Renewing the Covenant Leonora Leet, 1999-03 A guide to how meditations and principles from the Kabbalah can be used to profoundly renew spiritual practice **Renewing the Covenant** Leonora Leet, 1999-03-01 A guide to how meditations and principles from the Kabbalah can be used to profoundly renew spiritual practice Reveals transformational meditations and visualization exercises based on the profoundest truths concealed in the Kabbalah The covenant that bound God to the Patriarchs in a special relationship of obligation and empowerment was renewed by God with Israel at Sinai and Moab Each of these three Jewish covenants can be associated with a particular spiritual practice the Patriarchal Covenant with Father Isaac s practice of meditation The Sinai Covenant of Holiness with the observance of the Sabbath required in its Ten Commandments and the Moab Covenant of Love comprising the entire Mosaic Torah with the practice of prayer instituted there In **Renewing the Covenant** Leonora Leet shows how this ladder of increasingly demanding and potent covenantal practices can enable one to ascend to ever higher levels of mystical Judaism At this threshold of a new millennium increasing numbers of people are seeking a more direct connection with the Divine To aid such a process **Renewing the Covenant** provides new paths for entering the treasurehouse of Jewish spirituality and achieving higher consciousness paths that can deepen the devotions of both nonobservant and traditionally observant Jews This process of covenant renewal begins with effective kabbalistic techniques of meditation combining mantra with visualization proceeds through the return to a reconstructed Sinai Sabbath and arrives at the culminating practice of ritual prayer whose performance can fulfill the kabbalistic purpose of creation When undertaken in the steps laid out by Dr Leet this process can help many to discover forms of spiritual practice precisely tailored for the modern world as well as a new appreciation for the rich spiritual heritage of Judaism **Judaism** Dan Cohn-Sherbok, 2017-03-27 This newly revised all encompassing textbook is a guide to the history beliefs and practice of Judaism Beginning with the ancient Near Eastern background it covers early Israelite history the emergence of classical rabbinic literature and the rise of medieval Judaism in Islamic and Christian lands It also includes the early modern period and the development of Jewry in the nineteenth and twentieth centuries Extracts from primary sources are used throughout to enliven the narrative and provide concrete examples of the rich variety of Jewish civilization Specially designed to assist learning **Judaism** Introduces texts and commentaries including the Hebrew Bible rabbinic texts mystical literature Jewish philosophy and Jewish theology Provides the skills necessary to understand these step by step with the help of a companion website Explains how to interpret the major events in nearly four thousand years of Jewish history Supports study with discussion questions on the central historical and religious issues and includes key reading for each chapter an extensive glossary and index Illustrates the development of Judaism its concepts observances and culture with maps photos paintings and engravings Links each chapter

The Kabbalistic Mirror of Genesis David Chaim Smith, 2015-09-17 A bold line by line reexamination of the first 3 chapters of Genesis that reveals the essential nature of mind and creativity Deconstructs each line of Genesis chapters 1-3 with esoteric methods derived from the oral teachings of the Kabbalah Reveals the sefirot the Tree of Life as the Divine blueprint of the creative process Explains how Genesis reveals the Divinity of mind and consciousness Hidden within the first three chapters of Genesis rests one of the greatest jewels of Western mystical literature For millennia religious literalism has dominated our understanding of the Bible imprisoning its subtle inner wisdom within the most coarse and superficial aspects of the narrative Generations have been led to believe that Genesis 1-3 is only a primitive proto cosmic history a mythological explanation of the human moral disposition a religious fairy tale But by accepting the text as pure kabbalistic metaphor the mystical content of Genesis springs forth revealing the Divine nature of creativity as well as a new understanding of the human mind Deconstructing each line of Genesis 1-3 with esoteric methods derived from the oral teachings of the Kabbalah David Chaim Smith reveals how the ten sefirot collectively known as the Tree of Life are not simply a linear hierarchy They are a unified interdependent whole with ten interactive functions forming the template through which creative diversity manifests Through acts of creation and creativity the mind expresses its Divine nature Through our Divine creative power we are able to touch upon Ain Sof the infinite the lifeblood of all creative expression Smith's line by line examination of Genesis 1-3 reveals a complete model not only of Divine creativity but also of the predicament of the human mind of the Divine nature of consciousness as well as our inability to recognize the mind's Divinity With this new interpretation which removes the concept of a Creator God we are able to transcend the contrasting notions of being and non being at the heart of conventional habits of perception and awaken a new mystical understanding of Unity and the fathomless depth of Divinity

The Kabbalah of the Soul Leonora Leet, 2003-03-25 Reveals the transformative spiritual work by which the soul can reach ever higher dimensions of consciousness Relates the soul levels of the Zohar to the various paths the soul may travel toward ultimate realization Introduces a new meditative technique called the Transformative Moment Throughout the history of the Jewish esoteric tradition humankind has been understood to play a pivotal role in the perfection of the cosmos uniting the finite with the infinite in the perfection of divine personality Working from an original synthesis of the major kabbalistic traditions of cosmology derived from the Bible the Zohar and the school of Isaac Luria Leonora Leet has erected a new framework for understanding the mechanism of the transformative spiritual work that enables the human soul to reach increasingly higher dimensions of consciousness This analysis extends the frontiers of Leet's prior works on the Kabbalah to provide a new illumination of human possibilities Leet first considers the false temptations of worldly power and pleasure that lead to the fall of the soul and then the means of its redemption She develops a powerful meditative technique called the Transformative Moment whose workings are exemplified by Jacob and

