Branches of the Vine: the Price of Admission O.M. Davis, 2012-12-29 Its all quiet now in cities like Birmingham Chicago Detroit New York and Newark where blacks once protested and rioted against their segregated conditions in the 1960s and women burned their bras during the Womens Liberation era in the 1970s But for five years O M Davis a pioneer in equal employment opportunity analyzed employment practices and wrote affirmative action plans for public and private sector clients throughout the United States This was concurrent with her CEO refusing to pay her comparable wages as whites and males citing that although qualified she had two strikes against her of being black and a woman One CEO stated that she had delusions of grandeur while the other

stated that she was ahead of her time From 1968 to 1999 O M Davis used the court of law to redress her fight with CEOs across race and gender lines for pay equity and inclusion Along the way she weaves in her enslaved Native American Cherokee ancestry a world conference of women and anecdotes of spiritual inspiration Davis cites the family as the key to her success In Branches of the Vine The Price of Admission she gives you an inside look at her story of inspiration embedded in her stable nuclear Christian family background which she accessed to function in today's society By looking deep within herself she interweaves her enslaved bloodline where her re imagination of past conditions empowers her with knowledge of unity and diversity As a contemporary woman whose world pivots on individualized systemic gender and race discrimination it also becomes the stuff on which she renders decisions in the business world There are certain basic truths that are so solid in the foundation of our being that it can become monumental for any era or new nu world order **Violence in the Lives**

1991 Columbia University's one thousand clerical workers launched a successful campaign for justice in their workplace This diverse union two thirds black and Latina three fourths women was committed to creating an inclusive movement organization and to fighting for all kinds of justice How could they address the many race and gender injustices members faced avoid schism and maintain the unity needed to win Sharon Kurtz an experienced union activist and former clerical worker herself was welcomed into the union and pursued these questions Using this case study and secondary studies of sister clerical unions at Yale and Harvard she examines the challenges and potential of identity politics in labor movements With the Columbia strike as a point of departure Kurtz argues that identity politics are valuable for mobilizing groups but often exclude members and their experiences of oppression However Kurtz believes that identity politics should not be abandoned as a component in building movements but should be reframed as multi identity politics In the end she shows an

approach to organizing with great potential impact not only for labor unions but for any social movement Pursuing Intersectionality, Unsettling Dominant Imaginaries Vivian M. May, 2015-01-09 Pursuing Intersectionality Unsettling Dominant Imaginaries offers a sustained interdisciplinary exploration of intersectional ideas histories and practices that no other text does Deftly synthesizing much of the existing literatures on intersectionality one of the most significant theoretical and political precepts of our time May invites us to confront a disconcerting problem though intersectionality is widely known acclaimed and applied it is often construed in ways that depoliticize undercut or even violate its most basic premises May cogently demonstrates how intersectionality has been repeatedly resisted misunderstood and misapplied provocatively she shows the degree to which intersectionality is often undone or undermined by supporters and critics alike A clarion call to engage intersectionality's radical ideas histories and justice orientations more meaningfully Pursuing Intersectionality answers the basic questions surrounding intersectionality attends to its historical roots in Black feminist theory and politics and offers insights and strategies from across the disciplines for bracketing dominant logics and for orienting toward intersectional dispositions and practices **The Christmas Countdown** Holly Cassidy, 2024-10-22 From the author of The Christmas Wager comes a charming holiday rom com about a young recently heartbroken woman who is tasked by her sister to complete Advent calendar challenges in the lead up to Christmas to reignite her belief in herself the holidays and love again She's given up on love and Christmas but fate has other plans All Callie wants for Christmas is to hibernate She's still reeling from being dumped by her childhood sweetheart and under no circumstances will she go home for the holidays considering her ex will be right next door with his new perfect partner Callie is officially in grinch mode but her meddling sister Anita won't let her give up on life love and Christmas quite so easily Anita stages a Christmas intervention for Callie with a homemade Advent calendar challenge cheerful tasks to push Callie out of her comfort zone and into the holiday spirit inspired by a childhood tradition Callie reluctantly plays along but when she comes face to face with a charming baker who just might be the spoonful of sugar she needs her strict rules on love and the holidays are tested As they strike a deal to do the activities together could the twenty-four little doors on Callie's Advent calendar not only open up one but two closed-off hearts *Big If: A Novel* Mark Costello, 2011-08-15 A scary funny novel a riff on recent history and the American obsession with assassination It's winter in New Hampshire the economy is booming the vice president is running for president and his Secret Service people are very very tense Meet Vi Asplund a young Secret Service agent mourning her dead father She goes home to New Hampshire to see her brother Jens a computer genius who just might be going mad and is poised to make a fortune on Big If a viciously nihilistic computer game aimed at teenagers Vi's America as she sees it in the crowds in her brother and in her fellow agents is affluent anxious and abuzz with vague fantasies of violence Through a gallery of vivid characters heroic ignoble or desperate Mark Costello's hilarious novel limns the strategies both sound and absurd that we conjure to survive in daily life *The Price of Admission: Branches of the Tree* O.M. journey outside the Bible South where he soul has been implanted with the spirits of her mother father an Old Testament God the image of Jesus Christ along with the wandering spirit of her enslaved ancestral Cherokee grandmother Her mother s spirit prevents her from committing murder suicide in the workplace She then is able to see that she is a part of the nu world order using the same tree on which Jesus Christ was crucified to free her as her knowledge frees others in gender and race games Further clarification comes from a world conference of women to find that not only she does know her rights and sues in court most women do not know that they have rights

