicals such as Hair and The Rose through to recent civil rights portrayals The Help and Lee Daniels The Butler Oliver Gruner explores the ways in which films have engaged with broad debates on America s recent past Drawing on extensive archival research he traces production history and script development showing how a group of politically engaged filmmakers sought to offer resonant contributions to public memory Situating Hollywood within a wider series of debates taking place in the US public sphere Screening the Sixties offers a rigorous and innovative study of cinema s engagement with this most contested of epochs **Roger Ebert's Movie Yearbook 2003** Roger Ebert,2002-12-02 Every single new Ebert review *GOING SOLO* James Voigt,2021-07-14 2 That nagging voice in your head is probably right I am not on a crusade to convince everyone to go solo My crusade is to reach those who want to go solo but are afraid to try to pull it off Jim Voigt had had the spirit of a solo professional from a young age starting his first business Corporate Start Ups at the age of 14 After a successful career in sales Jim turned to law and put his sales skills to work building a strong book of business But traditional employment never clicked and Jim longed for more freedom both financially and personally His transition to solo practice went well but he saw

other solo professionals struggle He wanted to help Going Solo is the result of his research into the struggles and successes of his own career and those professionals he met along his journey Jim now brings his practical message of the attainability of solo freedom to others who feel trapped in traditional firms or underperforming solo practices *Ryan Gosling - The Biography* Nick Johnstone,2017-05-04 Having starred on the children s variety show the Mickey Mouse Club in the early 90s Ryan Gosling has been on the path to fame alongside the leading actors of his age for many years However it was not until he played Noah in The Notebook that he was truly able to showcase his impressive ability to portray such depth of emotion as well as being the handsome Hollywood charmer Since The Notebook Gosling has gone on to star in a number of other hugely successful film such as The Ides of March The Place Beyond the Pines and The Big Short Yet most notably his recent role in La La Land has cemented his status as one of the greatest and most versatile actors of his generation La La Land was an international success earning 223 5 million as of 29th January 2017 The film received a staggering number of award nominations including 14 Academy Awards 7 Golden Globes in doing so it set the record for the most Golden Globes ever won by a single film
