Besieged Russell W. Blount, 2015-09-09 A particular strength of Blount's confident narrative is its measured thorough explanation of the events Blount's research is strong and his style lively a genuinely enjoyable battle book Blue their defenders were a ragtag band of soldiers holding on to fading strength determined to protect the city against all odds Their poignant defense of what was not only a battlefield but also their home front is as tragic as it was courageous Blount provides an eyewitness account that brings us into Mobile in the last months of the war and allows a glimpse of what it must have been like for both civilians and the soldiers charged with defending them *The Longest Siege* Russell W. Blount, Jr., 2021-08-26 During the Civil War control of the Mississippi River was hotly contested by both the Union and Confederate armies By late 1862 the South held only a 110 mile stretch of this vital waterway Determined to defend this critical span the Confederacy built two fortresses to defend it Vicksburg on the north end Port Hudson on the south Drawing on the letters and memoirs of soldiers and officers on both sides this book chronicles the brutal struggle for Port Hudson Louisiana beginning with Admiral Farragut's costly naval attack by the Union fleet through the furious infantry assaults ordered by General Nathaniel Banks including the first charge made by black troops in the Civil War and finally to the 48 day siege itself Among the most tragic campaigns of the war it is recognized by historians as the longest siege in American military history
