Remembrance of Patria Roderic H. Blackburn, Ruth Piwonka, 1988-01-01 How much of the Dutch world in America survived after the English One hundred years after the English took control of New Netherland in 1664 New York retained many Dutch characteristics The cultural milieu shifted abruptly however with population growth and increased affluence following the termination of the French and Indian Wars in 1760 British customs and tastes that were stylishly attractive to a new generation of moneyed colonists soon put Dutch culture in retreat in all but the most isolated areas Some elements of the past persisted in ways never dreamed of by the Dutch West India Company officials who oversaw their nation s colonization in America These include caucus politics separation of church and state neighborly evening visits on the stoop and Santa Claus Even more striking is the similarity between principles and practices that emerged in the Dutch Republic four centuries ago and some of the precepts on which the American republic was founded Much of the Dutch cultural and social history may be interpreted and understood through objects they brought with them and from those objects and structures they created in the New World This landmark volume originating in a major exhibit commemorating the tricentennial of the city of Albany uncovers the range of Dutch colonial experience in America through some 350 objects paintings furniture silver gold ceramics textiles prints drawings and architecture The result is a rare and remarkable glimpse of New Netherland a long ago world that continues to resonate today Roderic H Blackburn is an ethnologist and architectural historian who has held positions as Director of Research at Historic Cherry Hill Assistant Director of the Albany Institute of History and Art and Senior Research Fellow at the New York State Museum He is the author of *Dutch Colonial Homes in America* and *Great Houses of New England* Ruth Piwonka is the author of *A Portrait of Livingston Manor 1686 1850* and the coauthor with Roderic H Blackburn of *A Visible Heritage Columbia County New York A History in Art and Architecture*

Beverwijck Janny Venema, 2010-03-29 Winner of the 2004 Annual Archives Award for Excellence in Research Using the Holdings of the New York State Archives presented by the Board of Regents and the New State York Archives *Beverwijck* explores the rich history and Dutch heritage of one of North America s oldest cities Albany New York Drawing on documents translated from the colonial Dutch as well as maps architectural drawings and English language sources Janny Venema paints a lively picture of everyday life in colonial America In 1652 Petrus Stuyvesant director general of New Netherland established a court at Fort Orange on the west side of New York State s upper Hudson River The area within three thousand feet of the fort became the village of Beverwijck From the time of its establishment until 1664 when the English conquered New Netherland and changed the name of the settlement to Albany Beverwijck underwent rapid development as newly wealthy traders craftsmen and other workers built houses roads bridges and a school as well as a number of inns A well organized system of poor relief also helped less wealthy settlers survive in the harsh colonial conditions Venema s careful

research shows that although Beverwijck resembled villages in the Dutch Republic in many ways it quickly took on features of the new American society that was already coming into being Before the Melting Pot Joyce D. Goodfriend, 2021-01-12 From its earliest days under English rule New York City had an unusually diverse ethnic makeup with substantial numbers of Dutch English Scottish Irish French German and Jewish immigrants as well as a large African American population Joyce Goodfriend paints a vivid portrait of this society exploring the meaning of ethnicity in early America and showing how colonial settlers of varying backgrounds worked out a basis for coexistence She argues that contrary to the prevalent notion of rapid Anglicization ethnicity proved an enduring force in this small urban society well into the eighteenth century

Spaces of Enslavement Andrea C. Mosterman, 2021-10-15 In *Spaces of Enslavement* Andrea C Mosterman addresses the persistent myth that the colonial Dutch system of slavery was more humane Investigating practices of enslavement in New Netherland and then in New York Mosterman shows that these ways of racialized spatial control held much in common with the southern plantation societies In the 1620s Dutch colonial settlers brought slavery to the banks of the Hudson River and founded communities from New Amsterdam in the south to Beverwijck near the terminus of the navigable river When Dutch power in North America collapsed and the colony came under English control in 1664 Dutch descendants continued to rely on enslaved labor Until 1827 when slavery was abolished in New York State slavery expanded in the region with all free New Yorkers benefitting from that servitude Mosterman describes how the movements of enslaved persons were controlled in homes and in public spaces such as workshops courts and churches She addresses how enslaved people responded to regimes of control by escaping from or modifying these spaces so as to expand their activities within them Through a close analysis of homes churches and public spaces Mosterman shows that over the course of the seventeenth and eighteenth centuries the region's Dutch communities were engaged in a daily struggle with Black New Yorkers who found ways to claim freedom and resist oppression *Spaces of Enslavement* writes a critical and overdue chapter on the place of slavery and resistance in the colony and young state of New York

Women and Religion in Old and New Worlds Debra Meyers, Susan Dinan, 2014-06-11 This innovative collection brings together essays on women's religious experiences in both Europe and the Americas during the colonial era **Sojourner Truth's America** Margaret Washington, 2011-04-21 This fascinating biography tells the story of nineteenth century America through the life of one of its most charismatic and influential characters Sojourner Truth In an in depth account of this amazing activist Margaret Washington unravels Sojourner Truth's world within the broader panorama of African American slavery and the nation's most significant reform era Born into bondage among the Hudson Valley Dutch in Ulster County New York Isabella was sold several times married and bore five children before fleeing in 1826 with her infant daughter one year before New York slavery was abolished In 1829 she moved to New York City where she worked as a domestic preached

joined a religious commune and then in 1843 had an epiphany. Changing her name to Sojourner Truth she began traveling the country as a champion of the downtrodden and a spokeswoman for equality by promoting Christianity, abolitionism, and women's rights. Gifted in verbal eloquence, wit, and biblical knowledge, Sojourner Truth possessed an earthy, imaginative, homespun personality that won her many friends and admirers and made her one of the most popular and quoted reformers of her time. Washington's biography of this remarkable figure considers many facets of Sojourner Truth's life to explain how she became one of the greatest activists in American history, including her African and Dutch religious heritage, her experiences of slavery within contexts of labor, domesticity, and patriarchy, and her profoundly personal sense of justice and intuitive integrity. Organized chronologically into three distinct eras of Truth's life, *Sojourner Truth's America* examines the complex dynamics of her times, beginning with the transnational contours of her spirituality and early life as Isabella, and her embroilments in legal controversy. Truth's awakening during nineteenth-century America's progressive surge then propelled her ascendancy as a rousing preacher and political orator, despite her inability to read and write. Throughout the book, Washington explores Truth's passionate commitment to family and community, including her vision for a beloved community that extended beyond race, gender, and socioeconomic condition, and embraced a common humanity. For Sojourner Truth, the significant model for such communalism was a primitive, prophetic Christianity. Illustrated with dozens of images of Truth and her contemporaries, *Sojourner Truth's America* draws a delicate and compelling balance between Sojourner Truth's personal motivations and the influences of her historical context. Washington provides important insights into the turbulent cultural and political climate of the age, while also separating the many myths from the facts concerning this legendary American figure.
