Remington Handguns:

History of Remington Firearms Roy Marcot, 2005-06-01 The name Remington is synonymous with the history of the United States from the Civil War the two world wars and every skirmish in between to outlaws beyond the pale and the law enforcement officers hired to catch them The name is equally synonymous with hunting from casual afternoons plinking by a pond to deer hunting in Pennsylvania to hunting elk and antelope in the West The History of Remington Firearms follows the rise of the company from Eliphalet Remington's first handmade gun in 1816 to the dominance of the Remington factories during the early industrial era with lavish custom made pieces for heroes and statesmen with the triumph of the common man's gun and with the little 22 which became a part of so many childhoods It is also a history of innovation of the rush to create with the development of the first hammerless repeater the first slide action rifle advances in boring and revolutions in ammunition And the modern classics like the 870 pump action Wingmaster shotgun and the Model 700 bolt action rifle Complete with more than 150 full color photographs including designer drawings and pictures of the gun in use throughout history The History of Remington Firearm is a collector's edition for gun enthusiasts and historians alike

Pistols Jeff Kinard, 2004-11-23 The development of the pistol helped bring the age of the armored knight to an end provided the elite with a status symbol of dangerous glamour and inspired both artisans and industrialists to reach new heights of invention Pistols follows the evolution of personal sidearms in Europe the United States and Asia from medieval era hand cannons with their clunky ignition systems to the revolutionary Colt revolvers of the 19th century to the modern semiautomatic weapons of today Full of fascinating insights and details this work shows how pistols brought about the decline of knights in armor and ultimately replaced the sword on the battlefield The book also explores the pistol's astonishing democratization as it moved from being a luxury item of the nobility to standard issue for soldiers to a mass produced commodity and source of intensive corporate competition Along the way readers meet the many colorful characters often eccentric geniuses who devoted themselves to pistol development

Handbook of Handguns Jeffrey Strickland, 2013-04-25 In light of the 2nd Amendment debates

shooting may become the national passtime To act responsibly within the 2nd Amendment means knowing how to properly bear arms Knowing involves understanding firearm types firearm operation ammunition internal ballistics and shooting These require training especially shooting Whether you own or plan to own a handgun for recreation competition or self defense training is of the utmost importance When you fire a projectile bullet from a firearm you are responsible for where it goes You need to understand how fast it travels how far it can travel and how accurate your firearm is in delivering the projectile to your intended target Yes bearing arms is a right but not one to be taken lightly Firing a handgun is a grave responsibility and must be done correctly and with a full understanding of all the components that make up shooting

The Hand Gun Story John Walter,2008-06-30 A firearms expert traces the history of the one hand gun from its 14th century origins surveying changing technology techniques and design Midwest Book Review Ideally suited for both attack and self defense handguns have gotten smaller and deadlier But the earliest pistols had a tendency to misfire This was cured by the cap lock which proved a massive success in the American Civil War with hundreds of thousands of cap lock revolvers used on each side Self contained metal case cartridges were to bring a fundamental change to handgun design not only by allowing the introduction of revolvers that ejected automatically or were easily reloaded but also by paving the way for the automatic pistol World War I provided the handgun with a proving ground At the end of the hostilities with so much surplus weaponry work on the handgun could have ceased instead a new developmental phase was begun by the nations that had emerged from the crumbling Imperial empires During World War II the efficiency of well established designs was confirmed and new designs such as the Walther P 38 showed their potential The emergence of the submachine gun in 1945 reduced the status of the handgun but only temporarily The need for efficient self defense shows no signs of lessening and the rise in shooting for sport particularly with the revolver has sharpened the quest for efficiency The never ending search for advanced production techniques shows that the handgun has as much a future in the twenty first century as it had in the heyday of the Wild West or in the trenches of Passchendaele

Handgun Buyer's Guide Brad Fitzpatrick,2015-11-17 The one stop shop for prospective handgun buyers The market for new handguns is expanding rapidly and that s good news for consumers Each year more and more new models break cover and there has never been a better time to be in the market for a new handgun whether you re a recreational shooter a concealed carry permit holder a hunter or a serious competitive shooter Today s handguns offer superb machining and utilize some of the most technologically advanced alloys polymers and finishes to help make the current crop of handguns lightweight accurate durable and affordable This increase in product offerings stem from new interest in handguns primarily as a result of nationwide issuance of concealed carry permits As laws have been enacted that protect the rights of gun owners and defend our personal liberties more and more new shooters are showing up on the range But first time shooters and new concealed carry permit holders are not the only segment of the handgun market that is seeing growth and interest Pistol competitions have become more popular and more advanced evolving from slow fire matches at local gun clubs to modern IPSC IDPA and 3 gun competitions Handgun Buyer s Guide will help both the bewildered new shooter find their feet and purchase a handgun find the best accessories and locate a place to practice on
