Renaissance Antichrist Luca Signorelli's Orvieto Frescoes:

The Renaissance Antichrist Jonathan B. Riess, Luca Signorelli, 1995 A major monument Luca Signorelli's Orvieto Cathedral frescoes rendered with vigor and invective the most ambitious consideration of the Apocalypse and the Last Judgment in Italian Renaissance art In a fresh interpretation of these frescoes Jonathan Riess explores the intriguing violent style and complex iconography and places the works in their richly faceted historical setting Begun by Fra Angelico in 1447 and completed by Signorelli at the turn of the century the frescoes reflect the turmoil within the Papal States the suffering brought on by a surge of natural disasters the fear of the Turks and the anti Judaic campaigns of the day The book centers on the mural depicting the Rule of Antichrist the single monumental portrayal of the subject during the Renaissance and a revealing indicator of widespread apocalyptic obsessions Drawing on historical theological literary and artistic sources Riess examines the reasons behind the commissioning of the murals and considers the broad meaning of the program The Rule of Antichrist for example is seen as a summa of the doom laden worlds of Rome and Orvieto and as a blistering condemnation of the political realm Signorelli's references to Dante Virgil and Cicero and to contemporary theology and dramatic performances come into play as Riess interprets the monument as a representation of the struggle between a penitential Christianity and the forces of heresy and tyranny

The friars and Jews in the Middle Ages and Renaissance Susan E. Myers, Steven J. MacMichael, 2004 Historians some specializing in the Middle Ages some in religion and some in a particular European country describe the major areas scholars are working in with regard to the friars preaching to and writing about the Jews from the early days of the mendicant order about the turn of the 13th century to the 16th century Their topics include the Renaissance Self-portraiture Joanna Woods-Marsden, 1998-01-01 An exploration of the genesis and early development of the genre of self portraiture in Italy in the 15th and 16th centuries The author examines a series of self portraits in Renaissance Italy arguing that they represented the aspirations of their creators to change their social standing

Benozzo Gozzoli Diane Cole Ahl, Benozzo Gozzoli, Benozzo (di Lese), 1996-01-01 Providing a reassessment of Benozzo Gozzoli one of the most esteemed and prolific artists of the Renaissance this work focuses on the social and cultural context within which he worked The book provides stylistic and technical discussions of each of his major works Bramante's Tempietto, the Roman Renaissance, and the Spanish Crown Jack Freiberg, 2014-11-10 This groundbreaking book situates Bramante's Tempietto at the center of an arts program that exalted Spain's quest for Christian hegemony **Senses of Touch: Human Dignity and Deformity from Michelangelo to Calvin** Marjorie O'Rourke Boyle, 2021-10-11 Senses of Touch anatomizes the uniquely human hand as a rhetorical figure for dignity and deformity in early modern culture It concerns a valuational shift from the contemplative ideal as signified by the sense of sight to an active reality as signified by the sense of touch From posture to piety from manicure to magic the book discovers touch in a critical period of its historical development in anatomy and society It features new interpretations of two landmarks of western civilization Michelangelo's