Gender Talk Johnnetta B. Cole, Beverly Guy-Sheftall, 2009-01-16
 Why has the African American community remained silent about gender even as race has moved to the forefront of our nation s consciousness In this important new book two of the nation s leading African American intellectuals offer a resounding and far reaching answer to a question that has been ignored for far too long Hard hitting and brilliant in its analysis of culture and sexual politics Gender Talk asserts boldly that gender matters are critical to the Black community in the twenty first century In the Black community rape violence against women and sexual harassment are as much the legacy of slavery as is racism Johnnetta Betsch Cole and Beverly Guy Sheftall argue powerfully that the only way to defeat this legacy is to focus on the intersection of race and gender Gender Talk examines why the race problem has become so male centered and how this has opened a deep divide between Black women and men The authors turn to their own lives offering intimate accounts of their experiences as daughters wives and leaders They examine pivotal moments in African American history when race and gender issues collided with explosive results from the struggle for women s suffrage in the nineteenth century to women s attempts to gain a voice in the Black Baptist movement and on into the 1960s when the Civil Rights movement and the upsurge of Black Power transformed the Black community while sidelining women Along the way they present the testimonies of a large and influential group of Black women and men including bell hooks Faye Wattleton Byllye Avery Cornell West Robin DG Kelley Michael Eric Dyson Marcia Gillispie and Dorothy Height Providing searching analysis into the present Cole and Guy Sheftall uncover the cultural assumptions and attitudes in hip hop and rap in the O J Simpson and Mike Tyson trials in the Million Men and Million Women Marches and in the battle over Clarence Thomas s appointment to the Supreme Court Fearless and eye opening Gender Talk is required reading for anyone concerned with the future of African American women and men

Davis,2012-05

Davis describes her journey outside the Bible South where he soul has been implanted with the spirits of her mother father an Old Testament God the image of Jesus Christ along with the wandering spirit of her enslaved ancestral Cherokee grandmother Her mother s spirit prevents her from committing murder suicide in the workplace She then is able to see that she is a part of the nu world order using the same tree on which Jesus Christ was crucified to free her as her knowledge frees others in gender and race games Further clarification comes from a world conference of women to find that not only she does know her rights and sues in court most women do not know that they have rights **Half in Shadow** Shanna Greene Benjamin,2021-04-01

Nellie Y McKay 1930 2006 was a pivotal figure in contemporary American letters The author of several books McKay is best known for coediting the canon making Norton Anthology of African American Literature with Henry Louis Gates Jr which helped secure a place for the scholarly study of Black writing that had been ignored by white academia However there is more to McKay s life and legacy than her literary scholarship After her passing new details about McKay s life emerged surprising everyone who knew her Why did McKay choose to hide so many details of her past Shanna Greene Benjamin examines McKay s path through the professoriate to learn about the strategies sacrifices and successes of contemporary Black women in the American academy Benjamin shows that McKay s secrecy was a necessary tactic that a Black working class woman had to employ to succeed in the white dominated space of the American English department Using extensive archives and personal correspondence Benjamin brings together McKay s private life and public work to expand how we think about Black literary history and the place of Black women in American culture Anna Julia Cooper, Visionary Black Feminist Vivian M. May,2012-08-21

Vivian M May explores the theoretical and political contributions of Anna Julia Cooper a renowned Black feminist scholar educator and activist whose ideas deserve far more attention than they have received Drawing on Africana and feminist theory May places Cooper s theorizing in its historical contexts and offers new ways to interpret the evolution of Cooper s visionary politics subversive methodology and defiant philosophical outlook

Rejecting notions that Cooper was an elitist duped by dominant ideologies May contends that Cooper's ambiguity code switching and irony should be understood as strategies of a radical methodology of dissent May shows how across six decades of work Cooper traced history's silences and delineated the workings of power and inequality in an array of contexts from science to literature economics to popular culture religion to the law education to social work and from the political to the personal May emphasizes that Cooper eschewed all forms of mastery and called for critical consciousness and collective action on the part of marginalized people at home and abroad She concludes that in using a border crossing intersectional approach Cooper successfully argues for theorizing from experience develops inclusive methods of liberation and crafts a vision of a fundamentally egalitarian social imaginary
