Therese Southgate, 2011-03-17 The Art of JAMA Vol III contains selected covers from the Journal of the American Medical Association with accompanying essays that explore the background of the artists and the circumstances under which the work was completed followed by commentary on the work itself Selected and edited by Dr M Therese Southgate JAMA contributing editor **Index-catalogue of the Library of the Surgeon-General's Office, United States Army (Army Medical Library)** National Library of Medicine (U.S.), Army Medical Library (U.S.), 1937 The Art and Science of Healing Since Antiquity Daya Ram Varma, 2011-02-03 The English Catalogue of Books [annual] Sampson Low, 1927 Vols for 1898 1968 include a directory of publishers *Index Catalogue of the Library of the Surgeon-general's Office, United States Army (-United States Army, Army Medical Library; -National Library of Medicine).* Library of the Surgeon-General's Office (U.S.), 1948 **Psychic Research Quarterly** Charles Kay Ogden, 1926 Includes section Current literature Science & Culture , 2001 **The Publishers' Circular and Booksellers' Record** , 1929 **The Stylus and the Scalpel** Tommaso Gazzarri, 2020-09-21 Seneca s developed metaphors draw on what is known to describe the unknown They put hard ethical in highly accessible and often quite entertaining terms The present book provides a functional description of Seneca s dialectical relation between metaphorical language and philosophy It shows how Stoic philosophy finds a new means of expression in Seneca s highly elaborated rhetorical discourse and how this relates to the social and cultural demands of Neronian culture Metaphors are purposely utilized to work collectively rather than by category or type and that therefore the analysis of what metaphors do when Seneca chooses to combine them in clusters demonstrates the existence of a metanarrative of rhetoric This approach is fundamentally innovative and has the advantage of gauging the functioning of Senecan style as a whole rather than focusing on single features of its rhetorical functioning The main target is to show how philosophical preaching materially contributes to the healing of human soul because it shapes the individual s cognitive faculty in a way that is physical and not simply figurative The stylus and the scalpel blend in their functions This kind of therapy is not just the simulacrum of a more real one it is in itself medical in nature **Garrisoning the Borderlands of Medieval Siena** Anabel Thomas, 2016-12-05 Through a close study of local demographics and topographies this study considers patterns of piety charity and patronage and by extension

the development of art and architecture in Siena's southern contado during the thirteenth and fourteenth centuries Garrisoning the Borderlands of Medieval Siena describes Sant Angelo in Colle as a designated castello di frontiera under the Sienese Government of the Nine 1287-1355 against the background of Siena's military and economic buoyancy during the early fourteenth century At the same time mining thoroughly the Tax Record of 1320 and the Boundary Registration of 1318 and presenting a large number of individual records that have not been published before including wills tenancy agreements land exchange and sharecropping contracts the author constructs a portrait of the people buildings and surrounding countryside of Sant Angelo in Colle Finally adopting the methodological approach of first considering patterns of ownership of land and property in the context of identifying potential patrons of art the study considers patterns of piety and charity established in the early fourteenth century village and the extent to which these affected the development of the urban fabric and the embellishment of key buildings in medieval Sant Angelo in Colle **The Art of Classic Planning** Nir Haim

Buras, 2020-01-28 An accomplished architect and urbanist goes back to the roots of what makes cities attractive and livable demonstrating how we can restore function and beauty to our urban spaces for the long term Nearly everything we treasure in the world's most beautiful cities was built over a century ago Cities like Prague Paris and Lisbon draw millions of visitors from around the world because of their exquisite architecture walkable neighborhoods and human scale Yet a great deal of the knowledge and practice behind successful city planning has been abandoned over the last hundred years not because of traffic population growth or other practical hurdles but because of ill considered theories emerging from Modernism and reactions to it The errors of urban design over the last century are too great not to question The solutions being offered today sustainability walkability smart and green technologies hint at what has been lost and what may be regained but they remain piecemeal and superficial In *The Art of Classic Planning* architect and planner Nir Haim Buras documents and extends the time tested and holistic practices that held sway before the reign of Modernism With hundreds of full color illustrations and photographs that will captivate architects planners administrators and developers *The Art of Classic Planning* restores and revitalizes the foundations of urban planning Inspired by venerable cities like Kyoto Vienna and Venice and by the great successes of L'Enfant's Washington Haussmann's Paris and Burnham's Chicago Buras combines theory and a host of examples to arrive at clear guidelines for best practices in classic planning for today's world *The Art of Classic Planning* celebrates the enduring principles of urban design and invites us to return to building beautiful cities Reform before the

Reformation: Vincenzo Querini and the Religious Renaissance in Italy Stephen David Bowd, 2021-10-11 An important aspect of the Italian Renaissance was church reform This book examines the nature of that reform especially in Venice Florence and Rome as viewed through the unpublished manuscripts of a Venetian nobleman who became a Camaldolese hermit Vincenzo Querini 1478-1514 This book sets Querini's personal journey to reform in the context of Venetian society as well as against the backdrop of political crisis cultural revival and monastic renaissance in Italy generally Querini's attempt to reform

himself the Roman Catholic Church and the whole of Christendom are of interest to historians seeking to revise the chronology of early modern church reform since he employed a range of scriptural humanist conciliar monastic and mystical methods that had medieval antecedents but were also imitated by reformers after the Reformation      **The Perfect Genre** Kristin Phillips-Court, 2011 Through a combination of interpretive literary criticism art historical analysis and cultural and intellectual historiography Kristin Phillips Court offers detailed readings of individual plays juxtaposed with specific developments and achievements in the realm of painting Revealing more than historical connections between artists and poets such as Giorgione and Tasso Mantegna and Trissino or Michelangelo and Caro the author locates the history of Renaissance art and drama securely within the history of ideas      [Encyclopedia of the Harlem Renaissance](#) Aberjhani, Sandra L. West, 2003 Presents articles on the period known as the Harlem Renaissance during which African American artists poets writers thinkers and musicians flourished in Harlem New York      **Catalogue of the London Library, St. James Square, London.