fresco of the Creation of Adam and Calvin's doctrine of election. It also accords special attention to the typing of women as sensual creatures by using their hands as a heuristic. Its alternative interpretations explore in theory and in practice the sensuality, the creativity and the plain utility of hands, thus integrating biology and culture. The Grove Encyclopedia of Medieval Art and Architecture Colum Hourihane, 2012. This volume offers unparalleled coverage of all aspects of art and architecture from medieval Western Europe from the 6th century to the early 16th century. Drawing upon the expansive scholarship in the celebrated Grove Dictionary of Art and adding hundreds of new entries, it offers students, researchers and the general public a reliable up-to-date and convenient resource covering this field of major importance in the development of Western history and international art and architecture. The Sistine Chapel Ulrich Pfisterer, 2018. The art of the Sistine Chapel, decorated by artists who competed with one another and commissioned by popes who were equally competitive, is a complex fabric of thematic, chronological and artistic references. Four main campaigns were undertaken to decorate the chapel between 1481 and 1541, and with each new addition, fundamental themes found increasingly concrete expression. One overarching theme plays a central role in the chapel: the legitimization of papal authority, as symbolized by two keys, one silver, one gold, to the kingdom of heaven. The Sistine Chapel: Paradise in Rome is a concise, informative account of the Sistine Chapel. In unpacking this complex history, Ulrich Pfisterer reveals the remarkable unity of the images in relation to theology, politics and the intentions of the artists themselves, who included such household names as Botticelli, Michelangelo and Raphael. Through a study of the main campaigns to adorn the Sistine Chapel, Pfisterer argues that the art transformed the chapel into a pathway to the kingdom of God, legitimizing the absolute authority of the popes. First published in German, the prose comes to life in English in the deft hands of translator David Dollenmayer. **Freud's Italian Journey** Laurence Simmons, 2006-01-01. Freud's Italian Journey takes the psychoanalytical texts of Freud on the visual arts and literature as its objects for analysis. While the biographical figure of Freud appears throughout its pages, it is not simply a psychobiographical reading of Freud, his personal circumstances and their relationship to his texts. Rather, the processes of interpretation begun by Freud are turned on Freud himself, thus eventually displacing and questioning his theoretical mastery. Freud's Italian Journey also argues that Freud's interest in frequent journeys to and obsession with Italy profoundly shaped and informed his elaboration of psychoanalysis. The volume organizes its material around the major Italian cities which were the destinations of Freud's travel and the sites of the artworks he examined. Freud's many Italian holidays were crucial for his self-analysis and methodology, but it is also argued here that his papers on Italian subjects must be read as texts marked by fascination and allurements crossed with anxiety and resistance inscribed by memory and forgetting. Journeys to Italy heightened Freud's sense of the visual, and it is contended that the visual dimension of Freud's writing is crucial to an understanding of his elaboration of the theory of psychoanalysis. The relation between image and text is at the heart of Freud's analysis of works of art, as he founds a critical methodology in which the two are interrelated: image illustrating idea and idea needing to express

itself in image but neither finally resolvable into the other Thus the argument of Freud's Italian Journey follows as its model the famous elaboration of the fort da game by Freud moving back and forth between Freud's life and his texts between psychoanalytical and philosophical systems between the written and the visual This leads to the broader conclusion that Freud might provide the key to a new practice of criticism and a new way of seeing and understanding visual images

On Dangerous Ground Diane O'Donoghue, 2018-10-18 Winner of the 2019 Robert S Liebert Award established jointly by the Association for Psychoanalytic Medicine and the Columbia University Center for Psychoanalytic Training and Research In the final years of the 19th century Sigmund Freud began to construct evidence for the workings of an unconscious On Dangerous Ground offers an innovative assessment of the complex role that his encounters with visual cultures architecture objects from earlier cultural epochs antiquities paintings and illustrated books played in that process Diane O Donoghue introduces often using unpublished archival sources the ways in which material phenomena profoundly informed Freud's decisions about what would and would not constitute the workings of an inner life By returning to view content that Freud treated as forgettable as distinct from repressed O Donoghue shows us a realm of experiences that Freud wished to remove from psychical meaning These erasures form an amnesic core within Freud's psychoanalytic project an absence that includes difficult aspects of his life narrative beginning with the dislocations of his early childhood that he declared not worth remembering What is made visible here is far from the inconsequential surface of experience rather we are shown a dangerous ground that exceeds the limits of what Freud wished to include within his early model of mind In Freud's relation to visual cultures we find clues to what he attempted in crafting his unconscious to remove from sight

Picturing the Apocalypse Natasha O'Hear, Anthony O'Hear, 2015-06-26 The book of Revelation has been a source of continual fascination for nearly two thousand years Concepts such as The Lamb of God the Four Horsemen the Seventh Seal the Beasts and Antichrist the Whore of Babylon Armageddon the Millennium the Last Judgement the New Jerusalem and the ubiquitous Angel of the Apocalypse have captured the popular imagination One can hardly open a newspaper or click on a news web site without reading about impending financial or climate change Armageddon while the concept of the Four Horsemen pervades popular music gaming and satire Yet few people know much about either the basic meaning or original context of these concepts or the multiplicity of different ways in which they have been interpreted by visual artists in particular The visual history of this most widely illustrated of all the biblical books deserves greater attention This book fills these gaps in a striking and original way by means of ten concise thematic chapters which explain the origins of these concepts from the book of Revelation in an accessible way These explanations are augmented and developed via a carefully selected sample of the ways in which the concepts have been treated by artists through the centuries The 120 visual examples are drawn from a wide range of time periods and media including the ninth century Trier Apocalypse thirteenth century Anglo Norman Apocalypse Manuscripts such as the Lambeth and Trinity Apocalypses the fourteenth century Angers Apocalypse Tapestry fifteenth century

