Remembering Korea 1950 H. K. Shin, 2001-04-01 Hyung K Shin was sixteen years old when the North Korean army invaded South Korea in June 1950 Fleeing his home Shin soon found himself alone in Pusan a refugee without resources or any means of support To save himself from destitution he lied about his age and volunteered for service in the South Korean army Shin s account of the months that followed is a moving record of the Korean War from the perspective of an ordinary ROK soldier He recounts his hasty training and subsequent experiences as a battlefield soldier in North Korea as a guard in a prisoner of war camp and as a refugee again in the massive flight of civilians and ROK military personnel retreating before the onslaught of the Chinese invasion Through it all Shin struggles to retain his humanity and pursue his education In the process the naive schoolboy becomes a man Today Hyung K Shin is an internationally respected chemist but in the pages of this memoir he carries us back to Korea during a pivotal moment in that country s history This is the first account in English that describes the war from the perspective of a Korean who lived through and fought in it Shin s detailed and lively narrative is a stirring monument to the survival of human decency and kindness in the midst of terror cruelty despair and the destruction of a proud nation

The Korean War Remembered Michael J. Devine, 2023 Michael J Devine provides a fresh wide ranging and international perspective on the contested

memory of the 1950-1953 conflict that left the Korean Peninsula divided along a heavily fortified demilitarized zone. His work examines theaters of memory including literature, popular culture, public education efforts, monuments, and museums in the United States, China, and the two Koreas to explain how contested memories have evolved over decades and how they continue to shape the domestic and foreign policies of the countries still involved in this unresolved struggle for dominance and legitimacy. *The Korean War Remembered* also engages with the revisionist school of historians who, influenced by America's long nightmare in Vietnam, consider the Korean War an unwise U.S. interference in a civil war that should have been left to the Koreans to decide for themselves. As a former Peace Corps volunteer to Korea, a two-time senior Fulbright lecturer at Korean universities, and former director of the Harry S. Truman Presidential Library, Devine offers the unique perspective of a scholar with half a century of close ties to Korea and the Korean American community, as well as practical experience in the management of historical institutions. Korean Film and History Hyunseon Lee, 2023-09-15. Cinema has become a battleground upon which history is made, a major mass medium of the twentieth century dealing with history. The re-enactments of historical events in film straddle reality and fantasy, documentary and fiction, representation and performance, entertainment and education. This interdisciplinary book examines the relationship between film and history and the links between historical research and filmic representations of history, with special reference to South Korean cinema. As with all national film industries, Korean cinema functions as a medium of inventing national history and identity and also establishing their legitimacy in both forgetting the past and remembering history. Korean films also play a part in forging cultural collective memory. Korea, as a colonized and divided nation, clearly adopted different approaches to the filmic depiction of history compared to colonial powers such as Western or Japanese cinema. The Colonial Period (1910-1945) and Korean War (1950-1953) draw particular attention as they have been major topics shaping the narrative of nation in North and South Korean films. Exploring the changing modes, impacts, and functions of screen images dealing with history in Korean cinema, this book will be of huge interest to students and scholars of Korean history, film, media, and cultural studies. **Remembered Prisoners of a**

Forgotten War Lewis H. Carlson, 2025-06-25. *Remembered Prisoners of a Forgotten War* presents a devastating oral history of Korean War POWs. The Korean War POW remains the most maligned victim of all American wars. For nearly half a century, the media, general public, and even scholars have described hundreds of these prisoners as brainwashed victims who uncharacteristically caved in to their Communist captors or even worse as turncoats who betrayed their fellow soldiers. In either case, these boys apparently lacked the right stuff required of our brave sons. Here at long last is a chance to hear the true story of these courageous men in their own words, a story that until now has gone largely untold. Dr. Carlson debunks many of the popular myths of Korean War POWs in this devastating oral history that is as compelling and moving as it is

informative From the Tiger Death March to the paranoia here at home Korean POWs suffered injustices on a scale few can comprehend More than 40 percent of the 7 140 Americans taken prisoner died in captivity and as haunting tales of the survivors unfold it becomes clear that the goal of these men was simply to survive under the most terrible conditions Each survivor s story is a unique and personal experience from missionary teacher Larry Zeller s imprisonment in the death cells of P yongyang and his first encounter with the infamous killer known as The Tiger to Rubin Townsend s daring escape from a death march by jumping off a bridge in a blinding snowstorm From capture to forced marches isolation permanent camps and torture Remembered Prisoners of a Forgotten War is one of the most fascinating and disturbing books on the Korean War in years and a brutally honest account of the Korean POW experience in the survivors own words **A War Born**
