This best selling book by Joseph Blase and Peggy C. Kirby, now in its third edition, provides the answers from the teachers themselves. New material in this revised edition compares the authors' original research findings with recent literature on transformational leadership, school productivity, and adult learning, as well as the ISLLC and ELCC standards. Such comparisons underscore the continued timeliness and timelessness of this teacher's eye view of effective school leadership. The book offers strategies and related practices that allow leaders to use the power of praise, influence others by using expectations, and involvement, encourage professional autonomy, lead by standing behind, suggest rather than direct, use formal authority positively.