Apocalypse altarpieces by Van Eyck and Memling D rer and Cranach s sixteenth century Apocalypse woodcuts and more recently a range of works by William Blake J M W Turner Max Beckmann as well as film posters and stills cartoons and children s book illustrations The final chapter demonstrates the continuing resonance of all the themes in contemporary religious political and popular thinking while throughout the book a contrast will be drawn between those readers of Revelation who have seen it in terms of earthly revolutions in the here and now and those who have adopted a more spiritual otherworldly approach

Spectacle and Public Performance in the Late Middle Ages and the Renaissance, 2006-04-01 No volume about the spectacles and public performances of early modern England could pretend to treat comprehensively a body of materials so conspicuously vast Rather than efforts to survey the territory these essays are best understood in the original sense of the term as essays as trials attempts experiments to open alternative ways of understanding that vast corpus of mystery plays civic pageants court masques and professional dramas that constitute its subject The book crosses traditional period lines including studies of Medieval as well as Renaissance entertainments Once more the essays are not organized according to a single critical or historical methodology They employ an eclectic range of interpretive practices reflecting the variety of interpretive approaches now current in the field Contributors include Tiffany J Alkan Robert W Barrett Jr Sarah Beckwith Tom Bishop Peter Cockett Richard K Emmerson Peter Holland Nora Johnson Richard C McCoy Lauren Shohet and Robert E Stillman

Offenbarung Des Endtchrists Aus Dem Propheten Daniel (1524) Denis Kaiser, 2010-05 Seminar paper from the year 2008 in the subject Theology Historic Theology Ecclesiastical History grade 1 0 University of St Andrews Seventh day Adventist Theological Seminary course Protestant Theological Heritage language English abstract Statement of the Problem Andrews University holds in its Center for Adventist Research a considerable collection of tracts and pamphlets of the Reformation period Some of these writings still wait for a more thorough investigation than has been possible in the past One of these tracts that has not yet received the due attention is Martin Luther s Offenbarung des Endtchrists au dem Propheten Daniel wider Catharinum 1524 a German translation of the Latin Ad librum eximmii Magistri Nostri Magistri Ambrosii Catharini defensoris Silvestri Prieratis acerrimi responsio 1521 This book was written to Ambrosius Catharinus and deals with the prophecy of Dan 8 on the manifestation of the End Christ the eschatological Antichrist In the course of this paper I will refer to it simply as the Responsio This Streitschrift could however be especially interesting for Seventh day Adventists since their origin and message is undoubtedly connected to the interpretation of the prophecies of Daniel Purpose of the Research The aim of this study is to get a better understanding of the historical background of Luther s Responsio and how he interpreted the prophecies of Dan 8 in that book Further I want

to highlight parallels and diversities between Luther's approach and the Adventist approach to the prophecies of the Dan 8 Methodology First the primary and secondary sources will be examined in order to comprehend the historical setting in which the book was written as well as to identify the reasons for Luther to write his book Its reception will be recognized in its translation into other languages in the reaction of its recipient and of other contemporaries Second the content of the tract will be summarized Renaissance Andrew Graham-Dixon,1999 A history of Renaissance art placing the time in its historical and political context and arguing that the Renaissance grew out of the achievements of the medieval period

keep Luther in the Catholic fold Tommaso de Vio Cardinal Cajetan 1469 1534 was a multi faceted figure whose significance extends beyond those days in Augsburg In the 1520s he embarked on a labour of biblical commentary that occupied the final decade of his life producing over a million words of translation and commentary Offering an overview of this remarkable body of work Michael O Connor argues that Cajetan s motive was the renewal of Christian living more Catholic Reform than Counter Reformation and that his method was a bold and fresh hybrid of scholasticism and Renaissance humanism correcting the Vulgate s errors and expounding the text almost exclusively according to the literal sense