Joseph and that allow the individual to progress through all the higher levels of the soul even possibly to attain the miraculous powers of the legendary spiritual masters She further correlates the hierarchy of soul levels with Ezekiel's Throne vision to show the various paths the soul may travel toward self realization sex love power knowledge holiness and unification The first four paths relate to the four faced living creatures Chayot of Ezekiel's Throne vision the bull ox lion eagle and man The final two paths correlate to the prophet and the envisioned man on the throne he recognizes to be his divine higher self the knowledge that defines the secret doctrine of the whole of the Jewish mystical tradition culminating in the Kabbalah

The Secret Doctrine of the Kabbalah Leonora Leet,1999-08-01 A vast reconstruction of the knowledge of the ancient Jewish priest scientists with vital implications for contemporary spirituality and science Reveals an ancient science that used geometry sound and number to link the finite world of human experience with the infinite realm of the divine Uses teachings extending back thousands of years to explicate key concepts of quantum physics and quantum cosmology For centuries the Kabbalah has fascinated devotees of mysticism while its origins have remained obscure Now in her brilliant new work Leonora Leet reveals that the Kabbalah was the product of a sophisticated though largely forgotten Hebraic sacred science that was the rival of any in Egypt or Greece Not only does Leet reconstruct the secret teachings of the priest scientists of the Hebrew temple she also shows them to be the key to understanding both biblical and kabbalistic cosmology Unlike previous purely historical explorations of the Jewish esoteric tradition The Secret Doctrine of the Kabbalah resurrects this ancient body of knowledge to reveal eternal truths that can have a profound and positive impact on contemporary spirituality New experimental methods of practicing Hebraic sacred science are explored that explain as never before the meaning of the central cosmological diagram of the entire Western esoteric tradition the kabbalistic Tree of Life Leet shows that the Kabbalah and its central diagram enshrine a key to the purpose of the cosmos a key that has vast implications for modern physics and cosmology In a final synthesis she envisions a culmination in which the universe and its divine child perfected humanity achieve that unification of the finite and infinite which has ever been the secret doctrine of the Kabbalah

The Kabbalah Code James F. Morality, Violence, and Ritual Circumcision Na'ama Carlin, 2022-11-30 This book uses the Jewish ritual of circumcision to consider how violent acts are embedded within entrenched moral discourses and offers a new perspective for thinking about violence Intervening in contemporary debates on the Jewish ritual of circumcision it departs from both the ordinary secular defences of circumcision for medical reasons and the criticisms that consider it an unethical violation of bodies that cannot consent An examination of the intersection of violence and morality this book rejects the binary logic on which popular debates on circumcision hinge arguing that in some instances violence can be a productive experience and can thus be considered beyond good and bad Engaging with the works of Jacques Derrida the author puts forward a framework of violence of ontology which is characterised as a violence that is related to existence the violence of being which resists definition through binary oppositions In so doing the author contends that circumcision is in fact a form of generative violence that is leveraged for cultural purposes and inherent in the making of bodies As such this volume offers a compelling framework that investigates the relationship between bodies identities ethics and violence and will therefore appeal to scholars of sociology social theory and religion with interests in the sociology of the body ritual and cultural studies

The Universal Kabbalah Leonora Leet, 2004-09-29 Presents a new understanding of the laws of cosmic manifestation through the sacred geometry of the Sabbath Star diagram Explores three higher levels of

consciousness above the four worlds of the classical Kabbalah Reveals the mathematical code of the laws of all cosmic manifestation This landmark work by an innovative modern Kabbalist develops a scientific model for kabbalistic cosmology and soul psychology derived from the kabbalistic diagram of the Tree of Life and the author's own Sabbath Star diagram a configuration of seven Star of David hexagrams This geometric model begins with the four worlds of the classical Kabbalah which bring us to the present time and birthright level of the soul and is then expanded to three higher enclosing worlds or levels of evolving consciousness The Sabbath Star diagram therefore accommodates both the emanationist cosmology of the earlier Zoharic Kabbalah and the future orientation of the later Kabbalah of Isaac Luria The hexagram elements that construct each expansion of the Sabbath Star diagram configure the cosmic stages of each of its worlds The matrix that is produced by these construction elements configures the level of the multi dimensional soul that is correlated with each cosmic world In its final stage this model unites the finite and infinite halves of the Sabbatical world in a way that exemplifies the secret doctrine of the Kabbalah Not only does this work offer a new inclusive model for the Kabbalah but it also provides a basis for complexity theory with its final extrapolation to infinity The universality of this model is further shown by its applicability to such other domains as physics sociology linguistics and human history This universal model encodes the laws of all cosmic manifestation in terms that are particularly coherent with the formulations of the Kabbalah giving a mathematical basis to many aspects of this mystical tradition and providing a new synthesis of science and spirituality for our time that may well write a new chapter to the Kabbalah
