Reminiscences of Sixty Years in Public Affairs Volume I George S. Boutwell,2018-08-15 Reminiscences of Sixty Years in Public Affairs Volume I Large Print By George S Boutwell At the request of my daughter and my son and by the advice of my friends the Honorable J C Bancroft Davis and the Honorable William A Richardson I am venturing upon the task of giving a sketch of my experiences in life during three fourths of a century The wisdom of such an undertaking is not outside the realm of debate A large part of my manhood has been spent in the politics of my native state and in the politics of the country For many years I have had the fortune to be associated with those in whose hands the chief powers were lodged I have been a witness of and in some cases an actor in events that have changed the character of the institutions and affected the fortunes of the country Those events and their consequences must in time disturb if they do not change the institutions of other countries We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant

literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience

The Impeachment of Andrew Johnson Chester G. Hearn,2015-08-13 While it is commonly known that Andrew Johnson was the first president to be impeached less well known are the circumstances that led to the unsuccessful campaign to remove him from office This account of Johnson s political life in Washington including brief coverage of his early career in Tennessee focuses on his conflict with the Radical Republicans a group of fanatical abolitionists who after Lincoln s assassination sought to dominate American government and punish the South as harshly as possible Johnson s focus on healing the nation and his refusal to submit to the Radicals demands led to his impeachment Though Johnson was acquitted his impeachment clearly illustrates the danger when one branch of government tries to dominate the others This chronicle of the first U S presidential impeachment covers in detail the political forces that nearly removed him from office Numerous illustrations a bibliography and an index are included

established by the American Founding Fathers The moment when the Republicans in the Reconstruction Congress remade the nation and renewed the law is in a class of rare events The Civil War should be seen in this light In From Oligarchy to Republicanism The Great Task of Reconstruction Forrest A Nabors shows that the ultimate goal of the Republican Party the war and Reconstruction was the same This goal was to preserve and advance republicanism as the American founders understood it against its natural existential enemy oligarchy The principle of natural equality justified American republicanism and required abolition and equal citizenship Likewise slavery and discrimination on the basis of color stand on the competing moral foundation of oligarchy the principle of natural inequality which requires ranks The effect of slavery and the division of the nation into two opposite systems of civilization are causally linked Charles Devens a lawyer who served as a general in the Union Army and his contemporaries understood that slavery's existence transformed the character of political society One of those dramatic effects was the increased power of slaveowners over those who did not have slaves When the slave state constitutions enumerated slaves in apportioning representation using the federal three fifths ratio or by other formulae intra state sections where slaves were concentrated would receive a substantial grant of political power for slave ownership In contrast low slave owning sections of the state would lose political representation and political influence over the state This contributed to the non slaveholders loss of political liberty in the slave states and provided a direct means by which the slaveholders acquired and maintained their rule over non slaveholders This book presents a shared analysis of the slave South synthesized from the writings and speeches of the Republicans who served in the Thirty Eighth Thirty Ninth or Fortieth Congress from 1863 1869 The account draws from their writings and speeches dated before during and after their service in Congress Nabors shows how the Republican majority charged with the responsibility of reconstructing the South understood the South Republicans in Congress were generally united around the fundamental problem and goal of Reconstruction They regarded their work in the same way as they regarded the work of the American founders Both they and the founders were engaged in regime change from monarchy in the one case and from oligarchy in the other to republicanism The insurrectionary states governments had to be reconstructed at their foundations from oligarchic to republican The sharp differences within Congress pertained to how to achieve that higher goal Lincoln's Sanctuary Matthew Pinsker,2003 Presents a portrait of Abraham Lincoln's stay at a small cottage on the grounds of the Soldiers Home during his presidency *The Mugwump Movement of 1884* Hermon K.
