Renaissance Festivals Of North America:

Renaissance Festivals of North America: California, Minnesota, Texas, Maryland, Kansas City, Colorado, Michigan, Florida, Georgia, Arizona Patrick M. Ryan,1990 **American/Medieval** Gillian R. Overing,Ulrike Wiethaus,2016-10-10 This volume offers a dialogue with and through the medieval informed by cultural categories of performativity and simultaneity in on line media architecture film poetry and social formations The articles depart from Medievalism Studies and attempt to answer questions such as How do medievalists artists writers and entertainment industries communicate replicate and evoke medieval formations How do national and transnational discursive fields relate to understandings of the medieval in its many unstable states Where are the communal memory sites and what functions do they serve for those who are associated with them Where are the medieval disjunctions and conjunctions of race ethnicity and time in a settler society And what do place nature and landscape have to do with it Handbook of Transatlantic North American Studies Julia Straub,2016-05-10 Transatlantic literary studies have provided important new perspectives on North American British and Irish literature They have led to a revision of literary history and the idea of a national literature They have changed the perception of the Anglo American literary market and its many processes of transatlantic production distribution reception and criticism Rather than dwelling on comparisons or engaging with the notion of influence transatlantic literary studies seek to understand North American British and Irish literature as linked with each other by virtue of multi layered historical and cultural ties and pay special attention to the many refractions and mutual interferences that have characterized these traditions since colonial times This handbook brings together articles that summarize some of the crucial transatlantic concepts debates and topics The contributions contained in this volume examine periods in literary and cultural history literary movements individual authors as well as genres from a transatlantic perspective combining theoretical insight with textual analysis **Directory of North American Fairs, Festivals, and Expositions** ,2000

Wines of Eastern North America Hudson Cattell,2013-12-24 In 1975 there were 125 wineries in eastern North America By 2013 there were more than 2 400 How and why the eastern United States and Canada became a major wine region of the world is the subject of this history Unlike winemakers in California with its Mediterranean climate the pioneers who founded the industry after Prohibition 1933 in the United States and 1927 in Ontario had to overcome natural obstacles such as subzero cold in winter and high humidity in the summer that favored diseases devastating to grapevines Enologists and viticulturists at Eastern research stations began to find grapevine varieties that could survive in the East and make world class wines These pioneers were followed by an increasing number of dedicated growers and winemakers who fought in each of their states to get laws dating back to Prohibition changed so that an industry could begin Hudson Cattell a leading authority on the wines of the East in this book presents a comprehensive history of the growth of the industry from Prohibition to today He draws on extensive archival research and his more than thirty five years as a wine journalist

specializing in the grape and wine industry of the wines of eastern North America The second section of the book adds detail to the history in the form of multiple appendixes that can be referred to time and again Included here is information on the origin of grapes used for wine in the East the crosses used in developing the French hybrids and other varieties how the grapes were named and the types of wines made in the East and when Cattell also provides a state by state history of the earliest wineries that led the way

Handbook of Medieval Culture. Volume 1 Albrecht Classen, 2015-08-31 A follow up publication to the Handbook of Medieval Studies this new reference work turns to a different focus medieval culture Medieval research has grown tremendously in depth and breadth over the last decades Particularly our understanding of medieval culture of the basic living conditions and the specific value system prevalent at that time has considerably expanded to a point where we are in danger of no longer seeing the proverbial forest for the trees The present innovative handbook offers compact articles on essential topics ideals specific knowledge and concepts defining the medieval world as comprehensively as possible The topics covered in this new handbook pertain to issues such as love and marriage belief in God hell and the devil education lordship and servitude Christianity versus Judaism and Islam health medicine the rural world the rise of the urban class travel roads and bridges entertainment games and sport activities numbers measuring the education system the papacy saints the senses death and money

Re-living the American Frontier Nancy Reagin, 2021-12-01 The historic and mythic elements of the American Old West covered wagon trains herds of buffalo teepee villages Indigenous warriors on horseback cowboys on open ranges and white settlers taming a wilderness with their plows and log cabins have exerted a global fascination for more than 200 years and became the foundation for fan communities who have endured for generations This book examines some of those communities particularly German fans inspired by the authors of Westerns such as Karl May and American enthusiasts of Laura Ingalls Wilder's Little House on the Prairie series But the Old West like all visions of the past proved to be shifting cultural terrain In both Germany and the U S Western narratives of white settlement were once seen as apolitical and were widely accepted by white people But during the Nazi period in Germany and in East Germany after 1945 the American West was reevaluated and politically repurposed Then during the late twentieth century understandings of the West changed in the U S as well while the violence of white settler colonialism and the displacement of Indigenous peoples became a flashpoint in the culture wars between right and left Reagin shows that the past that fans seek to recreate is shaped by the changing present as each new generation adapts and relives their own West
