Despite our admiration for Renaissance achievement in the arts and sciences in literature and classical learning the rich and diversified philosophical thought of the period remains largely unknown This volume illuminates three major currents of thought dominant in the earlier Italian Renaissance classical humanism Petrarch and Valla Platonism Ficino and Pico and Aristotelianism Pomponazzi A short and elegant work of the Spaniard Vives is included to exhibit the diffusion of the ideas of humanism and Platonism outside Italy Now made easily accessible these texts recover for the English reader a significant facet of Renaissance learning
