**Writing the Other** Mike Pincombe,2009-10-02 An international group of scholars working in early modern English literature and culture have been invited to reflect upon one of the most dynamic dialectics of the period the opposition between the concept human humanist humanism versus the concept barbarous barbarian barbarism The result is Writing the Other Humanism versus Barbarism in Tudor England The essays in this volume range widely across the literary and cultural field mapped out by this opposition thus revealing a rich multiplicity of voices and approaches to one of the fundamental processes by which self fashioning and also other fashioning operated during the Tudor reign The focus moves from England to North Africa to Hungary and to the New World in its panoramic display of the vast theatre in which identities were forged The volume as a whole demonstrates how the cultural OtherOther was as much invented as described forged in the sense perhaps of counterfeited during the early modern and especially the Tudor period This invention occasionally led to the demonisation of the object of its gaze at other times its rehumanisation sometimes we may detect evidence of a painful act of distortion and at others we see the purposeful and profitable creation of a self identityidentity with an eye on the rhetorical religious poetic national expectations of the readers in the new context of print culture But everywhere we witness the remarkable energy and fertility of the primary opposition which gives this collection its central theme

of that his true identity is Jewish But Joris son s gift as an artist exposes them to danger and his wife s discovery of a true Christian faith is very disturbing to him When the Spaniards lay siege to Leyden all their lives are in danger and intertwined and Pieter Lucas arrest as a spy pushed Aletta s fears to the overwhelming point In the blackest night will faith prove to be a citadel stronger than the sword

struggle contest inequality and power Whether because of its necessity pleasure or ubiquity the world of food and its lore proves endlessly fascinating to most people The story of food is a narrative filled with both human striving and human suffering However many of today s diners are only dimly aware of the human price exacted for that comforting distance from the lived world realities of food justice struggles With attention to food issues ranging from local farming practices to global supply chains this book examines how food s history and geography remain inextricably linked to sociopolitical experiences of trauma connected with globalization such as colonization conquest enslavement and oppression The main text is structured alphabetically around a set of 70 ingredients from almonds to yeast Each ingredient s story is accompanied by recipes Along with the food profiles the encyclopedia features sidebars These are short discussions of topics of interest related to food including automats diners victory gardens and food at world s fairs This project also brings a social justice perspective to its content weighing debates concerning food access equity insecurity and politics

**Boundless Innocence in Thomas Traherne's Poetic Theology** Elizabeth S. Dodd, 2016-03-16 The seventeenth century poet and divine Thomas Traherne finds innocence in every stage of existence He finds it in the chaos at the origins of creation as well as in the blessed order of Eden He finds it in the activities of grace and the hope of glory but also in the trials of misery and even in the abyss of the Fall Boundless Innocence in Thomas Traherne s Poetic Theology traces innocence through Traherne s works as it transgresses the boundaries of the estates of the soul Using grammatical and literary categories it explores various aspects of his poetic theology of innocence uncovering the boundless desire which is embodied in the yearning cry Were all Men Wise and Innocent Recovering and reinterpreting a key but increasingly neglected theme in Traherne s poetic theology this book addresses fundamental misconceptions of the meaning of innocence in his work Through a contextual and theological approach it indicates the unexplored richness complexity and diversity of this theme in the history of literature and theology

**Thy Father's Instruction** Naomi Feuchtwanger-Sarig, 2021-12-06 The Nuremberg Miscellany Germanisches Nationalmuseum N rnberg Bibliothek 8 Hs 7058 Rl 203 is a unique work of scribal art and illumination Its costly parchment leaves are richly adorned and illustrated with multicolour paint and powdered gold It was penned and illustrated in southern Germany probably Swabia in 1589 and is signed by a certain Eliezer b Mordechai the Martyr The Miscellany is a relatively thin manuscript In its present state it holds a total of 46 folios 44 of which are part of the original codex and an additional bifolio that was attached to it immediately or soon after its production The book is a compilation of various Hebrew texts most of which pertain to religious life Others are home liturgies Biblical exegeses comments on rites and customs moralistic texts homiletic and ethical discourses and an extensive collection of home liturgies its major part

being dedicated to the life cycle The unparalleled text compilation of the Nuremberg Miscellany on the one hand and the naïve untrained illustrations on the other hand are puzzling Its illustrations are hardly mindful of volume depth or perspective and their folk art nature suggests that an unprofessional artist possibly even the scribe himself may have executed them Whoever the illustrator was his vast knowledge of Jewish lore unfolds layer after layer in a most intricate way His sharp eye for detail renders the images he executed a valid representation of contemporary visual culture The iconography of the Nuremberg Miscellany with its 55 decorated leaves featuring 25 text illustrations falls into two main categories biblical themes and depictions of daily life both sacred and mundane While the biblical illustrations rely largely on artistic rendering and interpretation of texts the depictions of daily life are founded mainly on current furnishings and accoutrements in Jewish homes The customs and rituals portrayed in the miscellany attest not only to the local Jewish Minhag but also to the influence and adaptation of local Germanic or Christian rites They thus offer first hand insights to the interrelations between the Jews and their neighbors Examined as historical documents the images in the Nuremberg Miscellany are an invaluable resource for reconstructing Jewish daily life in Ashkenaz in the early modern period In a period from which only scanty relics of Jewish material culture have survived retrieving the pictorial data from images incorporated in literary sources is of vital importance in providing the missing link Corroborated by similar objects from the host society and with descriptions in contemporary Jewish and Christian written sources the household objects as well as the ceremonial implements depicted in the manuscript can serve as effective mirrors for the material culture of an affluent German Jewish family in the Early Modern period The complete Nuremberg Miscellany is reproduced in the appendix of this book

**Cellini's Perseus and Medusa and the Loggia dei Lanzi** Christine Corretti, 2015-05-19 Benvenuto Cellini's Perseus and Medusa one of Renaissance Italy's most complex sculptures is the subject of this study which proposes that the statue's androgynous appearance is paradoxical Symbolizing the male ruler overcoming a female adversary the Perseus legitimizes patriarchal power but the physical similarity between Cellini's characters suggests the hero rose through female agency Dr Corretti argues that although not a surrogate for powerful Medici women Cellini's Medusa may have reminded viewers that Cosimo I de' Medici's power stemmed in part from maternal influence Drawing upon a vast body of art and literature Dr Corretti concludes that Cellini and his contemporaries knew the Gorgon as a version of the Earth Mother whose image is found in art for Medici women
